AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

FIREARMS AND PUBLIC SAFETY

Undetectable firearms

This bill prohibits the manufacture, transportation, sale, possession, and carrying of firearms that cannot be detected by metal detectors or airport x-ray machines or scanners. Federal law currently has a comparable prohibition; under this bill, the person would violate state law as well. A person who violates the state prohibition is guilty of a Class G felony.

This bill also prohibits the sale, posting, provision, or possession of plans for manufacturing an undetectable firearm. A person who violates the prohibition is guilty of a Class H felony.

Finally, the bill prohibits the possession of a frame or a receiver of a firearm that is not marked with a serial number. A person who violates the prohibition is guilty of a Class I felony.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.
