PSC 16.01 Common motor carriers; rate and tariff rules. Every common motor carrier shall comply with section PSC 16.02 through section PSC 16.07 which set forth rate and tariff rules for intrastate common motor carrier operations, unless otherwise specifically authorized by the commission.

PSC 16.02 Bills, freight. (1) Freight bills for each shipment handled shall be made and kept by the carrier showing the name and address of the carrier, consignor, and consignee; the origin and destination; the date of receipt by the carrier; the description by number of packages and commodity name; and the weight, rate, and charge.

(2) On traffic moving under joint rates, freight bills shall also show the point of interchange, the name of the connecting carrier, and the division of revenues between the joint carriers.

PSC 16.03 Classification, freight. The less-than-truck-load ratings, rules, and regulations of the National Motor Freight Classification shall govern the rating of traffic moving on class rates.

History: 1-2-56; am. Register, March, 1969, No. 159, eff. 4-1-69.

PSC 16.04 Distance formula. Distances for the application of class rates shall be determined by the use of the airline-distance principle as it appears in section PSC 16.36.

History: 1-2-56; am. Register, December, 1957, No. 24, eff. 1-1-58.

PSC 16.05 Rates, freight. (1) DEFINITION OF "SINGLE-LINE" AND "JOINT-LINE" RATES. (a) "Single-line rates" are rates applicable to "single-line operation," which is the movement by a single carrier of traffic originating and terminating at points served by that carrier.

(b) "Joint-line rates" are rates applicable to "joint-line operation," which is the movement of traffic where two or more carriers forming a through route, providing a line haul to each, participate in transportation over different segments of the through route to perform a complete service and to join in a combined total charge, or "joint rate," instead of requiring payment by the shipper of each carrier's individual rate.

(2) **DISTANCE FORMULA.** The single- and joint-line class rates prescribed by the Commission shall be based on airline distances computed as provided under Wis. Adm. Code section PSC 16.36, except that for common motor carrier rates, all municipalities located wholly or partially within Milwaukee County shall be considered as having Index No. 4541.

(3) **JOINT-LINE RATES APPLIED.** The joint-line rates shall be applicable between all points served by authorized common motor carriers via routes providing a line haul to each carrier participating in the joint transportation service, except that where a carrier is authorized to serve between the point of origin and the point of destination in single-line service, that carrier shall not be required to joint-line traffic with any other carrier, or carriers, between those points.

History: 1-2-56; am. (2), Register, December, 1957, No. 24, eff. 1-1-58; am. (2), Register, August, 1964, No. 104, eff. 1-1-65.

PSC 16.06 Tariffs, freight. (1) The joint-line less-than-truckload class rates shall be published by the carriers in a single joint-line tariff in which all common motor carriers shall participate by giving a proper concurrence or power of attorney to the publishing carrier or agent.

(2) The joint tariff shall:

(a) Provide for the determination of rates by the use of the airline-distance principle set forth in section PSC 16.36.

(b) List alphabetically all intrastate common motor carriers of property with their certificate numbers, and also numerically by carrier number.

(c) List all points on each carrier's certificated routes which the carrier can serve in either single-line or joint-line service.

(d) Show opposite each point the certificate or carrier number of the carrier or carriers authorized to serve such point; and, by symbol, indicate those carriers who can serve it in only joint-line service.

(e) Show the local authority restrictions and other pertinent operating information for each carrier participating in the tariff.

History: 1-2-56; am. (2) (a), Register, December, 1957, No. 24, eff. 1-1-58.

PSC 16.07 Payment of intrastate rates and charges. (1) Upon taking precautions deemed by them to be sufficient to assure payment of the tariff charges within the credit period herein specified, common carriers by motor vehicle may relinquish possession of freight in advance of the payment of the tariff charges thereon and may extend credit in the amount of such charges to those who undertake to pay them, such persons herein being called shippers, for a period of 7 days, excluding Sundays and legal holidays other than Saturday half-holidays. When the freight bill covering a shipment is presented to

the shipper on or before the date of delivery, the credit period shall run from the first 12 o'clock midnight following delivery of the freight. When the freight bill is not presented to the shipper on or before the date of delivery, the credit period shall run from the first 12 o'clock midnight following the presentation of the freight bill.

