Analysis by the Legislative Reference Bureau

This bill expands the applicability of the room tax, makes a number of substantive and technical changes to the local room tax in the areas of collections, audits, and the exchange of information between local governments and the Department of Revenue, establishes a common tax base between the sales tax and the room tax, and authorizes a municipality (city, village, or town) to impose a forfeiture of up to \$200 per day on a marketplace provider (a person who facilitates a retail sale by a seller by listing or advertising, to the extent that the marketplace

provider facilitates the sale or furnishing of rooms, lodging, or other accommodations to transients) that does not timely file a required room tax return to the municipality or pay the required tax. The maximum forfeiture that may be imposed for any year is \$20,000, and a forfeiture that is imposed may be appealed to the municipality which imposed it. The municipality may waive the forfeiture.

Currently, the room tax may be imposed by a municipality or a local exposition district on the privilege of furnishing rooms or lodging to transients by hotelkeepers, motel operators, lodging marketplaces, and other persons who furnish such accommodations. Under the bill, the room tax may be imposed by a municipality or district on the sales price from selling or furnishing rooms or lodging to transients by hotelkeepers, motel operators, and others. 2019 Wisconsin Act 10 in effect requires lodging marketplaces to collect and remit sales taxes from third parties.

Under this bill, for transactions that occur through a marketplace provider, the marketplace provider generally collects any room tax due from a marketplace seller (a seller who sells products through a physical or electronic marketplace operated by a marketplace provider), and forwards it to the municipality on a quarterly basis, along with a form prepared by DOR. Annually, beginning before January 1, 2021, DOR is required to post on its website the name of each municipality that imposes a room tax, and the rate of each room tax.

Under current law, to enforce the collection of a room tax imposed by a municipality or district, if such entities have probable cause to believe that the correct amount of room tax has not been assessed or that a room tax return is incorrect, they may inspect and audit the financial records of any person subject to the room tax. Under the bill, to perform such room tax enforcement, a municipality or district may inspect and audit tax-related records of a person subject to the room tax.

The technical changes made by the bill include the following:

1. Requires counties to provide DOR with the complete county tax roll.
2. Applies to the room tax a number of definitions that currently apply to the general sales and use tax.
3. Except as provided above for marketplace providers, clarifies that persons who are subject to the room tax must file a room tax return in the manner and form, and within the time, prescribed by a municipality. The municipality may require such persons to provide certain specific information with the return.
4. Authorizes a municipality or district performing an audit related to the room tax to conduct joint audits with other such entities and to exchange audit information with DOR and any municipality that took part in the joint audit.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
