

Chapter NR 20

FISHING: INLAND WATERS; OUTLYING WATERS

Subchapter I — Purpose and Definitions

NR 20.01 Purpose.

NR 20.03 Definitions.

Subchapter II — Prohibited Methods

NR 20.05 General restrictions.

NR 20.06 Hook and line fishing.

NR 20.07 Lake sturgeon carcass tags and registration, hook and line fishing and spearing.

NR 20.08 Restrictions on the use of bait.

NR 20.09 Spearing restrictions.

NR 20.10 Special lake sturgeon spearing restrictions.

NR 20.105 Sturgeon spearing licenses.

NR 20.11 Ice fishing and fishing shelter restrictions.

NR 20.12 Setline and set or bank pole restrictions.

NR 20.13 General netting restrictions.

NR 20.14 Minnow collecting restrictions.

Subchapter III — Authorized Methods, Open Seasons, Daily Bag Limits and Size Restrictions on Specified Waters

NR 20.15 Authorized methods.

NR 20.16 Special early catch and release season for trout.

NR 20.18 Total daily bag limits.

NR 20.19 Possession limits.

NR 20.20 County and statewide table.

Subchapter IV — Department Authority

NR 20.25 License waiver.

NR 20.30 Department permitted to take fish.

NR 20.33 Special open and closed seasons.

NR 20.35 Alternate size and bag limits.

NR 20.36 Modifications in daily bag limit and minimum size limit in response to tribal harvest.

NR 20.38 Control of detrimental fish.

NR 20.39 Permits for use of nonstandard minnow gear on inland waters.

NR 20.40 Fishing tournaments.

NR 20.41 Experimental waters.

NR 20.60 Monthly sport trolling fishing reports.

NR 20.65 Report of licensed guides.

Note: Chapter NR 20 as it existed on May 31, 1999, was repealed and a new chapter NR 20 was created effective June 1, 1999. This chapter interprets ss. 29.014 and 29.041, Stats.

Subchapter I — Purpose and Definitions

NR 20.01 Purpose. This chapter establishes open and closed seasons, bag limits, possession limits, size restrictions and other rules governing the taking of fish in the inland and outlying waters of Wisconsin.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99.

NR 20.03 Definitions. In this chapter:

c1d XAnglerY means any person engaged in fishing.

c2d XArtificial flyY means a single hook dressed with fur, feathers, hair, silk, tinsel, thread or similar material to imitate the natural food of fish.

c3d XArtificial lureY means a spoon, spinner, jig, plug or other fish bait made of hair, feathers, cork, wood, rubber, metal, plastic or other synthetic materials, or combinations of these materials. An Xartificial lureY may not include natural or organic foodstuffs such as corn, marshmallows, dough, cheese, meat, living or dead organisms or parts of those items, except hair, feathers, cork, liquid scents, wood or rubber.

c5d XBarbless hooksY means hooks with no barbs, or hooks with barbs that have been compressed to be in complete contact with the shank of the hook.

c6d XBusiness dayY has the meaning given it in s. 421.301 c6d, Stats.

c6gd XCarpY means common carp c*Cyprinus carpi*od, grass carp c*Tenopharyngodon Idellad*, silver carp c*Hypophthalmichthys molitrix*d, bighead carp c*Aristichthys nobilis*d, black carp c*Mylopharyngodon piceus*d, and goldfish c*Carassius auratus*d.

c6md XCircle hookY means a hook that is curved in a circular or oval shape so that the tip of the point is turned and perpendicular to the shank and is designed so that the tip end of the hook is not offset or angled sideways and is in alignment with the shank.

Note: The top picture displays a J hook cleftd and a circle hook crightd. The bottom picture displays a non-offset hook cleftd and an offset hook crightd.

c8d XDaily bag limitY means the maximum number of fish that may be reduced to a person[s possession from a specified waterbody or portion of a waterbody in one day.

c9d XDepartmentY means the department of natural resources.

c10d XDip netY means a piece of netting suspended from a round or square frame that does not exceed 8 feet in diameter or 8 feet square.

c10md XDisinfectY or XdisinfectedY has the meaning given in s. NR 19.001 c5rd.

c11d XFish lengthY means the distance from the tip of the snout in a straight line to the utmost end of the tail fin fully compressed.

c12d XFishingY or XfishY, when used as a verb, means to take, capture, kill or attempt to take, capture or kill any variety of fish in the waters of the state.

c13d XFishing shelterY means any building, tent, vehicle, shanty or similar enclosure used for the purpose of fishing.

c14d XGame fishY has the meaning found in s. 29.001 c41d, Stats.

c15d XGreen BayY means those waters of Lake Michigan located to the west of the Green Bay-Lake Michigan line. For the purposes of s. NR 20.20, Green Bay shall mean Green Bay, Sturgeon Bay, Sawyer[s Harbor, the Sturgeon Bay ship canal from Sturgeon Bay to a line located in the NE of the NW , section 22, T27N, R26E, Door county, commencing at a point on the south-

west shore of the Sturgeon Bay ship canal directly beneath the center of the Wisconsin public service company power line and extending in a northeasterly direction beneath and parallel to the center of the power line to a point on the northeast shore of the ship canal and the Fox river from its mouth at the east shore of the Fox river where the metal walkway extends out from shore at 44° 32' 18.5274 N, 88° 0' 11.628 W and the west shore of the Fox river at 44° 32.363' N, 88° 00.395' W, up to the dam at DePere. For purposes of this chapter, XGreen BayY does not include that portion of Green Bay bounded by the mouth of the Menominee river on the west, the Xgovernment pierY or breakwall on the south, the Xlighthouse pierY or breakwall on the north, and a line connecting the eastern-most points of those breakwalls on the east.

c16d XGreen Bay-Lake Michigan lineY means a line commencing at the northwest side of the Northport dock where it joins the shoreline in section 33, T33N, R29E; then running northeasterly to the range light csignal lightd on Plum island; then running along the north and west shore of Plum island to the U.S. coast guard station; then running northerly to the southwesterly point on Shellswick dock, which is located on Lobdell[s point on Washington island; then running along Shellswick dock to the shoreline of Lobdell[s point; then running along the west shore of Washington island to Boyer[s Bluff light; then running north to its terminus at the Wisconsin-Michigan boundary line.

c17d XLake MichiganY means those waters of Lake Michigan located east of the Green Bay-Lake Michigan line and those waters of the Sturgeon Bay ship canal east of a line located directly beneath the center of the Wisconsin public service company power lines.

c18d XLake Michigan tributariesY means the Pike river and its tributaries, Kenosha and Racine counties; Kewaunee river and its tributaries excluding Little Scarboro, Scarboro, Roger and Casco creeks, Kewaunee county; Manitowoc river and its tributaries upstream to the first dam or lake, Manitowoc county; Milwaukee river upstream to the Grafton dam in the village of Grafton and tributaries to the Milwaukee river upstream to the first dam or lake; Menomonee river upstream to the Lepper dam in the village of Menomonee Falls and tributaries to the Menomonee river upstream to the first dam or lake; Sauk creek and its tributaries upstream to the first dam or lake, Ozaukee county; Sheboygan river downstream to the coast guard station and its tributaries excluding Unnamed tributary clocally known as Willow creekd, Sheboygan county; and all other tributaries to Lake Michigan upstream to the first dam or lake.

c19d XLake Winnebago systemY means Lakes Buttes des Morts, Winneconne, Poygan, Winnebago and all their tributaries from their mouths upstream to the first dam including the Fox river from Lake Winnebago upstream to the dam above Princeton and all its tributaries from their mouths upstream to the first dam and the Wolf river from its mouth upstream to the dam in the city of Shawano and all its tributaries from their mouths upstream to the first dam including Cincoe lake, Partridge Crop lake and Partridge lake in Calumet, Fond du Lac, Green Lake, Marquette, Outagamie, Shawano, Waupaca, Waushara and Winnebago counties.

c19dd XLanding netY means a net suspended on a frame with an attached handle and used to land a fish that has been caught using hook and line or to net fish as authorized with the use of dip nets under this chapter or chs. NR 21 to 23.

c19gd XLive fishY means, for purposes of s. NR 20.08, any fish that is handled or treated in a manner that will keep it alive, such as keeping it in water, or that is revived later by placement back into water. XLive fishY includes any minnow possessed by a person for use as bait and that dies while the person who possesses it is on the water, bank or shore for the purpose of fishing, but only until the minnow is transported away from water, bank or shore where it died.

c19rd XLive fish eggsY means, for purposes of s. NR 20.08, fertilized or unfertilized fish eggs that are handled or treated in a

manner likely to keep them alive or viable for the purpose of propagation.

c20d XLower Wisconsin riverY means the Wisconsin river including all sloughs, bayous, flowages and tributaries from their mouths upstream to the first highway bridge in Columbia, Sauk, Dane, Iowa, Richland, Grant and Crawford counties upstream from the Burlington Northern and Santa Fe railroad tracks in Grant and Crawford counties.

c20md XLureY means any object used for fishing that is capable of attracting fish, regardless of whether that object includes one or more hooks or is hookless, but XLureY does not include aggregators of hooks, baits, or lures, including devices commonly known as XAlabamaY or XumbrellaY rigs.

c21d XMajor Green Bay tributariesY means Duck creek upstream to the first dam above the Pamperin park foot bridge in the village of Howard, located at coordinates 44° 32' 27.8514 N, 88° 6' 39.1674 W on the Oneida Golf and Riding Club property, city of Green Bay, excluding its tributaries, Suamico river upstream to CTH HS, East river upstream to Hoffman road cCTH XXd excluding its tributaries, Brown county; Peshtigo river upstream to the Peshtigo dam, Little river upstream to Radar road, Marinette county; Little Suamico river upstream to CTH J excluding tributaries, Pensaukee river upstream to CTH J excluding tributaries, Oconto river upstream to Stiles dam excluding tributaries except Little river, Little river upstream to state highway 141 excluding tributaries, Oconto county.

c22d XMendota lakeY means Mendota lake, Cherokee lake, Warner Park lagoons, Pheasant Branch creek from its mouth upstream to county highway M, Sixmile creek from its mouth upstream to state highway 19, and Yahara river from its mouth upstream to state highway 19, Dane county.

c23d XMid lake reef complexY means those waters of Lake Michigan within the following area: All waters bounded by a line beginning at a point where 43 degrees 7 minutes north latitude and 87 degrees 40 minutes west longitude intersect, northerly to 43 degrees 20 minutes north latitude, easterly to 87 degrees 20 minutes west longitude, northerly to 43 degrees 30 minutes north latitude, easterly to the Wisconsin-Michigan state line, southerly to 43 degrees north latitude, westerly to 87 degrees 14 minutes west longitude, northerly to 43 degrees 3 minutes north latitude, westerly to 87 degrees 18 minutes west longitude, southerly to 43 degrees north latitude, westerly to 87 degrees 23 minutes west longitude, northwesterly to 43 degrees 7 minutes north latitude, and westerly to 87 degrees 40 minutes west latitude. This area encompasses the elevated areas of the lake bed commonly known as the Sheboygan reef, the Northeast reef, the Milwaukee reef, and the East reef.

c24d XMinnow dip netY has the same meaning as Xdip netY.

c25d XMinnow seineY means a seine that does not exceed 35 feet in length with mesh that does not exceed one-half inch stretch measure.

c26d XMinnow trapY means a device for catching minnows that does not exceed 24 inches in length and does not exceed 16 inches in width with an opening in the throat of the trap that does not exceed 1 inches in diameter.

c27d XMuskellungeY means fish of the species *Esox masquinongy* and includes muskellunge - northern pike hybrids.

c28d XOpenly exposedY means open to view by a person in a passing vehicle.

c28md XOutlying trout and salmon watersY means those waters designated as outlying trout and salmon waters pursuant to s. 29.2285 c1d, Stats., Lake Michigan tributaries as defined in sub. c18d, and the Little river from its confluence with the Oconto river upstream to the highway 141 bridge.

c29d XPanfishY means the following fish species: yellow perch, bluegill, black crappie, white crappie, pumpkinseed, green sunfish, warmouth and orangespotted sunfish.

c30d XPosition fishingY means fishing from a boat in a manner where the fishing line extends vertically into the water while the boat is maneuvered by the use of a motor.

c31d XPossession limitY means the maximum number of fish that a person may possess at any location, and includes all fish stored or controlled by a person, regardless of the person[s] proximity to the location of storage. The possession limit is twice the total daily bag limit specified in s. NR 20.18 except as provided in s. NR 20.19.

c31md XQuick-strike rigY means a bait rig with one or more treble hooks attached to the body of a minnow, behind the head. This rig may include a jig or other hook in the snout of a minnow along with one or more treble hooks attached to the body of a minnow.

c32d XRough fishY has the meaning found in s. 29.001 c74d, Stats.

c33d XSafe harvestY means a level of harvest that incorporates an appropriate margin of safety, estimates of the population and acceptable exploitation rates which will reasonably prevent harvest of more than 35% of the population of adult walleyes or 27% of the population of adult muskellunge. The margin of safety assures that the true safe harvest is not exceeded in more than 1 of 40 cases. For waters where a population estimate has not been made, a regression model based upon population estimates from other waters will be used.

c34d XSecretaryY means secretary of the department of natural resources.

c35d XSeineY has the meaning found in s. 29.522 c3d, Stats.

c36d XSetlineY means a line with one or more hooks fastened to it and designed to be set or left unattended in the water for the purpose of taking fish.

c37d XSet or bank poleY means a pole equipped with a line with one or more hooks fastened to it, designed to be used for fishing from the banks of lakes or rivers and set or left unattended.

c37md XSheboygan marshY means waters above the dam within the area commonly known as Sheboygan Marsh county park, including Sheboygan lake and its tributaries upstream to the first road crossing.

c37td XSinker release deviceY means any device that is designed to release a weight or sinker from a fishing line upon a strike from a fish while trolling.

c37wd XSpearY means a pole or shaft with an attached sharp barbed point or points designed for the purpose of impaling a fish, but does not include a snag line or snag pole, snaghook or cluster of hooks that might be used for snagging as prohibited by s. NR 20.06 c8d.

c38d XSparringY or Xspear,Y when used as a verb, means fishing with a device consisting of a shaft with an attached sharp point or points, including spears, bow and arrow, crossbow and bolt, and underwater spear guns.