(2) Where a common carrier by motor vehicle has relinquished possession of freight and collected the amount of tariff presented by it as the total amount of such charges, and another freight bill for additional charges is thereafter presented to the shipper, the carrier may extend credit in the amount of such additional charges for a period of 30 calendar days, to be computed from the first 12 o'clock midnight following the presentation of the subsequently presented freight bill.

(3) Freight bills for all transportation charges shall be presented to the shippers within 7 calendar days from the first 12 o'clock midnight following delivery of the freight.

(4) Shippers may elect to have their freight bills presented by means of the United States mails, and when the mail service is so used the time of mailing by the carrier shall be deemed to be the time of presentation of the bills. In case of dispute as to the time of mailing, the postmark shall be accepted as showing such time.

(5) The mailing by the shipper of valid checks, drafts, or money orders, which are satisfactory to the carrier, in payment of freight charges within the credit period allowed such shipper, may be deemed to be the collection of the tariff rates and charges within the credit period for the purpose of this section. In case of dispute as to the time of mailing, the postmark shall be accepted as showing such time.

History: Cr. Register, February, 1957, No. 14, eff. 3-1-57.

PSC 16.30 Contract motor carriers (other than household goods carriers); rate and tariff rules. Every contract motor carrier (other than household goods carriers) shall comply with section PSC 16.31 through section PSC 16.35, which set forth rate and tariff rules, unless otherwise specifically authorized by the commission, and except as provided in section PSC 16.31.

History: 1-2-56; am. Register, October, 1957, No. 22, eff. 3-1-58.

PSC 16.31 Exemptions from rate and/or tariff rules. (1) Contract motor carriers are exempt from rate regulation and are not required to file rates or tariffs for the following operations:

- (a) Transporting unmanufactured products of farm and forest.
- (c) Transporting cheese from point of production to warehouses, concentration points, or processing plants; and the return of cheese factory supplies weighing not in excess of 1,000 pounds per shipment.
- (d) Transporting fluid milk, cream, ice cream mix, and whey.
- (e) Transporting livestock.
- (f) Transporting agricultural limestone, lime sludge, and marl.
- (g) Transporting ashes, asphalt mix, batch cement, cinders, clay, crushed stone, dirt, gravel, mine tailings, ore, redi-mix concrete, sand, sod, stone, lime, refuse, and waste sulphite liquor.
- (h) Transporting farm supplies or equipment directly to farms when the direction and control of shipment is vested in the farmer-consignee.

(i) Local cartage which takes place entirely within an area comprised of one municipality and municipalities contiguous thereto as well as local cartage wholly within the following described area: All of Milwaukee County; the cities of Brookfield and New Berlin and the villages of Butler, Elm Grove, Lannon, and Menomonee Falls, and the town of Brookfield, Waukesha County; and the city of Mequon and the village of Thiensville, Ozaukee County.

(j) Delivering merchandise from retail stores to purchasers incidental to retail sales.

(k) Towing used or disabled motor vehicles by wrecker.

(l) Transporting coin, currency, securities, negotiable and non-negotiable instruments, commercial papers, documents, written instruments, papers used in the processing of data by computing machines, punch cards, magnetic encoded documents, magnetic tape, punch paper, tape, printed reports, documents, office records, proofs, cuts, copy, photo engraving, exposed or processed film, prints, incidental film, dealers' supplies such as envelopes, labels, mountings, advertising, complimentary replacement of film, dental impressions, models and bites, articulators, dentures, and products relating to restorative dentistry. All of the aforesaid articles are to be transported in vehicles having a licensed gross weight of 8,000 pounds or less or in armored vehicles.

(m) Transporting cut flowers and potted plants.

(n) Transporting newspapers.

(2) Contract motor carriers are required to file their rates and tariffs but are exempt from rate regulation for the following operations:

(a) Transporting wool.

(b) Transporting automobiles and motor vehicles.

(f) Transporting commodities by motor vehicles used exclusively in the service of a single shipper or receiver over a period of not less than 13 weeks, subject to the following terms and conditions:

1. The "Dedicated Equipment" or "Exclusive Use" contract shall fully identify the equipment so dedicated setting forth make, type, and license or identification number.

For example:

"Johnbilt Tractor License No. 515"

"Audreybilt Trailer License No. 606"

2. No substitution of equipment shall be permitted except for replacement of the vehicle in the carrier's fleet.

3. Notice of any changes in equipment which are permitted as set forth in 2 above shall be mailed to the commission within 48 hours.

