EMERGENCY ORDER AMENDING, REPEALING AND CREATING A RULE.

Office of the Commissioner of Insurance

Rule No. 042-13: To amend s. Ins 17.01 (3), and 17.28 (3) (c) and to repeal and recreate s. Ins 17.28 (6), Wis. Admin. Code.

Relating to: Injured Patients and Families Compensation Fund Annual Fund and Mediation Panel Fees, and ISO code amendments for the fiscal year beginning July 1, 2013, and affecting small business.

The statement of scope for this rule SS 042-13, was approved by the Governor on April 16, 2013, published in Register No. 688, on April 30, 2013, and approved by the Commissioner on May 10, 2013.

This emergency rule was approved by the Governor on June 4, 2013.

FINDING OF EMERGENCY

The Commissioner of Insurance finds that an emergency exists and that the attached rule is necessary for the immediate preservation of the public peace, health, safety, or welfare. Facts constituting the emergency are as follows:

These changes must be in place with an effective date prior to July 1, 2013 in order for the new fiscal year assessments to be issued in accordance with s. 655.27 (3), Wis. Stats. The permanent rule-making process cannot be completed prior to the effective date of the new fee schedule. The fiscal year fund fees were established by the Board of Governors at the meeting held on December 19, 2012 and the mediation panel fees established by the Board of Governors at the meeting held on March 20, 2013.

ANALYSIS PREPARED BY THE OFFICE OF THE COMMISSIONER OF INSURANCE (OCI)

1. Statutes interpreted:

ss. 655.27 (3), and 655.61, Wis. Stats.

2. Statutory authority:

3. Explanation of OCI's authority to promulgate the proposed rule:

The injured patients and families compensation fund ("fund"), was established by and operated under Ch. 655, Stats. The commissioner of insurance with approval of the board of governors ("board") is required to annually set the fees for the fund and the medical mediation panel by administrative rule. The proposed fees comply with the limitation delineated in s. 655.27 (3) (br), Stats. Section 655.04, Stats., provides that the director of state courts and the commissioner may promulgate rules necessary to enable them to perform their responsibilities under this chapter. Pursuant to s. 655.27 (3) (b), Stats., the commissioner, after approval by the board, shall by rule set the fees to the fund and s. 655.61, Stats., requires the board, by rule, to set the fees charged to health care providers at a level sufficient to provide the necessary revenue to fund the medical mediation panels. Further, s. 601.41 (3), Stats., provides that the commissioner shall have rule-making authority pursuant to s. 227.11 (2), Stats.

4. Related statutes or rules:

None.

5. Plain language analysis:

This proposed rule establishes the fees that participating health care providers must pay to the fund for the fiscal year beginning July 1, 2013. These fees represent a 5% decrease from fees paid for the 2012-2013 fiscal year. The board approved these fees at its meeting on December 19, 2012, based on the recommendation of the board's actuarial and underwriting committee and reports of the fund's actuaries.

The board is also required to promulgate by rule the annual fees for the operation of the injured patients and families compensation medical mediation system, based on the recommendation of the director of state courts. The recommendation of the director of state courts was reviewed by the board's actuarial and underwriting committee. This rule implements the funding level approved by the board on March 20, 2013 by establishing mediation panel fees for the next fiscal year at \$0 for physicians and \$0 per occupied bed for hospitals, representing a decrease of \$22.50 per physician and a decrease of \$4.50 per occupied bed for hospitals from 2012-13 fiscal year mediation panel fees.

Finally this rule includes changes to the Insurance Services Office (ISO) code listing to address corrections to several classification specialties as well as new classification specialties. ISO codes are the numerical designation for a health care provider's specialty and are used to classify the provider for assessment purposes. Errors identified in the ISO codes or specialty narratives for three specialties have been corrected. A third specialty had duplicate listings resulting in the exclusion of another specialty which has now been added. The Doctor of Osteopathy (D.O.) designated ISO codes have been added for two specialties previously listed only under the Doctor of Medicine (M.D.) ISO codes.

6. Summary of and comparison with any existing or proposed federal statutes and regulations:

To the fund board's and OCI's knowledge there is no existing or proposed federal regulation that is intended to address fund rates, administration or to fund medical mediation panel activities.

7. Comparison with rules in adjacent states:

To the fund board's and OCI's knowledge there are no similar rules in the adjacent states to compare this rule to as none of adjacent states have a fund created by

statute where rates are directed to be established yearly by rule as is true in Wisconsin.

8. A summary of the factual data and analytical methodologies that OCI used in support of the proposed rule:

None. This rule establishes annual fund fees pursuant to the requirements of the above-noted Wisconsin statutes. The recommendation to the board regarding the fund fee and the medical mediation panel assessment is developed and reviewed annually by the fund's actuaries and the board's actuarial and underwriting committee. The actuarial and underwriting committee after review and discussion with the fund's actuaries present the information and the actuaries report to the board for consideration. This proposed rule reflects the rates approved by the board at the December 19, 2012 and March 20, 2013 board meetings.

9. Analysis and supporting documentation that OCI used in support of OCI's determination of the rule's effect on small business or in preparation of an economic impact analysis:

This decrease in fund fees will have a positive effect on small businesses in Wisconsin, particularly those that employ physicians and other health care professionals. The mediation panel fee is assessed only on physicians and hospitals, not on corporations or other health care entities that will also benefit from the reduction to zero fees for fiscal year 2014. The fund fee decrease will affect only those small businesses that pay the fund fees and mediation panel fees on behalf of their employed physicians. The fund fee decrease will not have a significant effect nor should it negatively affect the small business's ability to compete with other providers.

10. Effect on small business:

This rule will have little or no effect on small businesses. The decrease contained in the proposed rule will require providers to pay reduced fund fees which will decrease the operational expenses for the providers. The decrease in fees promulgated by this rule should not result in a significant fiscal effect on the private sector.

11. A copy of any comments and opinion prepared by the Board of Veterans Affairs under s. 45.03 (2m), Stats., for rules proposed by the Department of Veterans Affairs.

None.

	Commissioner of Insurance

Office of the Commissioner of Insurance Fiscal Estimate

for Section Ins 17.01, 17.28 (3) (c) and (6) relating to Injured Patients and Families Compensation Fund Annual fund and Mediation Panel Fees and ISO code amendments for the fiscal year beginning July 1, 2013 and affecting small business

This rule change will have no significant effect on the private sector as this proposed rule reduces fees to participants in the fund and reduces mediation panel fees to zero. The fund is a segregated account and does not impact state funds. The rule decreases fees and therefore does not have an effect on county, city, village, town, school district, technical college district and sewerage district fiscal liabilities and revenues.
