Analysis Prepared by the Department of Agriculture, Trade and Consumer Protection

**Statutes Interpreted:** ss. 93.07 (12), 93.07 (13), 94.01, 94.68 (2), 94.681, 94.685 (3), 94.703 (3), 94.704 (3), 94.73 (6), and 94.76, Stats.

**Statutory Authority:** ss. 93.07 (1), 93.07 (12), 93.07 (13), 94.01, 94.68 (2), 94.681, 94.685 (3), 94.70, 94.703 (3), 94.704 (3), 94.73 (11), 94.76, and 227.11 (2) (a), Stats.

*Explanation of Agency Authority*

The Department of Agriculture, Trade and Consumer Protection (department) has broad general authority, under s. 93.07 (1), Stats., to interpret laws under its jurisdiction. The department also has broad general authority, under ss. 93.07 (12) and (13), 94.01 (1), and 94.76 (1) Stats., to conduct surveys and inspections for the detection and control of injurious pests; and to make, modify, and enforce reasonable rules, including adoption of control measures necessary to prevent, suppress or control the introduction, establishment and spread of injurious pests.

The department has broad authority under s. 94.70, Stats., to regulate the sale and/or distribution of pesticides within the state, and authority under, ss. 94.68 and 94.681, Stats., to process license applications and issue licenses to pesticide manufacturers and labelers, and to collect fees and surcharges for their products. The department also has authority under s. 94.685, Stats., regarding the licensing of, and collection of fees from, dealers and distributors of restricted-use pesticides. Authority for licensing of commercial pesticide application businesses, and licensing of individual commercial pesticide applicators,

is given under ss. 94.703 and 94.704, Stats., respectively. Additional authority for changes to ss. ATCP 29.11, 29.15 (4), 29.20 (6), and 29.25 (5), are specified in language regarding ss. 94.681, 94.685(3)(a), 94.703 (3) (a), and 94.704 (3) (a), Stats., detailed in 2017 Wisconsin Act 59.

The department has broad authority under s. 94.73 (11), Stats., to promulgate rules to implement the Agricultural Chemical Cleanup Program (ACCP), and specifically under s. 94.73 (6), Stats., to specify amounts and formulas for reimbursements requested through the ACCP.

The department is proposing to adopt these rules, under authority of s. 227.11 (2) (a) (intro.), Stats., by the permanent rulemaking process.

### ***Related Statutes and Rules***

Chapter ATCP 21, Plant Inspection and Pest Control; ch. ATCP 29, Pesticide Use and Control; ch. ATCP 35, Agricultural Chemical Cleanup Program.

### ***Plain Language Analysis***

The department identified portions of s. ATCP 21.13 which are reportable as obsolete. Specifically, s. ATCP 21.13 (2) (c) 1. and 2., refer to outdated methods to certify that honeybees are European honeybees. Section ATCP 21.13 (3) is outdated because it requires a Varroa mite certification that hives are free of this pest. This rule is promulgated under s. 94.76 (1), Stats., which allows the department to issue such rules or orders or adopt such control measures which in its judgment may be necessary to prevent, suppress or control the introduction, spread or dissemination of honeybee diseases and pests in this state.

The department identified administrative code language in chs. ATCP 29 and ATCP 35 as obsolete or conflicting in our report filed with the Joint Committee for Review of Administrative Rules pursuant to s. 227.29, Stats. Section ATCP 29.10 (3) (c) 2. is unnecessary as it requires pesticide manufacturers and labelers applying for a license to include with an application a report that states the gross revenue of each pesticide product used in this state. 2017 Wisconsin Act 59 removed this requirement from s. 94.68 (2) (bm), Stats. Sections ATCP 29.11, 29.15 (4), 29.20 (6) and 29.25 (5) conflict with ss. 94.681, 94.685 (3) (a) 2., 94.703 (3) (a) 2., and 94.704 (3) (a) 2., Stats., due to changes in license fees by 2017 Wisconsin Act 59. Section ATCP 35.22 conflicts with s. 94.73 (6) (b) and (c), Stats., as 2017 Wisconsin Act 59 increased the maximum eligible reimbursement costs for eligible sites under the Agricultural Chemical Cleanup Program.

This proposed rule removes obsolete language and resolves statutory conflicts.

### ***Summary of, and Comparison with, Existing or Proposed Federal Statutes and Regulations***

The department is unaware of any existing or proposed federal language that would affect the proposed rule's technical changes.

### ***Summary of Comments Received during Preliminary Comment Period and at Public Hearing on Statement of Scope***

The Joint Committee for Review of Administrative Rules did not request a preliminary hearing on the scope; thus, the department did not hold a preliminary hearing on the scope.

### ***Comparison with Rules in Adjacent States***

Illinois: The proposed rule's technical changes are not applicable to Illinois rules or statutes.

Iowa: The proposed rule's technical changes are not applicable to Iowa rules or statutes.

Michigan: The proposed rule's technical changes are not applicable to Michigan rules or statutes.

Minnesota: The proposed rule's technical changes are not applicable to Minnesota rules or statutes.

### ***Summary of Factual Data and Analytical Methodologies***

The department identified portions of s. ATCP 21.13 as obsolete. The department identified administrative code language in chs. ATCP 29 and ATCP 35 as obsolete or conflicting in our report filed with the Joint Committee for Review of Administrative Rules pursuant to s. 227.29, Stats. This proposed rule modifies provisions in the rule to align with statute.

### ***Analysis and Supporting Documents used to Determine Effect on Small Business or in Preparation of an Economic Impact Analysis***

The proposed rule was posted on the department's website for economic comments for 14 days and comments received were incorporated into the final draft. This proposed order aligns chs. ATCP 21, 29, and 35 with ss. 93.07 (12), 93.07 (13), 94.01, 94.68 (2), 94.681, 94.685 (3), 94.703 (3), 94.704 (3), 94.73 (6), and 94.76, Stats., and therefore, does not have an effect on small businesses.

### ***Fiscal Estimate and Economic Impact Analysis***
