Today @GovEvers announced more than \$132 million paid to local governments in the first installment of General Transportation Aids provided by the 2019-21 budget. Local gov's will get about \$521 million this year, a 10% increase over the last budget.

Hey, at some point are you going to have Counties start mowing ALL of the major highway right-of-ways? I'm not sure it's a good idea having large shrubs, saplings and trees growing only yards from the road, esp. with the very real possibility of vehicles sliding off the roads.