Note: Under s. 29.405, Stats., if the department establishes an open season for taking rough fish with a bow and arrow on a particular body of water, the department shall also allow the use of a crossbow to take rough fish on that body of water under the same conditions that apply to the use of a bow and arrow to take rough fish on that body of water.

c39d XTelemetry deviceY means any device attached to or implanted in a fish that transmits a sonic or electronic signal.

c39md XTotal daily bag limitY specified in s. NR 20.18 means the maximum number of fish that may be reduced to a person[s] possession in one day from all waters or portions of waters fished that day.

c39td XTreble hookY means three evenly spaced hooks joined by a common shaft to form one hook with three points.

c40d XTrollY or XtrollingY means fishing by trailing any lure, bait or similar device that may be used to attract or catch fish from a boat propelled by a means other than drifting, pedaling, paddling, or rowing. Casting and immediate retrieval of a bait,

lure or similar device while the motor is running or position fishing is not trolling.

c41d XTrout streamY means those waters or portions of waters designated by the department pursuant to s. NR 1.02 c7d.

Note: Copy available for review at the Bureau of Fisheries Management and Habitat Protection, Department of Natural Resources, 101 S. Webster Street, P.O. Box 7921, Madison WI 53707.

c42d XUnattended lineY means a fishing line to which the person using the line is not actively directing his or her attention and, during open water, any line that is more than 100 yards from the person using the line.

c42md XUpriver lakesY means Lakes Butte des Morts, Winneconne and Poygan.

c43d XYellowstone lakeY means Yellowstone lake and the Yellowstone river from Yellowstone lake upstream to county highway F.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; cr. c28md, Register, December, 1999, No. 528, eff. 4-1-00; am. c18d, Register, September, 2000, No. 537, eff. 4-1-01; CR 01-012: am. c17d, c19d, c22d and c42d, cr. c37md and c43d; CR 01-013: am. c31d, Register November 2001 No. 551, eff. 4-1-02; CR 02-014: am. c42d, Register September 2002 No. 561, eff. 4-1-03; CR 04-024: am. c8d and c41d, r. and recr. c31d, cr. c39md Register December 2004 No. 588, eff. 1-1-05; CR 05-073: cr. c42md Register January 2006 No. 601, eff. 3-1-06; correction in c28md made under s. 13.93 c2md cbd 7., Stats., Register March 2006 No. 603; CR 06-011: cr. c37td Register September 2006 No. 609, eff. 4-1-07; CR 07-014: cr. c37wd Register January 2008 No. 625, eff. 4-1-08; emerg. cr. c19gd and c19rd, eff. 11-2-07; CR 07-074: cr. c19gd and c19rd Register May 2008 No. 629, eff. 6-1-08; CR 08-010: cr. c19md, r. c31d ced Register November 2008 No. 635, eff. 4-1-09; CR 09-051: am. c31d cad Register June 2010 No. 654, eff. 7-1-10; CR 11-006: cr. c6md, c31md, c39td Register October 2011 No. 670, eff. 4-1-12; CR 13-001: cr. c31d chd Register August 2013 No. 692, eff. 9-1-13; CR 14-129: am. c40d Register June 2015 No. 714, eff. 7-1-15; CR 15-023: am. c18d, c31d cad Register December 2015 No. 720, eff. 4-1-16; CR 17-061: r. c4d, c7d Register February 2018 No. 746, eff. 3-1-18; CR 19-091: am. c18d Register March 2020 No. 771, eff. 4-1-20; CR 21-021: cr. c6gd Register November 2021 No. 791, eff. 4-1-22; CR 21-058: am. c3d, c18d, renum. c19md to c19dd, cr. c20md, renum. c31d cintro.d to c31d and am., r. c31d cad to chd, am. c37md, c38d Register March 2022 No. 795, eff. 4-1-22; correction in c38d made under s. 35.17, Stats., Register March 2022 No. 795; CR 23-053: cr. c10md Register April 2024 No. 820, eff. 5-1-24; CR 23-058: am. c15d, c21d Register June 2024 No. 822, eff. 7-1-24.

Subchapter II — Prohibited Methods

NR 20.05 General restrictions. No person may do any of the following:

c1d Fish by any means other than hook and line except as specifically authorized in this chapter or chs. NR 21, 22, 23, 24 and 25.

c2d Possess or control any firearm, gun or similar device at any time while on the waters, banks or shores that might be used for the purpose of fishing.

c3d Fish within 200 feet of any fishway, lock, or dam by any means other than by hook and line in the inland waters, except as authorized under s. NR 20.15 c1d and c1md.

c4d Fish for any species of fish at any time other than during the open season for that species of fish.

c5d Fish for any variety of fish in trout streams other than during the open season for trout except that rough fish may be taken by hand.

c5md Take catfish by hand with the aid of or while in possession of artificial nests or spawning boxes, ropes, gaffes, hooks, grapples or similar equipment for snagging catfish, or breathing devices including snorkeling or scuba gear.

c6d Fish for, possess or control fish in excess of the daily bag limit authorized in s. NR 20.20 for that water while on the waters, banks or shores of waters or while fishing except as authorized on specific waters by s. NR 20.35 or 20.36 and minnows described in s. NR 19.05 c3d ced or cfd.

c7d Except for minnows purchased from a Wisconsin bait dealer, possess or control fish unless they are included as part of the daily bag limit. Fish that are not released immediately shall be included as part of the daily bag limit.

c8d Possess or control any fish in excess of the possession limit at any time.

c9d Possess or control fish of any size other than that authorized by the size restriction.

c10d Use, attach or implant a telemetry device on or into a fish.

c11d Raise, remove or otherwise tamper with another person[s commercial fishing gear set in any water without permission from the licensed user. This restriction does not apply to agents of the department.

c12d Use, possess, control, set or place in any water any live box, or similar device that might be used for the keeping of fish unless a tag of permanent material bearing the name and address or department customer identification number of the owner or user is securely attached and is readable and legible.

Note: This restriction does not apply to receptacles carried by the angler to contain fish while fishing.

c13d Sponsor a fishing tournament unless a permit has been obtained from the department pursuant to s. NR 20.40.

c14d Capture, tag, mark or attach any object and release wild fish unless issued a permit by the department pursuant to s. NR 19.11, or by specific written authorization from the department to capture, tag and immediately release fish from the wild using lawful methods for the purposes of a fishing contest, including contests authorized under a fishing tournament permit in s. NR 20.40 c10d chd 2. c.

c15d Possess or control any fish in excess of the total daily bag limit each day.

c16d Possess or use a sinker release device while fishing in waters of the state.

Register, May, 1999, No. 521, eff. 6-1-99; CR 01-012: am. c1d and c4d, Register November 2001 No. 551, eff. 4-1-02; CR 02-073: am. c5d and c6d, Register January 2003 No. 565, eff. 2-1-03; CR 03-014: cr. c14d Register November 2003 No. 575, eff. 4-1-04; CR 04-024: am. c8d, cr. c15d Register December 2004 No. 588, eff. 1-1-05; CR 06-011: cr. c16d Register September 2006 No. 609, eff. 4-1-07; CR 07-014: am. c1d Register January 2008 No. 625, eff. 4-1-08; emerg. am. c6d and c7d, eff. 11-2-07; EmR0808: emerg. am. c6d and c7d, eff. 4-4-08; CR 07-074: am. c6d and c7d Register May 2008 No. 629, eff. 6-1-08; CR 09-051: am. c14d Register June 2010 No. 654, eff. 7-1-10; CR 13-019: am. c3d Register December 2013 No. 696, eff. 4-1-14; CR 19-009: cr. c5md Register February 2020 No. 770, eff. 3-1-20; CR 19-091: am. c14d Register March 2020 No. 771, eff. 4-1-20; correction in c6d made under s. 13.92 c4d cbd 7., Stats., Register February 2021 No. 782; CR 21-058: am. c12d, c14d Register March 2022 No. 795, eff. 4-1-22.

NR 20.06 Hook and line fishing. No person may do any of the following:

c1d Fish in inland waters by the method of trolling with more than 1 line per person, with more than 1 hook, bait, or lure per line, and with more than a total of 3 lines used for trolling per boat, except where specifically authorized in ss. NR 20.15 c4d or 20.20 and except that a person with a disability who holds a trolling permit under s. 29.193 c1md, Stats., and any person who assists the disabled person in the same boat, is not subject to the line restrictions of this subsection while trolling with an electric motor.

c2d Fish with more than 3 hooks, baits or lures.

c3d Fish with any hook and line fishing tackle, bait, hooks or lures on waters where its use is not authorized in s. NR 20.20. Gear restrictions for trout and salmon on waters or portions of waters specified in s. NR 20.20 apply to all species while fishing on those waters.

c3md Possess or control any live bait or any other baits, hooks or lures other than artificial lures while on the waters, banks or shores of waters where only the use of artificial lures is authorized in subch. III.

c5d Use a gaff in any manner other than for landing a fish that is legally hooked.

c6d Fish by snagging, foul hooking or attempting to hook fish other than in the mouth.

c7d Possess, retain or fail to immediately release fish hooked other than in the mouth.

c8d Use, possess, control, set or place any snag line or snag pole, snaghook or cluster of hooks that could be placed into or

drawn through the water for the purpose of catching fish or drawing the hooks into the body of fish.

c9d Fish with an unattended line except where specifically authorized under s. NR 20.20. Failure to immediately respond to a line upon indication of a bite shall be prima facie evidence that the line is unattended.

Note: For further restrictions on the use of setlines and set or bank poles, see s. NR 20.12.

c10d Fish with an unmanned aircraft system cUASd or, in open water, with a free-floating, remote controlled or anchored buoyant device, with attached hook and line that is not held or otherwise controlled by the angler with the use of a line connected to the device.

Note: This method is commonly known as jug fishing.

c11d Fish with a minnow 8 inches or longer unless using a quick-strike rig that the person attempts to hook immediately into the mouth of a fish upon indication of a bite or unless using a non-offset circle hook.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; cr. c3md, Register, December, 1999, No. 528, eff. 4-1-00; CR 01-012: am. c5d, Register November 2001 No. 551, eff. 4-1-02; CR 07-014: r. c4d Register January 2008 No. 625, eff. 4-1-08; CR 09-018: am. c10d Register February 2010 No. 650, eff. 3-1-10; CR 11-006: cr. c11d Register October 2011 No. 670, eff. 4-1-12; CR 13-001: am. c1d Register August 2013 No. 692, eff. 9-1-13; CR 14-029: am. c1d Register June 2015 No. 714, eff. 7-1-15; CR 14-029: am. c1d Register June 2015 No. 714, eff. 5-4-18; correction in c1d made under s. 35.17, Stats., Register June 2015 No. 714; CR 17-012: am. c1d, Register March 2018 No. 747 eff. 4-1-18; CR 21-058: am. c1d, c10d Register March 2022 No. 795, eff. 4-1-22.

NR 20.07 Lake sturgeon carcass tags and registration, hook and line fishing and spearing. c1d CARCASS TAGS. No person may:

cad Fish for lake sturgeon unless in possession of a valid, unique carcass tag that has not already been used to harvest a sturgeon. A tag is not valid when fishing on waters not authorized by the tag, or if the tag is expired. A tag is not valid when fishing with gear that is not authorized for use with the tag. Fishing for lake sturgeon where hook and line fishing is allowed and when the hook and line season is open, while not in possession of a valid carcass tag, is not a violation of this par. if in compliance with par. **ced**.

cbd Upon harvesting a lake sturgeon, fail to immediately validate the carcass tag that authorized the harvest.

ccd Possess or transport the carcass of a lake sturgeon unless also in possession of the validated carcass tag that authorized the harvest.

cdd Fail to keep a validated carcass tag in good, legible condition so as to permit meaningful inspection by the department. Carcass tags shall remain intact except that part of a tag may be separated as designated by the department on the tag as a means of validation.

ced Fail to immediately release a lake sturgeon caught by hook and line methods unless the person is in compliance with the requirements of this section.

cfid Prior to registration, possess or transport the carcass of a lake sturgeon which is tagged with or possessed under the authority of a validated carcass tag of another person unless accompanied by the person issued the carcass tag.

cgd While on any water, bank or shore, or while fishing, possess a validated carcass tag, or any copy of a unique carcass tag already used to harvest a sturgeon, unless the person is also in possession of the legally killed lake sturgeon corresponding to that carcass tag.

chd Validate or attach a carcass tag to a lake sturgeon harvested by another, or taken by unlawful or unknown means.

cid Possess more than one copy of a unique carcass tag while on any water, bank or shore, or while fishing.

cjd Purchase more than one hook and line lake sturgeon carcass tag for inland or outlying waters per season except that one additional hook and line lake sturgeon carcass tag may be purchased for Wisconsin-Michigan boundary waters per season.

Note: Each hook and line sturgeon carcass tag displays a unique identifier that corresponds to the license issued.

c2d TAGGING AND POSSESSION. No person may:

cad Possess a lake sturgeon unless they immediately validate the carcass tag by separating a designated portion of the tag or by marking it as designated by the department on the tag. Failure to completely validate the carcass tag renders possession of the animal illegal and the carcass tag invalid.

cbd Possess a lake sturgeon which is being transported in any manner from the time the sturgeon is taken into possession to the time it is lawfully registered pursuant to sub. **c6d** unless the sturgeon is carried openly exposed.

ccd Possess a lake sturgeon speared from Lake Butte des Morts, Lake Poygan or Lake Winneconne under s. **NR 20.20 c73d ced 2. b.** outside the following area unless the sturgeon has been registered pursuant to sub. **c6d**: from the intersection of highways 45 and 21 in Oshkosh west on highway 21 to highway 116; north on highway 116 to county highway B; west on county highway B to county highway D; west on county highway D to highway 49; north on highway 49 to county highway H; east on county highway H to highway 110; east on highway 110 to county highway II; south on county highway II to county highway M; south on county highway M to highway 116; east on highway 116 to highway 45; south on highway 45 to highway 21.

cdd Possess a lake sturgeon speared from Lake Winnebago under s. **NR 20.20 c73d ced 2. b.** outside the following area unless the sturgeon has been registered pursuant to sub. **c6d**: from the intersection of highways 10 and 114 in Menasha, east on highway 114 to highway 55; south on highway 55 to U.S. highway 151; south on U.S. highway 151 to Winnebago drive in Fond du Lac; west on Winnebago drive to Scott street; west on Scott street to highway 45; north on highway 45 to Main street in Oshkosh; north on Main street to Waugoo avenue; east on Waugoo avenue to Bowen street; north on Bowen street to county highway A; north on county highway A to highway 114 in Neenah; east on highway 114 to the intersection of highways 10 and 114 in Menasha.

c3d DISPLAY. No person may refuse or fail to display a validated carcass tag or registration verification number to the department or its wardens upon request.

c4d ATTACHMENT. No person who kills a lake sturgeon may leave the carcass unless the tag has been attached to the carcass.

