DHS 1.065 Children's long-term support parental payment limits. (1) AUTHORITY, PURPOSE AND SCOPE. (a) This section establishes a parental payment limit for certain children's long-term support services identified in this subsection. These provisions apply to all county administrative agencies that administer the services to which this section applies.

(b) This section applies to children's services of a type that may be reimbursed under a waiver under the disabled children's long-term support program as defined in s. 46.011 (1g), Stats., regardless of whether those services are actually reimbursed under that program, under the community integration program waivers under s. 46.275, 46.277 or 46.278, Stats., under the community options program waiver under s. 46.27 (11), Stats., or otherwise with federal, state or county funds.

(c) This section applies to services for children under the children's community options program under s. 46.272, Stats.

(2) DEFINITIONS. In this section:

(a) "County administrative agency" means the county department designated to administer and provide or contract for children's services covered by this section in that county.

(b) "Service plan" means a written plan for providing services covered by this section.

(3) DETERMINING PARENTAL PAYMENT LIMITS. The county administrative agency shall determine the parental payment limit for each child receiving services covered by this section. Notwithstanding s. DHS 1.03 (12) (c) and (21), the county administrative agency shall determine the parental payment limit for services covered by this section in the following manner:

(a) Determine the annual parental income. If the parents live in separate households and the child receiving services covered by this section resides in both households, determine a separate parental payment limit for each household.

(b) Subtract the higher of the following:

1. The department's standard disability allowance.

2. Allowable medical or dental expenses claimed for the child on schedule A of the parent's most recent internal revenue service tax form 1040 that was filed with the internal revenue service.

Note: The Internal Revenue Service (IRS) has a web-based guide to assist in identifying which expenses may be claimed to Schedule A of the 1040 form for allowable medical and dental expenses that would qualify as itemized deductions. Please see IRS Publication 502 at the following address <http://www.irs.gov/publications/p502/index.html>

Note: The Department's standard disability allowance can be found on the Department's website at <http://www.dhs.wisconsin.gov/children/clts/ppl/index.htm>.

(c) Determine the federal poverty level based on current federal poverty guidelines for the family size. If the parents live in separate households and the child resides in both households, determine the family size and federal poverty level for each household.

(d) Determine whether the income, adjusted as provided in under par. (b) is at or above 330% of the federal poverty level and identify the percentage of the annual service plan costs owed based on the most current Children's Long-term Support Parental Payment Limit Worksheet provided by the department. Use Table DHS 1.065 to determine the percentage of service plan costs for which the parents may be liable.
