Tax credit for installing universal changing stations

This bill creates an income and franchise tax credit for small businesses that install universal changing stations. Under the bill, a “universal changing station” is a floor-mounted or wall-mounted, powered, and height-adjustable adult changing table with a safety rail that can be used for personal hygiene by an individual with a disability of either sex and the individual’s care provider.

The credit applies for taxable years beginning after December 31, 2024. Under the bill, a small business is any entity that, during the preceding taxable year, either had gross receipts of no more than \$1,000,000 or employed no more than 30 full-time employees. The credit is equal to 50 percent of the amount the small business paid to install the universal changing station, up to a maximum credit of \$5,125. The credit may be claimed only if the universal changing station meets certain requirements relating to size, maneuverability space, weight load, and adjustability.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
