DFI-CU 58.01 Commissions. Credit life and health and accident insurance sold in connection with credit union loans is directly related to the business of credit unions. In order to eliminate the possibility of a conflict of interest, the commissions on the sale of such insurance must be paid to the credit union and become a part of that credit union's gross income.

History: Cr. Register, April, 1970, No. 172, eff. 5-1-70; renum. from Bkg 58.01 to be CU 58.01, Register, August, 1972, No. 200, eff. 9-1-72.

DFI-CU 58.02 Disposition of commissions. Since

these commissions represent another form of credit union gross income, the credit union may not share the income with officers, directors, committee members or employees on a percentage basis. These individuals may not directly benefit from the sale of credit life and accident and health insurance sold to members in connection with credit union loans.