Note: Tags may be attached using string, plastic ties, wire or in any manner which results in the tag being secured to the carcass in a visible manner. Carcass tags may be protected from environmental elements in sealed clear plastic bags.

c5d REMOVAL AND RETENTION. A carcass tag attached as required in this section may be removed by the department at the time of registration, except that no person may remove a registration tag attached under sub. **c6d** prior to butchering or preparation by a taxidermist. The registration tag shall be retained by the person who harvested the sturgeon until the meat is consumed.

c6d REGISTRATION. No person who harvests a lake sturgeon may fail to register the fish as follows:

cad In an intact condition.

cbd At a lake sturgeon registration station established by the department.

ccd By 5:00 p.m. on the day after it was harvested, if taken by hook and line.

cdd By 2:00 p.m. on the same day it was harvested, if taken by spearing.

c7d RESEARCH. The department may require that any part of a sturgeon shall be collected, sampled, or submitted to the department for research purposes. No person may fail to comply with any collection, sampling, or submission procedure required by the department.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 04-024: am. c1d Register December 2004 No. 588, eff. 1-1-05; CR 09-051: am. c5d Register June 2010 No. 654, eff. 7-1-10; EmR1613: emerg. am. c1d, cr. c1md, c1rd, c1vd, am. c2d to c5d, cr. c6d, c7d, eff. 3-12-16; EmR1712: emerg. am. c1vd, eff. 6-17-17; CR 17-

061: r. and recr. Register February 2018 No. 746, eff. 3-1-18; correction in numbering c4d cad made under s. 13.92 c4d cbd 1., Stats., Register March 2018 No. 747.

NR 20.08 Restrictions on the use of bait. No person may do any of the following:

c1d Use goldfish as bait or possess goldfish in any form or manner on any water of the state.

c2d Use alewife as bait or possess alewife in any form or manner on any water of the state except Lake Michigan, Lake Michigan tributaries, Green Bay, major Green Bay tributaries, and all other tributary streams, rivers and ditches to Green Bay upstream to the first dam or lake.

c3d Release any unused bait into any waters of the state unless issued a permit pursuant to s. 29.736, Stats.

c4d Use as bait, possess or release any minnows or other fish on the waters or shores of waters that have been chemically treated for trout management when posted by department signs.

c5d Take, gather, collect, possess or attempt to take, gather or collect larvae or nymphs of aquatic insects from any trout stream for use or sale as bait except that a licensed angler may take larvae or nymphs from trout streams by hand during the open trout season for immediate use as bait only in the trout stream from which the larvae or nymphs were taken.

c6d Possess for use as bait, or use as bait any live fish or live fish eggs if obtained outside of, or brought into, the state of Wisconsin, except for the following:

cad Live fish or live fish eggs imported in compliance with the department of agriculture, trade and consumer protection's import and health requirements in ch. **ATCP 10**.

Note: Section **ATCP 10.62 c1d** prohibits the importation into Wisconsin of live fish or live fish eggs for use as bait without a written import permit from the department of agriculture, trade and consumer protection.

cbd Live fish or live fish eggs obtained in Minnesota or Iowa and used as bait in or on waters of the Mississippi River lying between the Chicago, Milwaukee, St. Paul and Pacific railroad tracks on the Iowa or Minnesota side of the river, and the Burlington Northern and Santa Fe railroad tracks lying on the Wisconsin side of the river, including all sloughs and backwaters, bays and newly extended water areas connected with the main channel of the Mississippi River by a channel which is navigable when the waters are approximately equal to the normal pool elevation as created by the U.S. army corps of engineers and in the waters of Lake St. Croix, and the St. Croix River and the St. Louis River as defined in s. **NR 21.02 c39d**.

c7d Possess for use as bait, or use as bait any dead fish, dead fish egg or any part of any dead fish or dead fish egg unless at least one of the following applies:

cad It is being possessed or used on Lake Michigan, Green Bay or any waters connected to these waters upstream to the first dam or other obstruction impassable to fish.

cbd It is being possessed or used on the same water body from which it was obtained, or on any water connected to that water body that is not separated by a dam or other obstruction impassable to fish.

ccd It has been preserved in a manner that does not require either refrigeration or freezing.

cdd It is a minnow that is a Xlive fishY as defined in s. **NR 20.03 c19gd** and was obtained and possessed lawfully from waters of the state or it was imported in compliance with sub. **c6d cad** or **cbd**.

NR 20.09 Spearing restrictions. No person may do any of the following:

c1d Possess or control any bow, crossbow, spear, or similar device while on any water or on the banks or shores of any water

that might be used for the purpose of fishing except as specifically authorized in ss. NR 20.10, 20.15 c1md or 20.20, or ch. NR 21, 22, or 23.

Note: Bows, crossbows, spears, and similar devices may not be possessed or used on some department-managed lands and associated waters regulated under chs. NR 11 and 45.

c2d Use, possess, or control any bow, crossbow, spear, or similar device from sunset to sunrise while on the waters or on the banks or shores of any waters except as authorized in s. NR 20.20, and that a bow and arrow or crossbow may be possessed and used for spearing rough fish, bullheads and catfish from sunset to sunrise during the open season for spearing rough fish.

c3d Spear any game fish except that:

cad White bass, yellow bass, rock bass, panfish and bullheads may be speared while skin diving or scuba diving during the open season for rough fish spearing on waters specified in s. NR 20.20, provided that the season for white bass, yellow bass, rock bass, panfish and bullheads is also open on the same water. Daily bag limits and size restrictions specified in s. NR 20.20 for white bass, yellow bass, rock bass, panfish and bullheads also apply.

cbd Flathead and channel catfish may be taken with a bow and arrow or crossbow during the open season for taking catfish with a bow and arrow or crossbow on waters specified in s. NR 20.20.

ccd Bullheads may be taken with a bow and arrow or crossbow during the open season for taking bullheads with a bow and arrow or crossbow on waters specified in s. NR 20.20.

c4d Fail to remove any speared fish from the water and dispose of the fish in compliance with s. 287.81 c2d, Stats.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; am. c2d, Register, February, 2000, No. 530, eff. 4-1-00; CR 01-012: am. c3d, Register November 2001 No. 551, eff. 4-1-02; CR 02-073: am. c2d, Register January 2003 No. 565, eff. 2-1-03; CR 04-024: am. c3d Register December 2004 No. 588, eff. 1-1-05; CR 09-051: am. c2d Register June 2010 No. 654, eff. 7-1-10; CR 13-001: am. c1d, c2d Register August 2013 No. 692, eff. 9-1-13; CR 13-019: am. c1d, c2d Register December 2013 No. 696, eff. 4-1-14; CR 19-009: am. c2d, renum. c3d to c3d cintro.d and am., cr. c3d cbd, ccd Register February 2020 No. 770, eff. 3-1-20; CR 21-021: am. c1d Register November 2021 No. 791, eff. 4-1-22; correction in c1d made under s. 35.17, Stats., Register November 2021 No. 791; CR 21-058: am. c1d, c2d, cr. c4d Register March 2022 No. 795, eff. 4-1-22; error in transcription corrected in c1d Register March 2022 No. 795.

NR 20.10 Special lake sturgeon spearing restrictions. No person may do any of the following:

c1d Fish for sturgeon on Lake Winnebago system waters by any means other than spearing with a spear thrown by hand from inside a fishing shelter placed on the ice during the open season specified in s. NR 20.20 c73d ced.

c2d Fish with or possess a fishing pole, hook and line or other similar devices that might be used for the purpose of catching fish within any fishing shelter containing an ice hole larger than 12 inches in diameter or square during the open season for spearing lake sturgeon on waters specified in s. NR 20.20 c73d ced.

c3d Cover holes cut in the ice which are used or maintained for sturgeon spearing pursuant to s. NR 20.11 c2d with a fishing shelter except during the period from 48 hours before and continuing through the open season for lake sturgeon spearing.

c4d Use or possess any artificial light while sturgeon spearing in order to illuminate any waters open to sturgeon spearing during the period beginning 48 hours before and continuing through the open season for lake sturgeon spearing.

c5d Cut, use or maintain holes in the ice larger than 48 square feet for sturgeon spearing pursuant to s. NR 20.11 c2d.

c6d Fish for sturgeon during the open season by the method of spearing or possess or control a spear or similar device within a fishing shelter on Lake Winnebago system waters from 12 a.m. until 7 a.m. on opening day, and from 1:00 p.m. until 7:00 a.m. on opening day and subsequent days.

c7d Fish for lake sturgeon with a spear having a spearhead width greater than 18 inches as measured from the outside edge

of one outermost tine to the outside edge of the other outermost tine, excluding barbs, or with tines arranged in any formation other than a single straight line, or both, or possess such a spear during the open season for lake sturgeon.

Note: Barbs are not considered to be part of the tine and may extend beyond 18 inches.

c8d Possess, maintain or control a spear in a sturgeon fishing shelter unless in possession of a valid sturgeon spearing license and unused carcass tag for the waterbody on which that shelter is located.

c9d Spear any fish other than a lake sturgeon, except that during the open sturgeon spearing season when the season for spearing rough fish is closed, a licensed sturgeon spearer may retain or dispose of in compliance with s. 287.81 c2d, Stats., any carp taken incidentally while sturgeon spearing under subs. c1d to c8d in the portion of the state open to sturgeon spearing, subject to all of the following requirements:

cad The person spearing the carp shall be in possession of an unused sturgeon carcass tag for the water and season during which the carp is incidentally harvested.

cbd The person spearing the carp shall be in possession of a valid fishing license, in addition to the sturgeon spearing license, unless exempt from the requirement to possess a fishing license under s. 29.219, Stats.

ccd Any carp speared shall be removed from the water, bank or shore.

NR 20.105 Sturgeon spearing licenses. **c1d** UP-RIVER LAKES LICENSE APPLICATION PROCEDURES. Persons applying to spear sturgeon on the upriver lakes shall apply for an upriver lakes sturgeon spearing license as follows:

cad *Application deadlines.* All upriver lakes sturgeon spearing license applications shall be received by the date established by the department to be considered for selection. The annual application deadline date may be no earlier than July 1.

Note: The department conducts extensive publicity on the application deadlines beginning several months prior to any deadline. Application deadline dates are published in news releases, license outlet handouts, and pertinent regulation pamphlets. Applications may be obtained from any department license vendor. Applications and information may be obtained from the Bureau of Customer Service and Licensing address is 101 South Webster, Box 7924, Madison, WI 53707.

cbd *Group applications.* If a maximum of 4 persons wish to spear sturgeon on the upriver lakes together, each shall first apply for an individual upriver lakes sturgeon spearing license and then complete a group application form. The group application shall be treated as one application for purposes of random selection under the cumulative preference system and consideration for a license. The group[s] preference standing shall be that of the member with the lowest number of preference points. If the group is selected to receive upriver lakes sturgeon spearing licenses, all members of the group will lose all accumulated preference points.

ccd *Prohibition of purchase of Lake Winnebago spearing license.* No person who applies for an upriver lakes sturgeon spearing license may purchase a Lake Winnebago sturgeon spearing license in the same year, except unsuccessful applicants for an upriver lakes license may purchase a Lake Winnebago sturgeon spearing license after October 1.

cdd *Applications for upriver lakes.* No person may apply for an upriver lakes sturgeon spearing license unless they will become 12 years of age before or on the last day of the upcoming sturgeon spearing season.

c2d LICENSEE SELECTION PROCEDURES. cad If the number of applications for licenses for the upriver lakes sturgeon spearing season exceeds the available quota of licenses, successful applicants shall be randomly selected in accordance with the preference system established under s. 29.192 c4d, Stats. No person may purchase an upriver lakes sturgeon spearing license unless they are a successful applicant who has received authorization to purchase from the department.

Note: Section 29.192, Stats., Regulation of takings of certain wild animals. c4d If the department decides to limit the number of hunters or trappers taking Canada geese, sharp-tailed grouse, fishers, otters, bobcats or sturgeon by issuing permits and if the number of persons seeking the permits exceeds the number of available permits, the department shall issue the permits according to a cumulative preference system established by the department. The department shall give a preference point to each applicant for each previous season for which the applicant applied but was not issued a permit. The system shall establish preference categories for these applicants, with higher priority given to those categories with more points than those with fewer points. Applicants who fail to apply at least once during any 3 consecutive years shall lose all previously accumulated preference points. If the number of applicants within a preference category or a subcategory exceeds the number of permits available in the category or subcategory, the department shall select at random within the category or subcategory the applicants to be issued the permits.

cbd Upon selection, all successful applicants lose all accumulated preference points regardless of the length of the sturgeon spearing season or whether or not the successful applicant purchases a license. Unsuccessful applicants who subsequently purchase a Lake Winnebago sturgeon spearing license shall retain all accumulated preference points.

c3d NOTIFICATION AND CARCASS TAG ISSUANCE. cad The department shall issue a notice of approval to those qualified applicants selected to receive an upriver lakes sturgeon spearing license. A person who receives a notice of approval and who pays the fee in the manner required by the department shall be issued an upriver lakes spearing license.

cbd Each successful applicant for an upriver lakes sturgeon spearing license shall be issued a carcass tag by the department upon issuance of the license.

ccd If the number of applications for licenses for an upriver lakes sturgeon spearing season is less than the available quota of licenses, the department may make available the remaining upriver lakes sturgeon spearing licenses to any person who has not purchased either a Lake Winnebago or upriver lakes sturgeon spearing license on a first-come, first-served basis. The issuance of a tag under this paragraph will result in loss of preference points accumulated under the cumulative preference system.

