12 (2m) (b), 440.08 (3m), 440.20 (6), 446.025 (3) (a) 2. and 446.026 (3) (a) 2. of the
13 statutes; **relating to:** renewal dates and continuing education requirements
14 for certain credentials issued by the Department of Safety and Professional
15 Services and credentialing boards, the nursing workforce survey, and granting
16 rule-making authority.

This substitute amendment differs from 2023 Assembly Bill 204 in the following respects:

1. Under the bill, renewal periods for credentials are changed from every two years to every four years, and continuing education is then required to be completed on a four-year basis instead of a two-year basis. To account for the longer renewal period, for continuing education requirements where specific numbers of hours are specified in the statutes, the number of hours is doubled. The bill grants emergency rule-making authority to the Department of Safety and Professional Services and credentialing boards, to allow them to modify their rules as needed to account for the change in renewal periods, including to modify continuing education requirements where specific numbers of hours are not specified in the statutes and are instead set by rule.

Under the substitute amendment, for continuing education requirements where specific numbers of hours are specified in the statutes, continuing education

continues to be required on a two-year basis, notwithstanding the change of renewal periods from two years to four years. The substitute amendment provides that DSPS or the interested examining board or affiliated credentialing board may 1) impose discipline for a failure to meet continuing education requirements and may specify makeup continuing education requirements that must be completed in order to maintain a credential or to restore it to good standing and may 2) allow the holder of a credential who fails to complete continuing education requirements within a required period to complete such makeup requirements in order to be able to renew the credential, notwithstanding the failure. The substitute amendment retains the provision described above granting emergency rule-making authority.

2. Current law requires all registered nurses and licensed practical nurses, when renewing their licenses, to complete a nursing workforce survey developed by the Department of Workforce Development. DWD is required to compile, process, and evaluate the survey results and submit a report of its findings to various specified recipients. Current law also requires all nurses to pay a nursing workforce survey of \$4 when renewing their licenses, moneys which are used to fund the survey costs and a nursing grant.

The substitute amendment makes completing the survey and paying the fee optional and instead requires the Board of Nursing to provide all registered nurses and licensed practical nurses an opportunity to complete the survey and pay the fee.

3. The substitute amendment codifies into statute the number of hours of continuing education required for real estate brokers and salespersons and for real estate appraisers.

4. The substitute amendment provides for a six-month delayed effective date, instead of the three-month delayed effective date specified in the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
