PROPOSED ORDER

An order of the Medical Examining Board to amend Med 13.02 (1g) and (1r) and 13.03 (3) (b) 2. and to create Med 13.02 (1v) and 13.03 (3) (b) 2m., relating to continuing medical education for physicians.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

Section 448.13, Stats.

Statutory authority:

Sections 15.08 (5) (b) and 448.40 (1), Stats.

Explanation of agency authority:

Section 15.08 (5) (b), Stats., provides an examining board “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .”

Section 448.40 (1), Stats., provides the Medical Examining Board “may promulgate rules to carry out the purposes of this subchapter, including rules requiring the completion of continuing education, professional development, and maintenance of certification or performance improvement or continuing medical education programs for renewal of a license to practice medicine and surgery.”

Related statute or rule:

Section 440.035 (2m), Stats., allows the Medical Examining Board to issue guidelines regarding best practices in prescribing controlled substances. Section 440.08 (2) (a) 58. and 58m., Stats., provide the credential renewal date for physicians is November 1 of each odd numbered year.

Plain language analysis:

Current rules require a physician who holds a U.S. Drug Enforcement Administration number to complete 2 of the 30 required hours of continuing medical education from a Board-approved educational course or program related to opioid prescribing. As this requirement applies only to the renewal date occurring on November 1, 2021, the proposed rules establish a requirement for the completion of continuing education hours related to responsible prescribing of opioids and other controlled substances for the renewal date occurring on November 1, 2023.

Summary of, and comparison with, existing or proposed federal regulation:

None.

Comparison with rules in adjacent states:

The rules do not require continuing education related to prescribing opioids or other controlled substances.

Michigan:
