Department of Health Services
Substance Use Disorder (SUD) Treatment in a Residential Setting

The State of Wisconsin reimburses providers for services provided to Medical Assistance recipients under the authority of Title XIX of the Social Security Act and ss. 49.43 to 49.47, Wisconsin Statutes. This program, administered by the State's Department of Health Services (the Department), is called Medical Assistance (MA) or Medicaid. In addition, Wisconsin has expanded this program to create the BadgerCare Plus programs under the authority of Title XIX and Title XXI of the Social Security Act and s. 49.471 of the Wisconsin Statutes. Federal statutes and regulations require that a state plan be developed that provides the methods and standards for reimbursement of covered services. A plan that describes the reimbursement system for the services (methods and standards for reimbursement) is in effect.

Change in Covered Services and Payment Methods

Recipients of services under Medical Assistance, BadgerCare, and BadgerCare Plus (recipients) can receive a range of substance use disorder (SUD) treatment services, including outpatient, intensive outpatient, medication-assisted treatment, inpatient, and medically supervised withdrawal services. The Department will add coverage for SUD treatment in a residential setting for recipients with moderate to severe SUD. Coverage will include both high intensity and low intensity levels of treatment, with placement based on the recipient's level of need. Treatment services will include individual counseling/therapy; group counseling/therapy; family counseling/therapy; psychoeducation; medication dispensing and administration; nursing services; case management; peer support services; recovery coaching.

Providers of SUD treatment services in a residential setting are required to use procedure code H0018 and include appropriate modifiers. All claims must include a modifier identifying the intensity level of the service: low intensity (TF) or high intensity (TG). Claims may also include one or more modifiers describing the member: member is an adolescent (HA), member is pregnant (HD), and member has intellectual disabilities (HI).

February 1, 2021 SUD Treatment Services in a Residential Setting Rates				
HCPCS	Modifier	Modifier Description	Base Reimbursement Rate	Additional Reimbursement Rate
H0018	TF*	Low Intensity	\$ 99.84	No Rate
H0018	TF HA**	Low Intensity and Member Is an Adolescent	No Rate	\$ 40.00
H0018	TF HD**	Low Intensity and Member Is Pregnant	No Rate	\$ 15.00
H0018	TF HI**	Low Intensity and Member Has Intellectual Disabilities	No Rate	\$ 15.00
H0018	TG*	High Intensity	\$ 221.87	No Rate
H0018	TG HA**	High Intensity and Member Is an Adolescent	No Rate	\$ 80.00
H0018	TG HD**	High Intensity and Member Is Pregnant	No Rate	\$ 30.00
H0018	TG HI**	High Intensity and Member Has Intellectual Disabilities	No Rate	\$ 30.00

* All claims must include a modifier identifying the intensity level of the service.
** Claims may also include one or more modifiers describing the member.

The change will be effective February 1, 2021, and will apply to claims with dates of service on or after that date. The change to Medicaid, BadgerCare, and BadgerCare Plus is projected to result in increased annual expenditures of \$43.5 million all funds (AF), composed of \$26.8 million federal match (FED) and \$16.7 million state funds/general purpose revenue (GPR).