Note: No person may purchase more than one sturgeon spearing license for the same spearing season according to s. 29.024 c2d ccd, Stats.

History: CR 05-073: cr. Register January 2006 No. 601, eff. 3-1-06; CR 13-001: am. c1d cdd Register August 2013 No. 692, eff. 9-1-13; CR 17-061: r. c4d, c5d Register February 2018 No. 746, eff. 3-1-18.

NR 20.11 Ice fishing and fishing shelter restrictions. c1d No person may construct, place, use, maintain or occupy a fishing shelter on the ice of any waters of this state unless:

cad The name and residential address or department of natural resources customer identification number in the English language of the person owning or using the fishing shelter is legibly painted or otherwise affixed on the outside of the fishing shelter with block lettering a minimum of one inch square and in contrasting colors. Fishing shelters that are occupied or otherwise in use are exempt from this requirement.

cbd The door can be readily opened from the outside while the shelter is occupied.

ccd The person is actively using the fishing shelter and it is removed from the ice daily and when not in use on the Fox river downstream from the DePere dam, Brown county.

cdd The fishing shelter is removed from the ice daily and

when not in use after the first Sunday following March 1, on inland waters south of highway 64.

ced The fishing shelter is removed from the ice daily and when not in use after the first Sunday following March 12, on inland waters north of highway 64 and all other outlying waters.

c2d No person may cut, use or maintain a hole larger than 12 inches in diameter or square for the taking of fish in any manner through the ice except for spearing fish in Lake Superior, sturgeon spearing, taking fish with dip nets, taking minnows with minnow traps or skin or scuba diving.

c3d The department or its agents may direct that fishing shelters be removed from the ice by a date earlier than specified in subs. c1d cdd or ced if it has reason to believe that the ice has become unsafe for travel.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 01-012: am. c1d cad, Register November 2001 No. 551, eff. 4-1-02; CR 02-073: am. c1d cad, Register January 2003 No. 565, eff. 2-1-03; CR 04-024: am. c1d ced Register December 2004 No. 588, eff. 1-1-05; CR 06-011: am. c1d cdd and ced Register September 2006 No. 609, eff. 4-1-07; CR 19-091: am. c1d cad Register March 2020 No. 771, eff. 4-1-20.

NR 20.12 Setline and set or bank pole restrictions.

c1d GENERAL RESTRICTIONS. No person may use, set, lift, attend or possess any set or bank pole or setline on any water except the lower Wisconsin river, unless:

cad Its use is specifically authorized by a set or bank pole license issued under s. 29.531 c1d, Stats., or a setline license issued under s. 29.533 c1d, Stats. No person may use, set, lift, attend or possess set or bank pole or setline licensed to another person.

cbd Its use in that water is specifically authorized in s. NR 20.20.

ccd A white flag at least 10 inches square bearing the number of the license authorizing its use in black figures at least 3 inches high and attached to the top of a flag staff that extends at least 3 feet above the surface of the water or bank is placed and maintained at one end of the setline or within 2 feet of the set or bank pole with a cord attached from the flag staff to the set or bank pole. The flag staff may not exceed 2 ¹/₂ inches in diameter and shall be marked with 2 inch to 6 inch wide alternating horizontal black and white bands. When a buoy is used to hold the setline[s] flag staff, the buoy shall be cylindrical in shape, 15 inches or less in diameter and marked with 2 inch to 6 inch wide alternating horizontal black and white bands. No person may place a setline flag, flag staff or pole in the main channel of any navigable waterway.

cdd A metal tag stamped with the number of the license authorizing its use is securely attached directly to the flag staff or pole of each setline or set or bank pole.

c1md LOWER WISCONSIN RIVER RESTRICTIONS. No person may use, set, lift, attend or possess any set or bank pole or setline on the lower Wisconsin river unless:

cad Its use is specifically authorized by a set or bank pole license issued under s. 29.531 c1d, Stats., or a setline license issued under s. 29.533 c1d, Stats. No person may use, set, lift, attend or possess a set or bank pole or setline licensed to another person.

cbd Its use in that water is specifically authorized in s. NR 20.20.

ccd A white setline flag at least 10 inches square bearing the number of the license authorizing its use in figures at least 3 inches high and attached to a flag staff that extends at least 3 feet above the surface of the water or bank is placed and maintained at one end of the setline. The flag staff may not exceed 2 ¹/₂ inches in diameter and shall be marked with 2 inch to 6 inch wide alternating horizontal black and white bands. When a buoy is used to hold the setline[s] flag staff, the buoy shall be cylindrical in shape, 15 inches or less in diameter and marked with 2 inch to 6 inch wide alternating horizontal black and white bands. No person

may place a setline flag, flag staff or pole in the main channel of any navigable waterway.

cdd A metal tag stamped with the number of the license authorizing its use is securely attached directly to each set or bank pole and to the flag staff of each setline.

c2d GEAR, FISHING METHODS AND BAIT. No person may do any of the following:

cad Use, set, lift, attend or possess more than 5 set or bank poles.

cbd Use, set, lift, attend, or possess more than one setline while on the waters of this state except as provided in ss. [NR 21.11 c4d cdd](#) and [22.12 c1d](#).

ccd Use, set, lift or attend a set or bank pole equipped with more than one line, which may not have more than 2 hooks.

cdd Use, set, lift or attend a setline with more than 25 hooks.

ced Use, set, lift, attend or possess any set or bank pole or setline between one-half hour after sunset and one-half hour before sunrise.

cfb Use or set a set or bank pole or setline unless it is lifted and the catch removed at least once each day following the day it was set unless a longer period is authorized by the department or its agents.

cgd Use, set, lift or attend a set or bank pole or setline while in possession of hook and line fishing equipment.

chd Use, set, lift or attend a set or bank pole or setline that is equipped with any hooks that have a gap between the juncture of the barb with the shank measured across to the opposite shank smaller than $\frac{3}{4}$ inch except that on the Mississippi river there is no hook size restriction.

cid Use whole or live fish as bait on set or bank poles or setlines on Lakes Butte des Morts, Little Butte des Morts, Winnebago and Winneconne, Winnebago county, Lake Poygan, Waushara and Winnebago counties and the Black river, Jackson, LaCrosse and Trempealeau counties.

cjd Use live crawfish or whole or live fish less than 5 inches in length as bait on set or bank poles or setlines.

ckd Place, use, set, or fail to remove from state lands or waters of the state any setline, set or bank pole, or part thereof, prior to or following the close of the open season authorizing the use of setlines, set or bank poles in s. [NR 20.20](#).

c3d RESTRICTIONS ON HARVEST. **cad** No person may take, retain, kill or possess any fish or other animal taken on a set or bank pole or setline other than catfish, rough fish or turtles.

Note: All game fish taken on any set or bank pole or setline shall be immediately returned to the water except catfish taken in compliance with this section.

cbd The size, bag and possession limits for catfish and rough fish established in s. [NR 20.20](#) shall apply to all persons who fish with set or bank poles or setlines.

c4d SALE OF FISH. No person may sell any fish taken on a set or bank pole or setline except the following:

cad Rough fish.

cbd Channel catfish taken from lakes Winnebago, Butte des Morts, Winneconne, Poygan, and the Wolf river from 500 feet below the Shawano dam downstream to its mouth.

Note: Refer to s. [NR 19.275](#) for inland turtle regulations.

History: Cr. [Register, May, 1999, No. 521](#), eff. 6-1-99; am. c1d [cintro.d, ccd and cdd, cr. c1md, Register, February, 2000, No. 530](#), eff. 3-1-00; correction in c2d [cbd](#) was made under s. [13.93 c2md cbd 7.](#), Stats; [CR 01-012](#): am. c2d [chd and c4d cbd](#); [CR 01-013](#): am. c4d [ccd](#), [Register November 2001 No. 551](#), eff. 4-1-02; [CR 04-024](#): am. c4d [cintro.d, r. c4d cbd, renum. c4d ccd](#) to be c4d [cbd](#) [Register December 2004 No. 588](#), eff. 1-1-05; [CR 05-015](#): cr. c2d [ckd](#) [Register October 2005 No. 598](#), eff. 4-1-06; [CR 10-053](#): am. c2d [cbd](#) [Register December 2010 No. 660](#), eff. 1-1-11.

NR 20.13 General netting restrictions. No person may do any of the following:

c1d Possess, control or operate in any manner any net, seine or similar device that might be used for the purposes of fishing at any time while on any water or on the banks or shores of any wa-

ter except as specifically authorized in this section, s. [NR 20.14](#) or [20.20](#).

c2d Set, use or operate a dip net or seine from sunset to sunrise unless specifically authorized in s. [NR 20.20](#).

c3d Set, use or operate more than one dip net.

c4d Set, use or operate a dip net in any manner other than by raising and lowering it vertically while fishing.

c5d Fish in any other manner while operating a dip net or seine.

c6d Fish with hook and line from any boat while in possession of a dip net.

c7d Leave a dip net or seine unattended within 25 feet of the edge of the water.

c8d Sell, barter or trade in any manner any sucker taken with a dip net or seine.

c9d Set, use or operate a landing net other than for landing a fish that is legally hooked or to net fish as authorized with the use of dip nets under this chapter or chs. [NR 21](#) to [23](#).

History: Cr. [Register, May, 1999, No. 521](#), eff. 6-1-99; [CR 01-012](#): am. c6d and c7d, [Register November 2001 No. 551](#), eff. 4-1-02; [CR 08-010](#): cr. c9d [Register November 2008 No. 635](#), eff. 4-1-09.

NR 20.14 Minnow collecting restrictions. No bait dealer may take minnows for use as bait from any inland or outlying water without a wild harvest permit from the department under s. [NR 19.057](#). In addition, no person may do any of the following:

c1d Set, use or operate any net, trap or similar device for the taking of minnows other than minnow seines, minnow dip nets and minnow traps as authorized in s. [NR 20.20](#) unless issued a non-standard gear permit by the department under s. [NR 20.39](#) pursuant to s. [29.516 c1d](#), Stats.

c2d Set, use or operate any minnow seine, minnow dip net, minnow trap or similar device for the taking of minnows in any water unless specifically authorized in s. [NR 20.20](#) or [20.39](#). Minnow seines or minnow dip nets of any type or description may not be set, used or operated in any trout stream unless a non-standard gear permit is issued by the department under s. [NR 20.39](#).

c3d Set, use or operate minnow traps in any water that is posted as having been chemically treated to reestablish a trout fishery.

c4d Set, use or operate minnow traps unless a label or tag bearing the legible name and address or department of natural resources customer identification number of the operator in the English language is securely attached.

c5d Set, use or operate minnow traps unless they are raised and the minnows are removed from them at least once every 48 hours from all waters except trout streams.

c6d Set, use or operate minnow traps in trout streams during the closed season for trout unless issued a non-standard gear permit by the department under s. [NR 20.39](#). The permit authorizing placement of minnow traps in trout streams during the closed season for trout shall specify conditions on raising the traps and removing minnows.

c7d Set, use or operate more than 3 minnow traps in trout streams during the open season for trout except licensed bait dealers.

cad No more than a total of 20 minnow traps may be set, used or operated by licensed bait dealers during the open season for trout when removing minnows from one or more trout streams unless issued a non-standard gear permit by the department under s. [NR 20.39](#).

cbd Minnow traps set, used or operated on trout streams during the open season for trout shall be raised and the minnows removed from them at least once every 24 hours.

c8d Possess or control more than 600 minnows at any time unless licensed as a bait dealer under s. [29.509](#), Stats.

Note: With certain exceptions, s. NR 19.05 c3d prohibits the transportation of live fish and live fish eggs, including minnows, taken from any water of the state.

c9d Notwithstanding any other provision in this chapter or chs. NR 21 to 23, use or operate any net, trap or similar device for the taking of minnows, or fish for minnows except suckers for any purpose using any gear in Lake Michigan, Green Bay, Lake Superior, the Mississippi River, Lake Winnebago, the Fox River from Lake Winnebago to Green Bay, or any bay, slough or backwater of these waters, or any water connected to these waters, upstream to the first dam or other obstruction impassable to fish, or in any other water where the department has determined that the Viral Hemorrhagic Septicemia virus is present based on test results or other empirical evidence. If the department determines that the Viral Hemorrhagic Septicemia virus is present in any additional water body, it shall promptly notify the public of its determination by issuing a press release, by publication in the official state newspaper, and by such other means as the department determines are reasonably likely to inform the public.

c10d Transport away from the water or its bank or shore any live sucker taken from Lake Michigan, Green Bay, Lake Superior, the Mississippi River, Lake Winnebago, the Fox River from Lake Winnebago to Green Bay, or any bay, slough or backwater of these waters, or any water connected to these waters, upstream to the first dam or other obstruction impassable to fish, or from any additional water where the department has determined under sub. c9d that the Viral Hemorrhagic Septicemia virus is present.

Subchapter III — Authorized Methods, Open Seasons, Daily Bag Limits and Size Restrictions on Specified Waters

NR 20.15 Authorized methods. A person may do any of the following:

c1d Take rough fish, bullheads and catfish by hand as specified in s. NR 20.20, except in waters established as fish refuges under ch. NR 26.

c1md Except as prohibited under ss. NR 21.065, 22.065, and 23.10, or where posted closed to spearing by department sign, take rough fish by means of spearing with a hand held spear within 200 feet of a fishway, lock or dam from June 1 through August 31 where there is an open season for spearing of rough fish.

c2d Use any fish for bait provided the fish was lawfully obtained and legal to possess pursuant to all the restrictions set forth in this chapter.

c3d Spear white bass, yellow bass, rock bass, panfish and bullheads while skin diving or scuba diving during the open season for rough fish spearing as specified in s. NR 20.20.

c4d Fish by the method of trolling with up to 3 hooks, baits, or lures on all inland waters in the following counties: Adams, Ashland, Barron, Bayfield, Brown, Buffalo, Burnett, Calumet, Chippewa, Clark, Columbia, Crawford, Dane, Dodge, Door, Douglas, Dunn, Eau Claire, Fond du Lac, Forest, Grant, Green, Green Lake, Iowa, Jackson, Jefferson, Juneau, Kenosha, Kewaunee, La Crosse, Lafayette, Langlade, Manitowoc, Marathon, Marinette, Marquette, Menominee, Milwaukee, Monroe, Oconto, Outagamie, Ozaukee, Pepin, Pierce, Polk, Portage, Price, Racine, Richland, Rock, Rusk, Sauk, Shawano, St. Croix, Taylor, Trempealeau, Vernon, Walworth, Washburn, Washington, Waushara, Waukesha, Winnebago, and Wood.