4. The billing statement of charges tendered to the shipper shall show thereon the complete identity of equipment actually used by make, type, and license or identification number, except in cases where the carrier's entire fleet is dedicated to a single shipper.

5. Failure to comply with the conditions set forth in paragraphs 1, 2, 3, and 4 will have the effect of nullifying the "Exclusive Use" contract during the billing period that the violation occurred. The carrier will be required to rebill and collect charges based on the normal rates it has on file with the commission. Normal rates are

defined as those rates applicable in the absence of an "Exclusive Use" contract.

6. Where no "normal rates" are now on file with the commission, the carrier will be required to file its "Normal Rates" in proper tariff form on or before 6 months from the date this section becomes effective. Failure to comply will result in the "Exclusive Contract" being returned to the carrier with notice to the shipper.

(3) Contract motor carriers are required to charge rates not less than the minimum rates prescribed but are not required to file their rates or tariffs for the following operations:

(a) Transporting heavy machinery or other cumbersome articles requiring special equipment and not handled in the course of repeated instances of transportation for the same shipper.

(b) Emergency and isolated instances of transportation referred to in section 194.34 (4), Wis. Stats.

History: 1-2-56; am. (2) (c), Register, October 1957, No. 22, eff. 3-1-58; cr. (1) (l), Register, May, 1963, No. 89, eff. 6-1-63; am. (1) (i), Register, September, 1964, No. 105, eff. 10-1-64; am. (1) (a), (c), (d), (f), (g), and (1); r. (1) (b); cr. (1) (m) and (n); r. (2) (c), (d) and (e), Register, March, 1969, No. 159, eff. 4-1-69; am. (1) (h), Register, August, 1969, No. 164, eff. 9-1-69; am. (2) (f), Register, April, 1970, No. 172, eff. 5-1-70; am. (1) (k), Register, November, 1970, No. 179, eff. 12-1-70.

PSC 16.32 Bills, freight. (1) Freight bills, or other documentary evidence, for each shipment shall be made and kept by the contract motor carrier showing the name and address of the carrier, consignor, and consignee; the origin and destination; the date of the shipment; the number and kind of pieces, packages, or other quantity units of freight comprising the shipment, together with a description of the commodities included; and the weight, rate and charge except for operations as outlined under Wis. Adm. Code section PSC 16.31 (1) and (2) (f). A billing statement which contains the following pertinent information may be issued as a form of documentary evidence in lieu of a freight bill:

- (a) Name and address of shipper and point of origin.
- (b) Name and address of consignee and point of destination.
- (c) Date of shipment.
- (d) Bill of lading or shipping manifest number.
- (e) Description of commodity.
- (f) Weight of shipment or other measure.
- (g) Applicable rate in cents per cwt., per ton, or per hour, or other unit.
- (h) Total charge per shipment.

(2) Such freight bills or documentary evidence thereof shall be carried, during the course of the transportation of such shipment, on the motor vehicle used for any shipment for which minimum rates have been prescribed. Either a bill of lading or shipping manifest (the manifest shall show the information set forth in section PSC 16.32 (1) (a), (b), (c), (d), and (e)) shall be considered as satisfactory evidence in lieu of a freight bill.

(3) Such freight bills and other documentary evidence, including voided freight bills and other documents, shall be serially numbered, and retained as a record of the carrier. The term "serially numbered" shall be construed to include shipper's manifest or bill of lading.

(4) All contract motor carriers shall maintain all shipping documents or manifests for all shipments combined to make a volume and

moved under a volume rate as a record in such manner as to facilitate the audit of the charges applied to such shipments.

History: 1-2-56; am. (1), Register, May, 1963, No. 89, eff. 6-1-63; am. (1), (2) and (3), Register, August, 1969, No. 164, eff. 9-1-69.

PSC 16.33 Rates,⁶ freight. All contract motor carriers shall maintain and apply rates and charges for transportation not lower than those prescribed by the commission as reasonable minima, except as provided in section PSC 16.31 (1) and (2).

PSC 16.34 Tariffs,⁶ freight. (1) All contract motor carriers shall keep on file with the commission in approved form a tariff or other written statement of the actual rates and charges applied to any intrastate transportation within Wisconsin except as provided in section PSC 16.31 (1) and (3). Such tariffs must be filed within 45 days after the effective date of any contract motor carrier license or amendment thereto unless the commission in writing and for good cause shown, extends such period. Failure to file and maintain such rates and tariffs shall be deemed sufficient grounds for alteration, amendment, suspension, or revocation of the authority.

