11 under sub. (1), the board shall determine whether to conduct an affordability
12 review for each identified prescription drug product by seeking stakeholder input
13 about the prescription drug product and considering the average patient cost share
14 of the prescription drug product.

15 (b) The information used to conduct an affordability review under par. (a) may
16 include any document and research related to the manufacturer's selection of the
17 introductory price or price increase of the prescription drug product, including life

2 prescription drug product under sub. (2), the board shall determine whether use of
3 the prescription drug product that is fully consistent with the labeling approved by
4 the federal food and drug administration or standard medical practice has led or
5 will lead to an affordability challenge for the health care system in this state,
6 including high out-of-pocket costs for patients. To the extent practicable, in
7 determining whether a prescription drug product has led or will lead to an
8 affordability challenge, the board shall consider all of the following factors:

9 (a) The wholesale acquisition cost for the prescription drug product sold in
10 this state.

11 (b) The average monetary price concession, discount, or rebate the

16 manufacturer provides to each pharmacy benefit manager for the prescription drug
17 product under review, as reported by the manufacturer and pharmacy benefit
18 manager and expressed as a percentage of the wholesale acquisition cost.

19 (d) The price at which therapeutic alternatives to the prescription drug
20 product have been sold in this state.

12 product in this state.

13 (k) Any information a manufacturer chooses to provide.

14 (L) Any other factors as determined by the board by rule.

15 (4) UPPER PAYMENT LIMIT. (a) If the board determines under sub. (3) that use
16 of a prescription drug product has led or will lead to an affordability challenge, the
17 board shall establish an upper payment limit for the prescription drug product after
18 considering all of the following:

19 1. The cost of administering the drug.

20 2. The cost of delivering the drug to consumers.

21 3. Other relevant administrative costs related to the drug.

22 (b) For a prescription drug product identified in sub. (1) (b) or (d) 2., the board
23 shall solicit information from the manufacturer regarding the price increase. To

1 the extent that the price increase is not a result of the need for increased
2 manufacturing capacity or other effort to improve patient access during a public
3 health emergency, the board shall establish an upper payment limit under par. (a)
4 that is equal to the cost to consumers prior to the price increase.

5 (c) 1. The upper payment limit established under this subsection shall apply
6 to all purchases and payor reimbursements of the prescription drug product
7 dispensed or administered to individuals in this state in person, by mail, or by other
8 means.

9 2. Notwithstanding subd. 1., while state-sponsored and state-regulated
10 health plans and health programs shall limit drug reimbursements and drug
11 payment to no more than the upper payment limit established under this
12 subsection, a plan subject to the Employee Retirement Income Security Act of 1974
13 or Part D of Medicare under 42 USC 1395w-101 et seq. may choose to reimburse
14 more than the upper payment limit. A provider who dispenses and administers a
15 prescription drug product in this state to an individual in this state may not bill a
16 payor more than the upper payment limit to the patient regardless of whether a
17 plan subject to the Employee Retirement Income Security Act of 1974 or Part D of
18 Medicare under 42 USC 1395w-101 et seq. chooses to reimburse the provider above
19 the upper payment limit.

20 (5) PUBLIC INSPECTION. Information submitted to the board under this
21 section shall be open to public inspection only as provided under ss. 19.31 to 19.39.

22 (6) NO PROHIBITION ON MARKETING. Nothing in this section may be construed
23 to prevent a manufacturer from marketing a prescription drug product approved by

1 the federal food and drug administration while the prescription drug product is
2 under review by the board.

3 (7) APPEALS. A person aggrieved by a decision of the board may request an
4 appeal of the decision no later than 30 days after the board makes the
5 determination. The board shall hear the appeal and make a final decision no later
6 than 60 days after the appeal is requested. A person aggrieved by a final decision of
7 the board may petition for judicial review in a court of competent jurisdiction.