Register November 2001 No. 551, eff. 4-1-02; CR 13-019: am. c1d, cr. c1md Register December 2013 No. 696, eff. 4-1-14; CR 14-029: cr. c4d Register June 2015 No. 714, eff. 7-1-15; CR 14-029: am. c4d Register June 2015 No. 714, eff. 5-4-18; correction in numbering c4d cad to czmd under s. 13.92 c4d cbd 1; CR 17-012: am. c4d, Register March 2018 No. 747 eff. 4-1-18; CR 19-009: am. c1d Register February 2020 No. 770, eff. 3-1-20; CR 19-091: am. c4d Reg-

ister March 2020 No. 771, eff. 4-1-20; CR 21-058: am. c1md Register March 2022 No. 795, eff. 4-1-22.

NR 20.16 Special early catch and release season for trout. c1d GENERAL PROVISIONS. cad *Open season and waters.* Except as specified in sub. c2d, there is an open season for trout from 5:00 a.m. on the first Saturday in January through the Friday preceding the first Saturday in May on the following waters:

1. All streams in Adams, Ashland, Barron, Bayfield, Buffalo, Burnett, Chippewa, Clark, Columbia, Crawford, Dane, Dodge, Douglas, Dunn, Eau Claire, Fond du Lac, Grant, Green, Green Lake, Iowa, Iron, Jackson, Jefferson, Juneau, Kenosha, La Crosse, Lafayette, Milwaukee, Monroe, Ozaukee, Pepin, Pierce, Polk, Price, Racine, Richland, Rock, Rusk, St. Croix, Sauk, Sawyer, Sheboygan, Taylor, Trempealeau, Vernon, Walworth, Washburn, Washington, Waukesha and Wood counties.

3. ZFlorence county.[Pine river, Popple river in its entirety.

4. ZForest county.[Peshtigo river downstream from U.S. highway 8, Pine river downstream from STH 55, Popple river in its entirety, and Rat river downstream from Scattered Rice lake.

5. ZLanglade county.[Wolf river, main stem of the Plover river upstream of STH 153, excluding tributaries and off-channel springs.

6. ZLincoln county.[All streams west of STH 51 and Prairie river downstream from CTH J.

7. ZMarathon county.[Black creek cmouth at T27N R7E S4d, Black creek cT30N,R3Ed, Grass creek, McGinnes creek, Fourmile creek, Noisy creek, and, main stem of the Plover river upstream of STH 153, excluding tributaries and off-channel springs.

8. ZMarinette county.[North branch Peme Bon Won river downstream from STH 141, Peshtigo river upstream from CTH C, Pike river between CTH V and CTH K, and Rat river.

9. ZMarquette county.[Chaffee creek downstream from CTH B, Klawitter creek, Lawrence creek, Lunch creek, Mecan river upstream from STH 22, Neenah creek, O[Keefe creek, Wedde creek and Westfield creek.

10. ZOconto county.[North branch Oconto river downstream from STH 64 and south branch Oconto river downstream from CTH AA.

11. ZOneida county.[All streams west of STH 51 and Bearskin creek.

12. ZPortage county.[Ditches 1 through 6 downstream from Townline road, Tomorrow river from Amherst downstream to Durant road, and Waupaca cTomorrowd river from Durant road downstream.

13. ZShawano county.[Middle branch Embarrass river from Homme dam to STH 29, north branch Embarrass river from Tilleda dam downstream to Leopolis dam and Red river downstream from lower Red Lake dam.

14. ZVilas county.[Mishonagon creek.

15. ZWaupaca county.[North branch Little Wolf river from CTH P to CTH J, south branch Little Wolf river, Waupaca river from Frost Valley road to STH 54, and Waupaca cTomorrowd river from Frost Valley road upstream.

16. ZWaushara county.[Carter creek, Leola ditch, Mecan river downstream from 11th road, Pine river downstream from CTH K to Poy Sippi pond, Roche-a-Cri creek, Willow creek from Blackhawk road to 29th lane, and White river from STH 21 to lower White River millpond.

Note: The early catch and release season does not apply to spring ponds, ponds or lakes.

cbd *Daily bag limit, possession limit and gear restrictions.* The following restrictions apply to waters specified in par. cad during the open season specified in par. cad:

1. The daily bag limit and possession limit for trout is 0.
2. No person may use any hooks, baits or lures other than ar-

tificial lures while fishing for any species of fish on trout streams specified in par. cad.

c2d EXCEPTIONS. Subsection c1d does not apply to the following streams:

cad Lake Michigan tributaries, major Green Bay tributaries, all other tributary streams, rivers and ditches to Green Bay upstream to the first dam or lake.

cbd All tributaries to Lake Superior except the White river

and its tributaries from the White River dam upstream to Pikes River Road bridge and the Iron river and its tributaries upstream from Orienta dam.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; am. Register, December, 1999, No. 528, eff. 1-1-00; r. and recr. Register, September, 2000, No. 537, eff. 3-1-01; CR 01-012: renum. from NR 20.15, Register November 2001 No. 551, eff. 4-1-02; CR 02-016: am. c1d cad 16., Register January 2003 No. 566, eff. 3-1-03; CR 09-018: am. c1d cbd 2. Register February 2010 No. 650, eff. 3-1-10; CR 15-023: am. c1d cad, 1., r. 2. Register December 2015 No. 720, eff. 1-1-16; CR 21-021: am. c1d cad 3., 4., 5., 7., 12., 15. Register November 2021 No. 791, eff. 4-1-22.

NR 20.18 Total daily bag limits. Daily bag limits identified in s. NR 20.20 are individual water limits that apply to the waters or portions of waters specified and may be combined with daily bag limits for other waters or portions of waters, but no person may exceed the total daily bag limit in this section unless authorized by s. NR 20.35 or for a specific water listed in s. NR 20.20, 21.04, 22.04 or 23.05 c5d.

Species	Total Daily Bag Limit
c1d Catfish.....	25 in total
c2d Cisco clake herringd, whitefish and their hybrids	
cad Inland waters.....	10 in total
cbd Outlying waters.....	10 in total
c3d Lake sturgeon.....	1 per season as specified in ss. NR 20.07 and 20.20 c73d ced
c4d Largemouth and smallmouth bass.....	5 in total
c5d Muskellunge.....	1
c6d Northern pike	
cad All waters north of U.S. hwy. 10.....	5 in total
cbd All waters south of U.S. hwy. 10.....	2 in total
c7d Panfish.....	25 in total
c8d Rock bass, white bass, yellow bass and bullheads.....	None
c9d Rough fish.....	None
c10d Ruffe, white perch and gobies.....	0 except as authorized in s. NR 20.20, but one of each may be killed and possessed for immediate delivery to a department service center or regional office
c11d Shovelnose sturgeon.....	3
c12d Trout and salmon	
cad Inland waters.....	5 in total, but only 2 may be lake trout
cbd Outlying waters.....	5 in total but only 2 may be lake trout
c13d Walleye, sauger and hybrids.....	5 in total

History: CR 04-024: cr. Register December 2004 No. 588, eff. 1-1-05; CR 09-051: am. c1d Register June 2010 No. 654, eff. 7-1-10; CR 15-023: am. c12d cad Register December 2015 No. 720, eff. 4-1-16; CR 19-009: am. c1d Register February 2020 No. 770, eff. 3-1-20; CR 19-016: am. c2d cad Register March 2020 No. 771, eff. 4-1-20; CR 19-091: am. c10d Register March 2020 No. 771, eff. 4-1-20.

NR 20.19 Possession limits. c1d POSSESSION LIMIT TABLE. Except as otherwise provided in this chapter, the following possession limits are established.

Species	Possession Limit
Catfish	50 in total
Cisco clake herringd, whitefish, and their hybrids	20 in total
Lake sturgeon	2 in total
Largemouth and smallmouth bass	10 in total
Minnnows	As specified in s. NR 20.14
Muskellunge	2 in total
Northern pike	10 in total
Panfish	50 in total
Rock bass, white bass, yellow bass, white perch, bullheads, and rough fish	No limit
Ruffe and gobies	1 of each which has been killed and possessed only for immediate delivery to a department service center or regional office
Shovelnose sturgeon	6 in total
Trout and salmon	10 in total from inland waters except that only 4 may be lake trout, and 10 in total from outlying waters except that only 4 may be lake trout
Walleye, sauger, and their hybrids	10 in total

c2d POSSESSION LIMIT EXCEPTIONS. The following fish do not contribute to a person[s possession limit:

cad Catfish caught on setlines, set or bank poles on the Fox river upstream from the DePere dam in Brown county.

cbd Panfish caught on Twin Valley lake in Iowa county.

ccd Any species of fish caught on Nebish, Pallette, Mystery, Spruce, or Escanaba lakes in Vilas county unless specified in s. NR 20.20 c64d.

cdd Any species of fish lawfully received by and stored at a fish distribution service, as defined in s. 29.001 c28d, Stats., for redistribution.

History: CR 21-058: cr. Register March 2022 No. 795, eff. 4-1-22; CR 23-058: am. c1d ctabled Register June 2024 No. 822, eff. 7-1-24.

NR 20.20 County and statewide table. In this section, subs. c1d through c72d list waters or portions of waters by county and specify authorized methods, open seasons, daily bag limits and size restrictions for the taking of fish that are exceptions to the general rules specified in sub. c73d. Daily bag limits identified in this section are individual water limits that apply to the waters or portions of waters specified and may be combined with other waters or portions of waters, but no person may exceed the total daily bag limit in s. NR 20.18 unless authorized by s. NR 20.35 or for a specific water listed in s. NR 20.20, 21.04, 22.04 or 23.05 c5d. For the purposes of this section, Xopen waterY means all water conditions that prevent a person from using ice as a platform for fishing.

COUNTY AND SPECIES	WATERS	AUTHORIZED METHODS	OPEN SEASON cboth dates included	DAILY BAG LIMIT	MINIMUM LENGTH OR OTHER SIZE RESTRICTIONS cINCHESd

Subchapter IV — Department Authority

NR 20.25 License waiver. c1d On the first Saturday and consecutive Sunday of June and the third Saturday and consecutive Sunday of January each year, no fishing license is required to fish the inland or outlying waters, pursuant to s. 29.197 c3d, Stats.

c2d The license waiver of sub. c1d does not apply to commercial fishing license requirements.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 13-001: am. c1d Register August 2013 No. 692, eff. 9-1-13.

NR 20.30 Department permitted to take fish. No provision in this chapter prohibits the department, its agents, wardens or representatives of the bureau of fisheries management and habitat protection from taking any of the fish mentioned at any time they deem it advisable and necessary to promote the general conservation progress.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99.

NR 20.33 Special open and closed seasons. c1d SEASON CLOSURE UNDER UNUSUAL CONDITIONS. cad *Water level reduction.* Pursuant to par. ced, the department may close the season for fishing in all or part of any inland water which has experienced sudden water level reduction or where a sudden reduction is imminent as a result of dam failure, draw down or other loss of water supply. The closed season shall remain in full force and effect until the department determines that the water has been returned to its original level and the season is open pursuant to par. ced 2. The department may close the season when it finds after scientific investigation and study, that all of the following have occurred:

1. Game fish have been or will be unusually concentrated due to the drop in water level and may, therefore, be more vulnerable to angler harvest.
2. The remaining game fish population structure cannot easily be replaced if subjected to continued angler harvest.
3. Water levels are expected to eventually return to normal.
4. Continued sport fishing may result in a depletion of the game fish supply.
5. Closure of the season is necessary to conserve the game fish supply until water levels are restored and to insure the citizens of this state continued opportunities for good fishing.

cbd *Fish concentrated under ice.* Pursuant to par. ced, the department may close the season for fishing through the ice in all or part of any inland water. The closed season shall remain in full force and effect until the water is no longer covered with ice and the season is opened pursuant to par. ced 2. The department may close the season when it finds, after scientific investigation and study, that all of the following apply:

1. The body of water is not expected to experience significant loss of its game fish population due to loss of oxygen.
2. Ice cover has caused an unusual concentration of game fish, increasing their vulnerability to angler harvest.
3. Continued sport fishing would deplete the supply of game fish.
4. A closed season is necessary to conserve the game fish supply and insure the citizens of this state continued opportunities for good fishing;

ccd *Fishery rehabilitation.* Pursuant to par. ced, the department may close the season for fishing in all or part of any inland

water in which fish have been removed or destroyed as a result of a rehabilitation program, to reestablish a good supply of game fish and insure the citizens of this state future opportunities for good fishing. The closed season shall remain in full force and effect until opened pursuant to par. ced 2., scientific investigation indicates the game fish population has achieved a harvestable surplus of fish of desirable size, and reopening the season does not conflict with the closed seasons for each species specified in sub. c1d.

cdd *Presence of nonindigenous species.* Pursuant to par. ced, the department may close the season for all bait harvest in all or part of any water that has been documented to contain detrimental species that are not indigenous to the waters of the state in order to prevent the further transport of nonindigenous species to other waters of the state. The department shall open the season pursuant to par. ced 2., if the department determines that the nonindigenous species is no longer present or the nonindigenous species no longer poses a threat to other waters of the state.

ced *Closing and reopening seasons.* 1. A closed season under par. cad, cbd, ccd or cdd shall become effective only after one or more public informational meetings are held by the department. The closed season shall be put into effect by publication of a notice in the state newspaper, posting the notice on or in the vicinity of the shore of the water affected, and by providing any other notice which the department deems reasonable.