(2) All contract motor carriers subject to section PSC 16.31 (2) (f) shall file with the commission a true and correct copy of every contract for the exclusive assignment of a motor vehicle to any single shipper or receiver for a period of 3 months or over and every contract for the transportation of commodities by a motor vehicle so assigned.

History: 1-2-56; am. (1), Register, February, 1970, No. 170, eff. 5-1-70.

PSC 16.35 Contract motor carriers of petroleum products in bulk in tank trucks; minimum rates; charges and regulations. (1) All contract motor carriers transporting petroleum products in bulk in tank trucks shall maintain and apply rates for such transportation not lower than the rates set forth in subsections (4) and (5) herein.

(2) Minimum rates and charges shall be determined in accordance with highway mileages computed from the official Wisconsin state highway log issued by the Wisconsin department of transportation division of highways, as specifically published in a table of distances by the Wisconsin motor carriers association (petroleum rate and tariff division) from points of origin to all points of destination in the state of Wisconsin as set forth in tariff No. P-101, subject to a minimum charge based on the applicable minimum rate and minimum quantities of:

- (a) 7,500 gallons—Group A commodities
- (b) 6,500 gallons—Group B commodities
- (c) 5,500 gallons—Group C commodities
- (d) 8,500 gallons—Group D commodities
at 60 degrees Fahrenheit

except that when a tank truck having a capacity of less than the aforesaid minimum quantities is furnished, the minimum loading required shall be the capacity of the tank truck furnished. In instances where the employment of certain tractors and trailers used make it impossible to load the above minimum gallonages due to highway weight limits, the actual gallonage loaded to full visible capacity will be in compliance with minimum quantities set forth

above. The carrier's tariff must specify equipment by its assigned number which are thus affected.

(3) Commodity groups are described as follows:

(a) *Group A* includes gasoline, jet fuel, and naphtha.

(b) *Group B* includes distillate fuel oil Nos. 1, 2, and 3 not suitable for illuminating purposes; distillate gas oil, diesel oil, furnace oil; kerosene, range oil; and refined oil, illuminating or burning.

(c) *Group C* includes asphalt; crude oil, fuel oil Nos. 4, 5, and 6, bunker C and residual; gas oil; and lubricating oil.

(d) *Group D* includes liquefied petroleum gas, not including butadiene, ethylene, or propylene.

(4) Minimum scale of petroleum rates in cents per gallon:

(5) "Around-the-clock" rates shall not be less than 97% of the rates set forth in subsection (4) herein, subject to the following condition: Carrier must be allowed continuous loading and unloading from 12:01 A. M. Monday until 11:59 P. M. Saturday either by the use of a key method of loading and/or unloading or by the loading or unloading at the carrier's convenience any time during the 24-hour period as requested as a delivery date.

PSC 16.36 Airline distance formula. (1) **DETERMINATION OF RATE BASE NUMBERS.** To arrive at airline distances represented by Rate Base Numbers, locate the index numbers appearing opposite the origin and destination stations on Pages 39-53, inclusive. Then subtract the smaller index number from the larger index number. The result will be the key number. Then opposite the key number on Pages 54-62, inclusive, locate the rate base number. For example, to find the rate base number applicable between Milwaukee and Madison, turn to Page 47, and the index number opposite Milwaukee is 4541, and on Page 46 the index number opposite Madison is 4529. Subtract 4529 from 4541 and the result or key number is 12. Turn to Page 54 and the rate base number opposite key number 12 is 10. The rate base number to apply to or from unnamed country locations not shown herein will be the rate base number to or from the nearest

point to or from which rate base numbers are named. When it is impossible to transport shipments via reasonably direct routes because of natural obstructions such as lakes and rivers, through rate base numbers shall be arrived at by adding together the two rate base numbers based on a point via which the shipment must be moved in order to cross or circle such hazards. The sum of such intermediate rate base numbers will result in the rate base number to be used in arriving at rates from origin to destination. For example, to arrive at rates from Oshkosh to Chilton determine the rate base number from Oshkosh to Menasha and the rate base number from Menasha to Chilton. Add these two rate base numbers together to determine the rate base number to be used in arriving at the rates to apply. When this rule is used to arrive at rates the name of the station via which the rates are figured must be shown on the shipping bill as a gateway point.

