Estimate of Implementation and Compliance to Businesses, Local Governmental Units and Individuals, per s. 227.137(3)(b)(1).<br>\$0                                                                                                                                                                                                                                                                                                          |                                               |
| 10. Would Implementation and Compliance Costs Businesses, Local Governmental Units and Individuals Be \$10 Million or more Over Any 2-year Period, per s. 227.137(3)(b)(2)?<br><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No                                                                                                                                                                                             |                                               |
| 11. Policy Problem Addressed by the Rule<br>On January 24, 2020, the Department of Justice, Drug Enforcement Administration published its final rule in the Federal Register removing 6-beta-Naltrexol from schedule II of the federal Controlled Substances Act.                                                                                                                                                                              |                                               |
| 12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments.<br>The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received. |                                               |
| 13. Identify the Local Governmental Units that Participated in the Development of this EIA.<br>None.                                                                                                                                                                                                                                                                                                                                           |                                               |
| 14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)<br>None.                                                                                                                                                                              |                                               |
| 15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule<br>The benefit is that the federal and state controlled substances acts will be uniform to avoid confusion. In addition it is in the best interest of Wisconsin citizens to exclude 6-beta-Naltrexol as a controlled substance.                                                                                                                              |                                               |
| 16. Long Range Implications of Implementing the Rule<br>The long range implications of implementing the rule will be to exclude 6-beta-Naltrexol as a schedule II controlled substance.                                                                                                                                                                                                                                                        |                                               |
| 17. Compare With Approaches Being Used by Federal Government<br>The federal government has excluded 6-beta-Naltrexol as a schedule II controlled substance.                                                                                                                                                                                                                                                                                    |                                               |
| 18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)<br>Illinois: Illinois has not excluded 6-beta-naltrexol from their schedule II controlled substances list.                                                                                                                                                                                                                               |                                               |

**ADMINISTRATIVE RULES**  
**Fiscal Estimate & Economic Impact Analysis**

Iowa: Iowa has excluded 6-beta-naltrexol from their schedule II controlled substances list [Iowa Administrative Code s. 124.206 (2) (a)].

Michigan: Michigan has not excluded 6-beta-naltrexol from their schedule II controlled substances list.

Minnesota: Minnesota has not excluded 6-beta-naltrexol from their schedule II controlled substances list.