2. A closed season under par. cad, cbd, ccd or cdd shall be discontinued only after publication of a notice in the state newspaper and removal of the notices posted on or in the vicinity of the shore of the water affected.

c2d URBAN FISHING PROGRAM. The department may establish an urban fishing program by posting the open and closed seasons on specified waters. The department shall post notice on the affected waters that a special fishing season applies. The notice shall state the name or description of the water to which the special fishing season applies, the persons permitted to fish during the special fishing season and the time period of the special fishing season. The department may designate or remove a body of water in accordance with the requirements of s. 29.053 c2d cad, Stats.

c3d TEMPORARY DIP NETTING AUTHORIZATION. The department shall open the season for fishing with dip nets in any waters when it finds after scientific investigation and study that the fish populations in the waters are threatened with imminent mortality because of depletion of dissolved oxygen or other adverse habitat conditions under which fish will not survive. During the open season all species of fish may be taken by means of dip nets not more than 3 feet in diameter or 3 feet square, but no person may have more than 25 pounds and one fish of any species of game fish of any size in possession. No person may fish with more than one dip net. The open season shall be put into effect by posting a notice thereof on or in the vicinity of the shore of the waters affected, the posting being deemed by the department to be the most feasible way of notifying the public that the open season for fishing with dip nets is in effect. The open season shall remain in full force and effect only so long as the waters are covered with ice and so long as the posting is continued.

c4d FISHERY REHABILITATION. The department may open the season for fishing with dip nets, minnow seines or spears in waters for which a permit for treatment with a toxicant has been issued. During the open season all species of fish of any size may be taken with no bag or possession limit. The open season shall

be from the date of issuance of said permit until the commencement of treatment and shall be put into effect by posting a notice thereof on or in the vicinity of the waters affected and by publication in one or more newspapers having wide circulation in the area affected.

c5d HARVEST QUOTAS AND SPECIAL EARLY CLOSURE OF THE STURGEON SPEARING SEASON. *cad Harvest quota.* The total allowable annual harvest for the Lake Winnebago system shall be based on an average annual harvest or exploitation rate of 5% of the estimated Lake Winnebago system population of adult female sturgeon, 5% of the estimated population of juvenile female sturgeon and 5% of the estimated population of male sturgeon.

1. Lake Winnebago shall be allocated 90% of the Lake Winnebago system harvest cap for adult female sturgeon, 80% of the Lake Winnebago system harvest cap for juvenile female sturgeon, and 80% of the Lake Winnebago system harvest cap for male sturgeon. For the February 2006 sturgeon spearing season, Lake Winnebago shall be allocated 100% of the harvest cap for all cohorts as there is no season on the upriver lakes that year.

2. The upriver lakes shall be allocated 10% of the Lake Winnebago system harvest cap for adult female sturgeon, 20% of the Lake Winnebago system harvest cap for juvenile female sturgeon, and 20% of the Lake Winnebago system harvest cap for male sturgeon.

3. The number of upriver lakes sturgeon spearing licenses or carcass tags issued annually for each upriver lakes sturgeon spearing season shall be determined by the department. The department shall base its determination for each upriver lakes sturgeon spearing season upon:

- a. The total allowable annual harvest allocated to the upriver lakes in subd. 2.
- b. The abundance of lake sturgeon in the Lake Winnebago system.
- c. Trends in upriver lakes sturgeon spearer success rates.
- d. Spearer distribution and density.

cbd Conditions for season closure. The department shall close the season for spearing sturgeon on Lake Winnebago if the actual harvest on Lake Winnebago meets or exceeds 90% of the total allowable annual harvest of adult female sturgeon, juvenile female sturgeon or male sturgeon from Lake Winnebago, as determined by the department. The department shall close the season for spearing sturgeon on the upriver lakes if the actual harvest on the upriver lakes meets or exceeds 90% of the total allowable annual harvest of adult female sturgeon, juvenile female sturgeon or male sturgeon from the upriver lakes, as determined by the department. The department shall close the season for spearing sturgeon on the Lake Winnebago system if the actual harvest on the Lake Winnebago system meets or exceeds 90% of the total allowable annual harvest of adult female sturgeon, juvenile female sturgeon or male sturgeon from the Lake Winnebago system, as determined by the department.

ccd Announcement and notice of season closure. The season closure for the lake Winnebago sturgeon spearing season or the upriver lakes sturgeon spearing season or both shall be announced by a department press release to local media and to the official state newspaper on the day that actual harvest meets or exceeds 90% of the total allowable annual harvest of juvenile female sturgeon, adult female sturgeon or male sturgeon for that season, based upon the registration of harvested sturgeon pursuant to s. NR 20.07 c6d. The department shall post notice of the closure in the vicinity of Lake Winnebago or the upriver lakes or both and provide other notice deemed reasonable by the department.

cdd Effective date of season closure. The season closure shall take effect at 1:00 p.m. on the day following issuance of the department press release announcing the season closure in par. ccd

when the actual harvest meets or exceeds 90% but is less than 100% of the total allowable annual harvest of juvenile female sturgeon, adult female sturgeon or male sturgeon for that season, based upon the registration of harvested sturgeon pursuant to s. NR 20.07 c6d. The season closure shall take effect at 7:00 a.m. on the day following issuance of the department press release announcing the season closure in par. ccd when the actual harvest meets or exceeds 100% of the total allowable annual harvest of juvenile female sturgeon, adult female sturgeon or male sturgeon for that season, based upon the registration of harvested sturgeon pursuant to s. NR 20.07 c6d.

NR 20.35 Alternate size and bag limits. c1d PURPOSE. Notwithstanding any provision of either ch. NR 21, 22, 23 or this chapter, for all or part of any inland, boundary or outlying water, the department may apply the alternative size limits, bag limits or both under this section for fish species identified in order to provide for better use and management of the fishery resource of the water to which the proposed alternate limit would apply.

c2d PROCEDURE. The department shall follow the following procedures in applying an alternate size limit or bag limit under this section:

cad Notice. The department shall prepare and distribute a notice of its intent to apply an alternate limit under this section. The notice shall be published as a class 1 notice under ch. 985, Stats., in a general circulation newspaper in the vicinity of the water and, if the proposal has statewide significance, in the official state newspaper. A copy of the notice shall be sent to individuals and organizations which the department believes may be interested in the matter. The notice shall include a description of the water affected, the fish species affected, the alternate limit which will apply, and the date the alternate limit will take effect. The notice shall invite the public to submit written comments and indicate that a public information meeting will be held on the alternate limit if requested in writing within 10 days after the notice is published.

cbd Public information meeting. If a public information meeting is requested under par. cad, the department shall conduct the public information meeting in the vicinity of the affected water. At the meeting the department shall describe the factual basis for its intended decision and shall receive comments from the public on the matter.

ccd Determination. If, based on facts and information available to it, including comments received in response to the notice and at any public information meeting which may be held, the department concludes that a condition described in sub. c3d affects fish in a specific water, it shall apply the corresponding alternate limit. The alternate limit shall take effect upon the posting of the notice under par. cdd.

cdd Posting. The department shall post notice at public access sites on the affected water that an alternate limit applies to a species of fish found in that water. The notice shall set out the name or description of the water or that part of the water to which the proposed alternate limit would apply, the species of fish affected, the corresponding alternate limit and the effective date of the alternate limit.

ced List. The department shall maintain a current list of all waters to which an alternate limit under this section applies. The

list shall be available for public inspection at the department[s] central office during regular office hours.

Note: The list will be available for review at the offices of the bureau of fisheries management and habitat protection, 101 South Webster Street, Madison, WI.

c3d ALTERNATE LIMIT. *cad Size limits.* If the department finds under sub. **c2d** that one or more of the following conditions exists in a particular water, the corresponding alternate size limit shall apply to the named species of fish in that water.

1. No size limit shall apply to walleye, largemouth bass or smallmouth bass if, for the particular species in a particular water, the department finds that at least one of the following conditions exist:

a. Angler exploitation of the species is less than 15% of the population of fish larger than the original size limit.

b. Total adult mortality for that species is less than 30% of the population.

d. Walleye males do not grow to a length of at least 13 inches in 4 years or largemouth bass or smallmouth bass do not grow to a length of at least 12 inches in 5 years in all inland waters lying north of a line following state highway 77 from its bridge over the St. Croix river then east on state highway 77 to its intersection with state highway 27, then south on highway 27 to its intersection with state highway 64, then east along highway 64 to its end, then continuing east to the waters of Green Bay or in inland waters of Brown, Kewaunee or Door counties north of a line beginning with the state highway 29 bridge over the Fox river, then east along state highway 29 to its end, then continuing east to Lake Michigan.

e. Largemouth bass or smallmouth bass do not grow to a length of at least 14 inches in 6 years in inland waters other than those identified in subd. **1. d.**

2. Alternate size limits may apply to walleye, largemouth bass, smallmouth bass, muskellunge, catfish, northern pike, or panfish if, for the particular species in a particular water, the department finds that at least one of the following conditions exist:

a. A lake restoration project is in place to reduce detrimental fish species that includes bio-manipulation of a waterbody through increasing the abundance and biomass of predator game fish. The department shall apply the following minimum size limits to particular species: 18-inch walleye, 18-inch largemouth or smallmouth bass, or 32-inch northern pike.

b. Fish have been removed or destroyed as a result of a rehabilitation program to reestablish a good supply of game fish. The department shall apply the following minimum size limits to particular species: 18-inch walleye, 18-inch largemouth or smallmouth bass, or 32-inch northern pike.

c. An inland water has been documented to contain detrimental species, species nonindigenous to the waters of the state, or rough fish. In order to control the population of detrimental, nonindigenous, or rough fish species and protect the native fish populations, the department shall apply the following minimum size limits to particular species: 18-inch walleye, 18-inch largemouth or smallmouth bass, or 32-inch northern pike.

d. The department finds that an evaluation of a size limit could not be completed before a sunset date listed in s. **NR 20.20**. The department may extend the size limit under sub. **c2d** and the limit shall remain the same and in full force and effect for 7 years from the date specified in s. **NR 20.20** or until a permanent rule change is in place, whichever occurs first. The determination to extend a size limit sunset date under sub. **c2d** shall be made within two years prior to the sunset date listed in s. **NR 20.20**.

cbd Bag limits. If the department finds under sub. **c2d** that one or more of the following conditions exists in a particular water, the corresponding alternate bag limit shall apply to the named species of fish in that water. Alternate daily bag limits may apply

to walleye, largemouth bass, smallmouth bass, muskellunge, catfish, northern pike, or panfish if, for the particular species in a particular water, the department finds that at least one of the following conditions exist:

1. A lake restoration project is in place to reduce detrimental fish species that includes bio-manipulation of a waterbody through increasing the abundance and biomass of predator gamefish. The department shall apply the following daily bag limits to particular species: 3 walleye, 1 largemouth or smallmouth bass, 1 northern pike, or 10 panfish.

2. Fish have been removed or destroyed as a result of a rehabilitation program to reestablish a good supply of game fish. The following daily bag limits shall apply to particular species: 3 walleye, 1 largemouth or smallmouth bass, 1 northern pike, or 10 panfish.

3. An inland water has been documented to contain detrimental species, species nonindigenous to the waters of the state, or rough fish. In order to control the population of detrimental, nonindigenous, or rough fish species and protect the native fish populations, the department shall apply the following daily bag limits to particular species: 3 walleye, 1 largemouth or smallmouth bass, 1 northern pike, or 10 panfish.

4. The department finds that an evaluation of a daily bag limit could not be completed before a sunset date listed in s. **NR 20.20**. The department may extend the daily bag limit under sub. **c2d** and the limit shall remain the same and in full force and effect for 7 years from the date specified in s. **NR 20.20** or until a permanent rule change is in place, whichever occurs first. The determination to extend a daily bag limit sunset date under sub. **c2d** shall be made within two years prior to the sunset date listed in s. **NR 20.20**.

ccd Statewide size and bag limits. Upon making a determination under sub. **c2d**, the department may establish that a general size and bag limit found in the statewide table under s. **NR 20.20 c73d** is in effect or, for inland trout and salmon, the county base regulation for Xall waters not listedY in each county in s. **NR 20.20** is in effect.

cdd Size and bag limits where fish consumption advisories have been established. The department may establish an alternate size or bag limit upon finding that one of the following conditions exist in fish sampled from a particular water: More than 10% of the fish tested of that species, in fillets with the skin on, contain .75 parts per million or more mercury, 2 parts per million or more PCB copolychlorinated biphenyl, 5 parts per million or more DDT dcichloro diphenyl trichloroethane, 5 parts per million or more Toxaphene, 0.3 parts per million or more Chlordane, or 0.3 parts per million or more Dieldrin. Upon making a determination under sub. **c2d ccd**:

1. The size limit shall be established so that it allows consumption of fish of sizes which may be consumed under the recommendations of a health guide for eating fish in Wisconsin as published on the department[s] website.

2. The bag limit shall be zero where the recommendation is that no fish should be consumed.

Note: XChoose Wisely, A Health Guide for Eating Fish in WisconsinY is a brochure that helps people plan how much fish they can safely eat. It is based on testing conducted on individual waters and also contains statewide recommendations. Printed copies may be available at department offices and the brochure is also located on the department[s] website. Information in Hmong and Spanish languages is available on the department[s] website.

c4d TERMINATION OF ALTERNATE LIMITS. Any time the department has reason to believe that the condition which led to the application of an alternate limit under this section no longer affects a species of fish in a particular water, it may remove the alternate limit by following the procedures under sub. **c2d cad** to **ccd**. Following its determination to remove an alternate limit the department shall remove or modify the posted notices of alternate limits and the original bag limit or size limit shall then apply.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 13-019: am. c3d Register December 2013 No. 696, eff. 1-1-14; correction in numbering in c3d cbd made

under s. 13.92 c4d cbd 7., Stats., Register December 2013 No. 696; CR 17-012: r. c3d cad 1. c., cr. c3d ccd, cdd Register March 2018 No. 747 eff. 4-1-18; CR 19-091: am. c3d ccd Register March 2020 No. 771, eff. 4-1-20.