PSC 16.50 Contract motor carriers of used household goods and office furniture and equipment; rate and tariff rules. Every contract motor carrier transporting used household goods and office furniture and equipment for persons changing their places of residence or business shall comply with section PSC 16.51 through section PSC 16.55, which set forth rate and tariff rules, unless otherwise specifically authorized by the commission.

PSC 16.51 Definitions (for rate and tariff application only.) These definitions are for rate-making purposes only. They are not to be used for defining or interpreting the authority as issued under the carrier's contract motor carrier license.

(1) **COMMODITIES.** (a) "Used household goods" means used household goods, personal effects, equipment, and supplies of dwellings.

(b) "Used furniture, fixtures, and equipment" means the used furniture, fixtures, equipment, and other property when moved with such furniture, fixtures, and equipment of stores, offices, farms and other business establishments.

(2) **MOVING (FOR PERSONS CHANGING THEIR PLACES OF RESIDENCE OR BUSINESS).** (a) "Local moving" means the movement of commodities defined above performed entirely between 2 points subject to Rate Base No. 1 determined by the use of the airline-distance principle as it appears in section PSC 16.36. The term "local moving" shall also apply to and include operations where the movement is wholly within the following described areas:

1. a. All of Milwaukee county and
- b. The towns of Cedarburg, Grafton, and Mequon in Ozaukee county; Germantown in Washington county; Menomonee, Brookfield, New Berlin, and Muskego in Waukesha county; and Waterford, Nor-

way, Raymond, and Caledonia in Racine county and

c. Any incorporated municipalities formed from territory formerly the whole or a part of said towns.

2. The Madison Metropolitan Area includes the cities of Madison, Middleton, Monona, and Sun Prairie, the villages of Cross Plains, Maple Bluff, McFarland, Morrisonville, Shorewood Hills, De Forest, Waunakee, Verona, Dane, Cottage Grove, and Oregon, and the towns of Dane, Verona, Vienna, Windsor, Springfield, Westport, Burke, Middleton, Madison, Blooming Grove, Fitchburg, Dunn, Pleasant Springs, Cottage Grove, Sun Prairie, Bristol, and Cross Plains, all in Dane county.

(b) "Long distance moving" means the movement of commodities defined above other than local moving.

History: 1-2-56; am. (2) (a), Register, March, 1959, No. 39, eff. 4-1-59; cr. intro. par. am. (2) (a), Register, September, 1959, No. 45, eff. 10-1-59; am. (2) (a) intro. par.; renum. (2) (a) 1. 2. 3. to be (2) (a) 1. a. b. c.; cr. (2) (a) 2., Register, April, 1970, No. 172, eff. 5-1-70.

PSC 16.52 Bill of lading (freight bill). (1) (a) The carrier shall issue a bill of lading in triplicate for each and every shipment handled, one copy to be furnished to the shipper, one copy to be carried on the truck during transit and showing the information indicated in Wis. Adm. Code section PSC 16.52 (1a), and one copy to be retained in the carrier's records.

(b) All bills of lading shall be serially numbered, with all duplicates bearing the same serial number as the original.

(c) The carrier's copies of such bills of lading, whether used or spoiled, shall be kept and preserved by the carrier and open to inspection by any authorized representative of the commission.

(d) Such bills of lading shall show:

1. Name and address of the carrier;
2. Date of the movement;
3. Name and address of the shipper;
4. Name and address of the consignee;
5. Points of origin and destination and the applicable rate base between origin and destination;
6. Value per pound of the shipment as declared by the shipper;
7. Shipper's signature at the place on the bill of lading where the provisions for released value of the shipment (carrier's liability for loss and damage) are stated;
8. Signature of the carrier or authorized agent;
9. Rate and charge for transportation and the rate and charge for each and every service rendered for which the carrier has charges published and filed for accessorial services; and

10. Gross, tare, and net weight in connection with shipments moved by weight. The scale ticket showing gross, tare, and net weights shall be attached to the carrier's copy of the bill of lading, and retained as a record.

(1a) The bill of lading carried on the truck during transit shall be serially numbered and need provide only the information described in Wis. Adm. Code section PSC 16.52 (1) (d) 1., 2., 3., 4., 5., 6., 7., and 8.

(2) In connection with the local moving, the bill of lading shall also show the time the carrier left garage or office, the time of arrival at the shipper's premises to start the job, the time of the completion of the job, and the time of arrival back at garage or office, with a

notation showing the amount of time not chargeable, and an explanation as to why such time is not chargeable.

