4 utility application for certificate of authority or approval of lead service line
5 financial assistance is filed.

Analysis by the Legislative Reference Bureau

This bill provides deadlines for certain Public Service Commission actions after a water public utility or a combined water and sewer public utility submits an application for a certificate of authority and after a water public utility submits an application for approval of lead service line financial assistance.

Current law generally requires public utilities to obtain a certificate of authority from PSC before engaging in certain construction, installation, or improvement projects. Also under current law, a water public utility seeking to provide financial assistance to the owner of a property to which water utility service is provided for the purpose of assisting the owner in replacing customer-side water service lines containing lead (LSL assistance) must apply to PSC for approval. Under this bill, no later than 45 days after a water public utility or a combined water and sewer public utility files an application for a certificate of authority or after a

water public utility submits an application for approval of LSL assistance and no later than 30 days after such an application is refiled, PSC must determine whether the application is complete and notify the applicant in writing about that determination. If PSC determines an application is incomplete, the notice must identify all parts of the application PSC has determined to be incomplete and state the reasons for the determination. In that case, the applicant may supplement and refile the application an unlimited number of times. If PSC fails to determine whether an application is complete within the 45-day or 30-day time limit, whichever applies, the bill provides that the application is considered complete. Under the bill, PSC must take final action on an application within 180 days after the application is determined to be complete if a hearing is held or, if no hearing is held, within 90 days after the application is determined to be complete.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