NR 20.36 Modifications in daily bag limit and minimum size limit in response to tribal harvest. c1d ADJUSTMENT. In order to prevent a total harvest of more than 35% of the adult walleye population or 27% of the adult muskellunge population, the secretary may lower the daily bag limit on walleye or adjust size limits for walleye or muskellunge in specific waters in response to the harvest goals or actual harvest of the Chippewa Bands for their spear, net or trap fisheries. The adjusted daily bag and size limits shall be in effect until the first Sunday in March of the year following the tribal harvest. The safe harvest levels on individual waters shall be determined by the department.

cad *Walleyes*. The daily bag limit may be reduced in response to harvest by the Chippewa Bands[spear, net, or trap fisheries. The extent of the reduction depends upon the percent of the safe harvest taken and the age of the population estimate used to determine the safe harvest or if a regression model was used to determine the safe harvest. The daily bag limits to be used with the different percentages and for various basis of determining the safe harvest are as follows:

**Reduced Daily Bag Limits for Walleye Angling
Percent of Safe Harvest Speared, Trapped or Netted**

Daily bag limit	Current population estimate	Population estimate made 1-2 years ago	Population estimate made 3 years ago or more or regression model
0	69% or more	95% or more	95% or more

cbd *Muskellunge*. The minimum size limit will be increased when the department is notified by the Chippewa bands that their harvest goal on an individual water is 60% or more of the safe harvest. The minimum size limits to be used with different percentages of the safe harvest are as follows:

**Increased Minimum Size Limits
for Muskellunge Angling**

Percent of safe harvest to be speared, trapped or netted by tribes	Minimum size limit
60-94	45 inches
95 or more	55 inches

c2d READJUSTMENT. In response to actual tribal harvest, the secretary may raise the daily bag limit or reduce the minimum size limit to the limit specified as appropriate using the percent of the safe harvest level expected to be harvested through the first Sunday in March of the next year as indicated in sub. c1d. If actual harvest subsequently exceeds the expected harvest level, the daily bag limit or the minimum size limit may be adjusted the following year to reflect actual harvest for that year and harvest goals of the Chippewa Bands for the next year. If a new population estimate is made, the safe harvest level shall be changed accordingly and the secretary may adjust the daily bag limit or minimum size limit according to the percentage of the new safe harvest level that is expected to be harvested as indicated in sub. c1d, where deemed necessary to remain consistent with the safety factors established under *Lac Courte Oreilles v. State of Wis.*, 707 F. Supp. 1034 cW. D. Wis. 1989d. The readjusted daily bag and size limits shall be in effect until the first Sunday in March of the year following the tribal harvest.

c3d DAILY BAG AND POSSESSION LIMITS. cad Reduced daily

bag limits calculated pursuant to this section are individual lake limits and may be combined, but no person may exceed a total daily bag limit of 5 walleyes and no person may possess or have under control more than the possession limit of 10 walleyes.

cbd While fishing any waters with adjusted size or bag limits calculated pursuant to the provisions of this section, no person may possess fish in excess of the bag limit or of any size other than authorized for that water.

c4d NOTICE. Adjustments and readjustments of bag limits and minimum size limits under subs. c1d and c2d shall become effective upon publication of the adjustment or readjustment in the official newspaper in the area affected.

Register, May, 1999, No. 521, eff. 6-1-99; CR 02-073: am. c3d cbd, Register 2003 No. 565, eff. 2-1-03; CR 09-051: am. c1d cintro.d and c2d Register June 2010 No. 654, eff. 7-1-10; CR 13-019: am. c2d Register December 2013 No. 696, eff. 1-1-14; EmR1511 emerg. am. c1d cintro.d, cad, c2d, eff. 5-1-15; EmR1609 emerg. am. c1d cintro.d, cad, c2d, eff. 2-3-16; CR 15-042: am. c1d cintro.d, cad, c2d Register March 2016 No. 723, eff. 4-1-16.

NR 20.38 Control of detrimental fish. The department finds, pursuant to s. 29.424 c1d, Stats., that the following fish species are detrimental in the waters specified. The department may remove them from the waters specified or cause them to be removed, pursuant to ss. 29.421 and 29.417, Stats.:

c1d BULLHEADS. The department finds that bullheads are detrimental in the following waters:

cad All waters in Barron, Burnett, Chippewa, Marathon, Oneida, Polk, Price, Rusk, Sawyer, St. Croix, Taylor, Vilas, and Washburn counties.

cbd *Adams and Juneau counties*. Castle Rock flowage and the Wisconsin river beginning at the Petenwell dam and extending downstream to the Castle Rock dam except for that part of the Yellow river in Castle Rock flowage locally called the Buckhorn area, upstream from the electric power transmission line across the flowage in sections 26 and 35, T17N, R4E, Juneau county.

ccd *Dodge county*. Beaver Dam lake and the Rock river from hwy. 49 downstream to the dam in Hustisford.

cdd *Florence county*. Bass, Fay, Frog, Halsey, Long cForest countyd, Patten, Scout and West Bass lakes; Line and Pine river flowages.

ced *Forest county*. Arbutus lake, Crane lake, Jungle lake, Lake Metonga, Lily lake, Little Rice lake, Pickerel lake, and Roberts lake.

cfid *Lafayette county*. Yellowstone lake.

cid *Sheboygan county*. Sheboygan marsh.

ckd *Wood county*. Petenwell flowage and the Wisconsin river beginning at the Nekoosa dam in Wood county extending downstream to the Petenwell dam in Adams and Juneau counties.

c3d CATFISH. The department finds that catfish are detrimental in the following waters:

cad *Green Lake county*. Green lake.

c4d PANFISH. The department finds that panfish are detrimental in the following waters:

cad *Washburn county*. All waters in the township of Chicog.

cbd *Oneida county*. Crescent lake csections 8, 16, 17, 18, 20, 21, T36N, R8Ed and Stella lake.

c6d NONINDIGENOUS FISHES. The department finds that all fish species, strains or hybrids that are not indigenous to the waters of the state are detrimental fish in all waters of the state except where their presence is specifically permitted under s. 29.736, Stats.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; correction in c6d made under s. 13.93 c2md cbd 7., Stats., Register September 2002 No. 561; CR 13-001: r. c2d Register August 2013 No. 692, eff. 9-1-13; CR 17-051: am. c1d cad, Register March 2018 No. 747 eff. 4-1-18; CR 23-058: am. c1d cad, cdd, ced, r. c1d cgd, chd, cjd, cLd, c3d cbd, c5d Register June 2024 No. 822, eff. 7-1-24.

NR 20.39 Permits for use of nonstandard minnow gear on inland waters. c1d The department may issue a permit under this section to a licensed bait dealer for the taking of minnows with minnow seines, minnow dip nets or minnow traps which are otherwise prohibited by s. NR 20.14. Applications shall be submitted on forms available from the department to the regional office having jurisdiction over the affected waters, and all of the following provisions shall apply to nonstandard gear permits:

Note: The permit application form is available at <https://dnr.wi.gov>, search Xbait harvest.

cad The department may issue the permit if it determines that all of the conditions of this paragraph are met, and may specify conditions in the permit to minimize user conflict in the waterbodies of harvest, manage cumulative harvest of minnows from specific waterbodies, minimize bycatch, and protect fish habitat:

1. For waters with adequate public access according to s. NR 1.90 c2d cad, the department shall determine if:

a. The department does not need the minnows for its fish management activities.

b. Removal of the minnows will not cause or substantially contribute to a long-term depletion of the forage base.

c. Threatened or endangered species listed in ch. NR 27 are not known to be present in or near the affected water.

d. Unique or sensitive biological values such as nesting loons or heron rookeries are not present in, on or near the affected water.

e. The use of the minnow seines, minnow dip nets or minnow traps is not likely to hinder or interfere with the exercise of a permit issued earlier in the year to another person for the water.

f. The use of the minnow seines, minnow dip nets or minnow traps is not likely to hinder or interfere with any other public uses of the water.

g. The use of the minnow seines, minnow dip nets or minnow traps is not likely to result in the spread of invasive species or diseases.

2. For waters lacking adequate public access and for waters surrounded by private lands, the department shall determine if:

a. The requirements of subd. 1. a. to e. and g. are met; and

b. The applicant provided the department with the name, mailing address and telephone number of the person granting the applicant legal access to the water.

Note: Under s. NR 19.057, a bait dealer also must have a wild harvest permit from the department to take wild minnows for use as bait.

cbd Permits issued by the department under this subsection shall:

1. Include the permit holder[s] name, address and bait dealer[s] license number.

2. Specify the water where the permit is valid.

3. Describe the minnow seines, minnow dip nets or minnow traps authorized.

3m. Specify conditions on raising the traps and removing minnows.

3s. For gear set in trout streams, specify conditions limiting gear type, size or number based on stream size.

4. Include an expiration date of December 31 of the calendar year in which the permit is issued, unless an earlier date is set under par. ccd.

5. Prohibit the removal or destruction of vegetation, logs and other habitat features.

6. Require that minnows be transported only in tanks equipped with either an oxygen tank or an adequate aeration system.

7. Require that transport tanks and holding facilities not be loaded beyond their capacity to keep the minnows alive and healthy.

8. Require that all minnows taken under the permit be sold or used only for angling or rearing of fish in department or private fish hatcheries.

9. Require that all minnows which are not kept for use or sale and all game fish caught by the minnow seines, minnow dip nets or minnow traps be promptly returned unharmed to the water.

ccd The department may require reporting of the permit holder[s] activities under the permit and may set reasonable permit conditions to insure that the requirements of par. cad are met.

cdd The department shall act on a complete application for a permit under this section within 20 business days after it is received by the appropriate department regional office.

ced No permit holder may cause or allow the violation of any term or condition of a permit issued under this section. In addition to any other penalties, if a permit holder is convicted of causing or allowing a violation of any term or condition of a permit, the permit is terminated.

cfd The department may, at any time, revoke or modify a permit issued under this section if it determines that the minnow supply is in danger of being depleted in the water for which the permit was issued. A permit revocation or modification shall become effective when it is received by the permit holder or 3 business days after it is mailed to the permit holder at the address shown on the permit, whichever occurs first.

cgd Any person aggrieved by a decision of the department under this section may, within 30 days of the mailing of the decision, request a contested-case hearing before the department on the decision under s. 227.42, Stats.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 01-012: am. c1d cintro.d, cr. c1d cbd 3m., Register November 2001 No. 551, eff. 4-1-02; emerg. am. c1d cintro.d and cad, eff. 11-2-07; CR 07-074: am. c1d cintro.d and cad Register May 2008 No. 629, eff. 6-1-08; CR 23-053: am. c1d cintro.d, cad cintro.d, cr. c1d cbd 3s. Register April 2024 No. 820, eff. 5-1-24; correction in c1d cbd 1. to 3., 4. to 8. made under s. 35.17, Stats., Register April 2024 No. 820.

NR 20.40 Fishing tournaments. c1d APPLICABILITY. This section applies to fishing tournaments on lakes, rivers, the Great Lakes, Wisconsin-Minnesota boundary waters as defined in s. NR 21.02 c39d, Wisconsin-Iowa boundary waters as defined in s. NR 22.02 c34d, and Wisconsin-Michigan boundary waters as defined in s. NR 23.02 c10d.

c2d DEFINITIONS. In this section:

cad XAquatic invasive speciesY has the meaning in s. NR 193.03 c3d.

cbd XAquatic plantY has the meaning in s. 30.07 c1d cbd, Stats.

ccd XCatch and kill tournamentY means a fishing tournament where fish are caught by participants, reduced to their possession, and retained as part of the participant[s] daily bag limit.

cdd XCatch-hold-release tournamentY means a fishing tournament where fish caught by participants are reduced to possession and transported, usually for purposes of recording, and live fish are then released to the water from which they came. This format was previously referred to as a Xlive-releaseY tournament.

cdmd XCullY or XcullingY means the practice of releasing a live fish that was held in an angler[s] possession and replacing it with another fish. Live fish that are released and capable of swimming away under their own power are not considered part of the angler[s] daily bag limit provided the total number of fish possessed at any one time does not exceed the angler[s] daily bag limit.

Note: Section 29.403 c1md, Stats., allows culling only during largemouth and smallmouth bass fishing tournaments authorized by the department. An angler

must release the fish to be culled without unnecessary delay when keeping a new fish that would otherwise put them over their daily bag limit, and may not resume fishing or other activities until the fish to be culled is first released.

ced **XFishing tournament**Y means any organized fishing activity, on any water of the state where competition is the primary purpose, and where incentives, such as money, prizes or points, are awarded.

cfid **XImmediate-release tournament**Y means a fishing tournament where fish caught by participants are not reduced to possession and transported, but are held only long enough for identification and to document length or weight or both, and released to the water from which they came.

cgd **XLive welly**Y means a container designed to hold live fish on a boat.

chd **XOff-site weigh-in**Y means a weigh-in of fish caught in a catch-hold-release tournament at a location that is not on the shoreline or adjacent to the waters listed on the fishing tournament permit.

cid **XOpen water fishing**Y means all fishing that occurs except when ice is used as a platform from which to fish.

cjd **XOpening weekend**Y means the first Saturday and consecutive Sunday in May.

ckd **XOrganize**Y means to advance, conduct, direct, establish, promote or otherwise be responsible for the operation of a fishing tournament.

cld **XOrganizer**Y means a person who advances, conducts, directs, establishes, organizes, promotes or otherwise is responsible for the operation of a fishing tournament, but does not include a person who only assists in advertising or publicizing another person's fishing tournament.

cmd **XPermitted fishing tournament**Y means a fishing tournament that requires a permit from the department.

cnd **XPermitted fishing tournament boat days**Y is a measure of tournament fishing pressure for open water permitted fishing tournaments. It is calculated by multiplying the number of boats participating in an open water permitted fishing tournament by the number of days the permitted fishing tournament is held. Any part of a day shall count as one day.

cod **XPerson**Y means any individual, partnership, association, organization or body politic or corporate.

cpd **XPossess**Y for the purposes of this section means to own, control, restrain, transport or keep. Once a fish is possessed, it shall be counted towards the angler's daily bag limit pursuant to s. NR 20.05 c7d. Any of the following conditions constitute possession:

1. Holding a fish out of the water longer than necessary to remove hooks and measure the fish for length, weight or both.
2. Placing a fish into a live well except to revive a fish or to avoid imminent boating danger.
3. Holding a fish at the side of a stationary boat for longer than necessary to register and revive the fish.
4. Resuming fishing by any angler in the boat prior to the release of the fish.

cqd **XPrizes**Y means money or items that are provided to a tournament participant based on their performance in a competitive fishing event. This does not include **Xraffle**Y type prizes which are given to tournament participants independent of their performance in the competitive fishing event.

crd **XTraditional fishing tournament**Y means a fishing tournament that was issued permits 4 out of 5 years from 2004 to 2008, for the same water or waters and time period. Beginning January 1, 2009, traditional fishing tournaments shall continue to be conducted at least 4 out of 5 years for the same waterbody and time period to remain a traditional fishing tournament.

csd **XWeigh-in**Y means a registration process for catch-hold-release tournaments by which fish are measured and released.