History: 1-2-56; am. (1), Register, August, 1960, No. 56, eff. 9-1-60; am. (1) and cr. (1a), Register, July, 1972, No. 199, eff. 8-1-72.

PSC 16.53 Rates, moving (other than for the United States governmental agencies). (1) **LOCAL** (a) *Definition.* Local moving rates shall apply on all local moving except that for United States governmental agencies and except where the weight of the shipment is less than 500 pounds.

(b) *Application of rates.* The hourly rates for local moving shall apply to:

1. The job time required in removing goods and loading on vehicle at premises from which goods are moved, in transportation between premises, and in unloading and placing goods at premises to which the goods are moved; and,

2. Actual driving time required in driving from carrier's office or garage to shipper's premises to start job and from shipper's premises to carrier's office or garage after completion of job, but not exceeding 15 minutes each way, except that in the Milwaukee metropolitan area as described in Wis. Adm. Code section PSC 16.51 (2) (a) 1., and in the Madison metropolitan area as defined in Wis. Adm. Code section PSC 16.51 (2) (a) 2., the maximum chargeable travel time shall not exceed 30 minutes each way.

(c) *Working hours.* The basic minimum hourly rates of charge shall apply to the regular working hours in regular working days and to overtime, Sundays, and holidays unless the tariff of the mover names other rates for overtime, Sundays, and holidays.

(d) *Packing and unpacking.* The basic minimum hourly rates of charge do not apply to packing and unpacking except as such service is given immediately in connection with the actual transportation between premises. Such service given separately from such transportation shall be in accordance with such rates as are named in the filed tariffs of the mover.

(e) *Use of special equipment.* The basic minimum hourly rates do not cover the furnishing by the mover of special hampers or cases for the packing of goods, or of block and tackle or other special equipment necessary to handle unusually heavy or bulky articles. Charges for the use of such hampers, cases, or other special equipment shall be in accordance with such rates as are named in the filed tariffs of the mover.

(f) *Pianos.* Unless additional rates are specifically provided in the tariffs of the mover, the basic hourly rates apply to the movement of a piano when included in the movement of a shipper's general household goods or office furniture and equipment. The basic hourly rates will also apply to the separate movement of a piano unless a specific rate is provided in the tariffs of the mover.

(2) **LONG DISTANCE.** (a) *Definition.* Long-distance moving rates shall apply on all long-distance moving other than for United States governmental agencies. (See *Note.*)

Note: The prescribed rates shall apply from, to, or between cities and/or villages of 2,000 or greater population, and between all other points unless other rates are filed in proper tariff form.

(b) *Distance formula.* Distances for the application of long-distance moving rates shall be determined by the use of the airline-distance principle as it appears in section PSC 16.36.

(c) *Determination of Shipment Weights.* 1. The weight for the computation of charges shall be the actual total net weight of a single shipment whether or not carried on one or more loads. All shipments upon which the rate is based on weight shall be weighed at point of origin or at the first available certified scale en route. The scale ticket shall show the gross, tare, and net weight. The tare weight shall be the weight of the vehicle with gas tank full and of all pads and hoisting and other equipment necessary for handling the shipment but not including the weight of the crew.

2. If no certified scale is available at time of movement at origin, destination, or en route, charges shall be computed on an estimated weight of 7 pounds per cubic foot applied to the number of cubic feet of space on the vehicle actually occupied by the shipment.

3. The bill of lading for a shipment moved on such estimated weight shall bear a notation to show that the weight is estimated and shall also show the time of completion of loading at point of origin and of commencement of unloading at point of destination.

4. In the transportation of part loads the requirements of the preceding subdivisions (1., 2., and 3.) shall apply in all respects except that the gross weight of the vehicle containing one or more part loads shall be used as the tare weight of such vehicles as to part loads subsequently loaded thereon.

(d) *Exclusive use of a single vehicle.* Where a shipper orders the exclusive use of a single vehicle, charges shall be based on the actual weight of the shipment subject to a minimum weight based on 7 pounds per cubic foot of total vehicle space, subject to the following conditions:

1. The bill of lading and freight bill shall be marked or stamped "EXCLUSIVE USE OF A SINGLE VEHICLE ORDERED BY SHIPPER, SHIPMENT MOVING AT WEIGHT OF _____ POUNDS. ACTUAL WEIGHT _____ POUNDS. SIZE OF VEHICLE USED _____ CUBIC FEET."

2. The number of cubic feet of van space shall be legibly displayed on each side of the vehicle used by the carrier in rendering service provided under this paragraph (d).

(e) *Application of rates.* Charges computed on the basic long-distance moving rates permitted by the commission shall be the only charges assessed on shipments except as additional charges may be provided for in the tariffs of the mover for the following services (each of such additional charges shall be shown as a separate item on the bill of lading for the shipment):

1. For the removal of goods from or to the third floor or higher where the main living or office quarters are so situated. Such charge shall not apply where there is a complete removal from or delivery to a single family dwelling or where freight elevator service is available for use.

2. For the handling of heavy or bulky articles necessitating the use of hoisting or rigging apparatus, and for labor for the handling, loading, and unloading of single articles weighing 1,000 pounds or over, furnished by the carrier on written request of the shipper.

Note: It is considered the obligation of the shipper to supply the extra man or men, for the handling of single articles weighing 1,000 pounds or over, but if at the written request of the shipper the extra man or men and the materials are supplied by the carrier, accessorial charge may be assessed therefor.

3. For risk assumed by mover on account of valuation declared by shipper in excess of 60 cents per pound.

4. For labor and materials furnished for packing or otherwise preparing goods for shipment to the extent ordinarily considered necessary for their safe transportation by motor truck van.

5. For extra labor or other extra costs resulting from delays, or charges for storing goods in warehouse occasioned by the failure of the shipper to notify the mover before the shipment is made of the inaccessibility, at the time of shipment, of the building to which delivery is to be made.

Note: The mover should be presumed to have knowledge of general highway conditions between cities and villages, but not of a condition of the local streets or highway giving immediate access to the building where delivery is to be made, or a condition on the premises which would make delivery impossible or unduly hazardous, or entail an unduly great expenditure of labor in the delivery of goods, from van to building.

6. For split pickup or split delivery or preliminary pickup of part of the shipment.

7. For pickup or delivery and for storage of shipments in transit in the warehouse of the carrier or its agent pending further transportation furnished only upon written request of the shipper.

8. For shipments originating and/or terminating in high labor cost areas, to-wit: the counties of Douglas, Dane, Kenosha, Milwaukee, Ozaukee, Racine, Washington, Waukesha, and St. Croix.

9. For loading and unloading shipments when the service is rendered at the shipper's written request after 6:00 P.M. on weekdays and on Saturdays, Sundays or holidays.

10. For elevator, stair and excessive carry charges involved in pickup or delivery.

11. For loading and/or unloading of bulky articles, namely; airplanes, automobiles, trucks, boats, farm tractors, snowmobiles, riding golf carts, trailers, campers, playhouses, tool sheds, utility sheds and any articles not ordinarily considered a household goods item.

12. Piano or organ carry charges.

PSC 16.54 Shipments moving at owner's risk; prohibited shipments. (1) The mover may refuse to handle except at the owner's risk, articles of jewelry, money, deeds, notes or other valuable papers, postage or revenue stamps, precious metals, stones or articles manufactured therefrom, or other articles of extraordinary value.

(2) The carrier may refuse to accept for shipment, except at owner's risk, refrigerators, deep-freeze cabinets, radios, record players, washing machines, television sets, or other articles requiring special servicing unless the shipper shall have had such articles properly serviced prior to loading.

(3) Explosives, acids, or other dangerous or corrosive substances, or articles of an offensive nature which may cause damage to property or

the mover's equipment, either packed separately or in containers with household goods, shall not be accepted under any circumstances.

PSC 16.55 Tariffs. (1) All contract motor carriers performing either local or long-distance moving under licensed authority shall keep on file with the commission in approved form a tariff showing the actual rates and charges applied to such services, and for any accessorial services offered to the extent permitted under Wis. Adm. Code section PSC 16.53 (2) (e) 1. through 12. Such tariffs must be filed within 45 days after the effective date of any contract motor carrier license or amendment thereto unless the commission in writing and for good cause shown, extends such period. Failure to file and maintain such rates and tariffs shall be deemed sufficient grounds for alteration, amendment, suspension or revocation of the authority.

(2) No carrier shall charge, demand, collect or receive a greater or less or different compensation for the service performed than that provided by the carrier's tariff legally established and filed with the public service commission.