Note: Weigh-ins on certain department-managed properties may require special event authorization from the department, pursuant to ch. NR 45.

c3d **PERMIT REQUIRED.** No person may carry out a fishing tournament that meets any of the criteria in pars. **cad** to **cfid**, without a permit. A person shall obtain a permit from the department to organize a fishing tournament when the waters to be fished are identified by name by the organizer and one or more of the following apply:

cad The fishing tournament involves 20 or more boats, or 100 or more participants.

cbd The fishing tournament includes any trout species on waters classified as trout streams under s. NR 1.02 c7d.

ccd The fishing tournament is a catch-hold-release tournament with an off-site weigh-in.

cdd The total prize value is \$10,000 or greater.

ced Tournament participants are allowed to cull largemouth and smallmouth bass.

cfid Notwithstanding the size and bag limits established in s. NR 20.20, catch-hold-release tournament participants are allowed to take a daily bag limit of up to five bass of a minimum of 14 inches in length.

c3md **PERMIT EXCEPTIONS.** Except as provided in s. NR 20.40 c3d **cfid**, organizers do not need a permit under this section to organize and conduct any of the following:

cad Fishing tournaments that are statewide or regional in nature where the specific waters to be fished and landings that must be used, if any, are not identified by name.

cbd Fishing tournaments that do not require identification or registration of participants prior to engaging in the tournament.

ccd Fishing tournaments that fulfill all of the following:

1. Continue for more than 4 days.
2. Do not require participants to fish at the same time.
3. Allow participants to register at any time during the tournament.
4. Do not specify a weigh-in time.

c3sd **TOURNAMENT SELF-REGISTRATION.** A person who organizes a fishing tournament that does not require a permit from the department as determined under subs. **c3d** and **c3md** shall register the event with the department no later than 72 hours prior to the start of the event, in the manner specified by the department, and shall provide all of the following information:

cad The date or date range of the event.

cbd The waterbodies that will be fished during the event unless the event is statewide or regional in nature and no specific waterbodies or landings are named.

ccd The estimated number of participants.

cdd The estimated number of boats, unless the event is an ice fishing tournament.

ced The fish species targeted.

cfid Other information required by the department in the registration form.

c4d **APPLICATION.** A person who wishes to organize a fishing tournament requiring a permit from the department shall apply on forms available from the department.

cad Permit applications shall specify an individual who is responsible for supervising the tournament to ensure compliance with all tournament permit conditions and regulations.

cbd Applicants for a fishing tournament permit shall pay a \$25.00 non-refundable permit application fee upon submission of the application when the following conditions apply:

1. The tournament format is immediate-release; or
2. Total prizes provided to tournament participants are valued at less than \$1,001; or
3. The tournament targets salmon or trout species on Lake Michigan, Green Bay, or Lake Superior; or
4. The tournament targets rough fish as defined in s. 29.001 c74d, Stats.

ccd Applicants for a fishing tournament permit shall pay a

\$50.00 non-refundable permit application fee upon submission of the application when the following conditions apply:

1. The tournament format is catch-hold-release or catch and kill; and

2. Total prizes provided to tournament participants are valued at \$1,001 or greater and less than \$10,001.

cdd Applicants for a fishing tournament permit shall pay a \$200.00 non-refundable permit application fee upon submission of the application when the following conditions apply:

1. The tournament format is catch-hold-release or catch and kill; and

2. Total prizes provided to tournament participants are valued at \$10,001 or greater.

ced There is no fee for a fishing tournament permit where 50% or more of the participants are younger than 18 years of age or are developmentally disabled as defined under s. 51.01 c5d cad, Stats., or physically disabled and eligible for a license under s. 29.193 c3d or c3md, Stats.

Note: Application forms may be obtained at no charge from department service centers and regional offices or by visiting the department website at <http://dnr.wi.gov/topic/fishing/tournaments>.

c5d PERMIT APPLICATION PROCESS. cad The department shall accept permit applications for traditional fishing tournaments beginning on January 1 of the year preceding the tournament.

cbd The department shall accept permit applications for tournaments that are not traditional fishing tournaments beginning on April 1 of the year preceding the tournament.

ccd All permit applications and application fees must be received by the department at least 30 days prior to the start of the tournament. The department may review permit applications received within 30 days of the tournament start date if the applicant pays a late fee in addition to the application fee which shall be equal to the application fee specified under sub. c4d. If the department is unable to review a late application, the application fee will be returned to the applicant.

cdd The department shall approve or deny permit applications

on a first come first served basis in compliance with the limits in subs. c7d and c8d.

c6d COMPLIANCE. cad All participants in a permitted fishing tournament shall comply with all provisions of the permit.

cbd If a participant fails to comply with the permit, the violating participant shall promptly be disqualified and expelled from the tournament by the organizer.

ccd All organizers of a permitted fishing tournament shall comply with all permit terms and conditions and the rules of this section and shall take adequate measures to ensure that all participants comply with all provisions of the permit. The organizer of a permitted fishing tournament shall provide each participant a copy of the permit conditions and rules specific to the fishing tournament along with potential penalties for noncompliance prior to any participant being allowed to participate in the tournament.

cdd Notwithstanding par. cbd, the department may take other appropriate enforcement action against a participant or organizer found to be in violation of this chapter or ch. 29, Stats.

c7d LIMITS ON SIZE AND NUMBER OF FISHING TOURNAMENTS. The size and number of permitted fishing tournaments allowed on a water body may not exceed the following limits except in Lake Michigan, Green Bay, Lake Superior, and Lake Winnebago where there are no limits on the size and number of permitted fishing tournaments. Traditional fishing tournaments may be permitted to exceed the limits established in this subsection up to the maximum level of participation or boat days associated with that tournament in the past 5 years. Bass fishing tournaments with fewer than 20 boats will not be included in the maximum daily number of boats allowed on open water, the maximum monthly number of permitted fishing tournament boat days, the maximum daily number of concurrent permitted fishing tournaments, or the maximum number of permitted fishing tournaments per month on rivers.

cad The following monthly limits on permitted fishing tournament size, number, and total boat days are based on lake acreage are outlined in the table below.

LAKE OR LAKE CHAIN SIZE cACRESd	MAXIMUM DAILY NUMBER OF BOATS ALLOWED FOR PERMITTED OPEN WATER FISHING TOURNAMENTS	MAXIMUM MONTHLY NUMBER OF PERMITTED FISHING TOURNAMENT BOAT DAYS	MAXIMUM DAILY NUMBER OF PARTICIPANTS ALLOWED FOR PERMITTED ICE FISHING TOURNAMENTS	MAXIMUM DAILY NUMBER OF CONCURRENT PERMITTED FISHING TOURNAMENTS
1. Less than 100	0	0	150	1 cice fishing onlyd
2. 100-449	25	50	250	1
3. 450-999	50	300	500	1
4. 1,000-4,999	125	1,125	1,000	2
5. 5,000-9,999	150	2,400	1,500	2
6. Larger than 10,000	Determined by actual acreage c1 boat{50 acresd	3,000	No Limit	No Limit

cbd Open water fishing tournaments on lakes or lake chains smaller than 100 acres may be permitted if the department finds that the tournament:

1. Will promote public awareness of fishing and the state[s] resources and conforms to the best management practices for the lake; or

2. Is a traditional fishing tournament.

ccd The following shall apply to fishing tournaments permitted for any combination of lakes within a chain of interconnected lakes:

1. Permitted fishing tournaments may engage in fishing activities in lake chains or connected lakes but the tournament orga-

nizer must select a lake where the primary fishing activity or weigh-in will take place.

2. The availability of permits will be based on the acreage of the lake selected in subd. 1. as outlined in par. cad.

cdd For boundary water lakes, the limits on the number of permitted fishing contests shall be determined based on the Wisconsin acreage.

ced For flowages and impoundments of rivers, the limits in par. cad shall include tributaries upstream to the first dam or road crossing unless otherwise specified in the permit.

cfid The following provisions apply to rivers:

1. The maximum number of permitted fishing tournaments

per month on the Mississippi River, Lake St. Croix, St. Croix River, Wisconsin River, Fox River and Wolf River are outlined in the following table.

RIVER SEGMENT OR SECTION	MAXIMUM NUMBER OF PERMITTED FISHING TOURNAMENTS PER MONTH
1. Mississippi River: Pool 3; 5; 5A; 6; 7; 8; 9	4 each pool
2. Mississippi River: Pool 4	5
3. Lake St. Croix	4
4. Mississippi River: Pool 10; 11; 12	8
5. St. Croix River, Wisconsin River, Fox River, Wolf River cexcluding Lake Winnebago system waters as defined in s. NR 20.03 c19dd	2 each 10 mile segmentd

2. Fishing tournament waters identified in the permit for Mississippi River pools are limited to no more than 3 pools where each pool is separated by a lock and dam.

2m. Fishing tournaments permitted by the Minnesota Department of Natural Resources are authorized to operate in Wisconsin portions of Wisconsin-Minnesota boundary waters under the regulations specified in the Minnesota permit.

Note: Under s. 29.403 c1md, Stats., a bass tournament permitted by the Minnesota Department of Natural Resources may cull largemouth and smallmouth bass in Wisconsin portions of Wisconsin-Minnesota boundary waters. Culling is not allowed in Minnesota waters of Wisconsin-Minnesota boundary waters at the time this rule was drafted. Tournaments authorized by the Wisconsin Department of Natural Resources may not cull in Minnesota waters unless authorized by the Minnesota Department of Natural Resources.

3. No more than 2 permitted fishing tournaments per month, not to exceed 4 days combined, may be issued for any 10 mile segment of a river not listed in subd. 1., as defined in the permit. If any portion of river permitted overlaps with a previously permitted portion of the same river, it shall be considered the same segment. Segment boundaries shall be readily identifiable features as close to 10 miles apart as possible.

4. Permitted fishing tournaments may engage in fishing activities in multiple pools but the tournament organizer must select the pool where the primary fishing activity or weigh-in will take place. The availability of permits will be based on the selected pool as outlined in subd. 1.

c8d ADDITIONAL FISHING TOURNAMENT PERMITS. Notwithstanding the limits in sub. c7d, the department may allow one additional permit each year for fishing tournaments on lakes greater than 1,000 acres or river segments identified by the department. For additional fishing tournaments permitted under this subsection, the fishing tournament permit applicant shall demonstrate to the department that the tournament:

cad Will promote public awareness of fishing and the state[s] resources and conform to best management practices for the lake; or

cbd Is a traditional fishing tournament.

ccd The department may issue one advance tournament permit for each waterbody in each year that authorizes a tournament on that waterbody up to 3 years before the tournament is to occur when:

1. The tournament sponsor can demonstrate undue hardship unless they receive an advance permit, and
2. The tournament sponsor can demonstrate a substantial economic benefit to the local economy by being able to receive a tournament permit up to 3 years in advance for a specific waterbody.

c9d DISPOSITION OF DEAD FISH. The department shall require each applicant to provide a written plan for the disposition of any dead fish encountered within a 48-hour period from the end of the tournament and are a result of the fishing tournament which complies with s. 23.095 c1gd, Stats. No plan may include retention of any fish contrary to the requirements of department rule, except that the department may, via permit condition, authorize a tournament organizer or their designee to receive and trans-

port trout or salmon from tournament participants, in excess of established possession limits, for immediate delivery to a food distribution service as defined in s. 29.001 c28d, Stats.

Note: Section 23.095 c1gd, Stats., General prohibition. No person may damage or attempt to damage any natural resource within the state. Under s. 23.095 c1d cad XDamageY means to commit a physical act that unreasonably destroys, molests, defaces, removes or wastes.

c10d GENERAL PROVISIONS AND PERMIT CONDITIONS. cad No person may organize fishing tournaments on the same body of water with starting dates separated by less than 2 weeks unless 50% or more of the participants in the additional tournament are younger than 18 years of age or are developmentally disabled as defined under s. 51.01 c5d cad, Stats., or physically disabled and eligible for a license under s. 29.193 c3d or c3md, Stats.

cbd The department may deny an application for a fishing tournament permit upon determination that the body of water, the fish or other aquatic resources may be substantially harmed by the concentration of fishing activity from the fishing tournament.

ccd No person may conduct a fishing tournament on any of the following unless it is a traditional fishing tournament:

1. Opening weekend of the fishing season, except that a person may conduct a fishing tournament that is not a traditional fishing tournament on opening weekend on waters with a continuous open harvest season for that species.
2. 3-day Memorial Day weekend.
3. Fourth of July.
4. 3-day Labor Day weekend.

cdd The department may require the tournament organizer to make parking arrangements in addition to those normally present at location where the event is taking place for the fishing tournament participants in order to ensure reasonable public access to the water where the permitted fishing tournament is being conducted. A plan outlining the alternative parking arrangements shall be submitted to the department upon request. The department may withhold approval of a fishing tournament permit application until an adequate alternative parking plan or parking arrangements have been provided by the organizer.

ced For open water permitted fishing tournaments, participants[boats shall be identified in a uniform manner that makes them easily identifiable on the water as fishing tournament participants and the method for identification shall be provided to the department. This requirement does not apply to tournaments on the Great Lakes for trout and salmon.

cfđ The following provisions apply to immediate-release tournaments:

1. Participants may not reduce fish to their possession.
2. Participants shall immediately initiate the official tournament registration process upon landing a fish.
3. Participants shall successfully release the fish, as indicated by the capability of the fish to swim away upright under its own power, prior to resuming fishing.

cgd The following provisions apply to catch-hold-release tournaments:

1. No person may conduct a catch-hold-release tournament for muskellunge, northern pike, sturgeon or trout with an off-site weigh-in.

2. No person may conduct a catch-hold-release tournament unless they follow the conditions related to fish handling specified on the permit.

3. No person may participate in a catch-hold-release open water tournament unless their boat is equipped with a live well that is demonstrated to the tournament organizer as functioning properly prior to fishing in the fishing tournament.

3m. No person may participate in a catch-hold-release ice fishing tournament unless they have a container capable of holding and transporting live fish in water.

4. Except as provided in par. [cgmd 4.](#), no person may hold fish in a catch-hold-release tournament in on-shore holding tanks unless the tanks have the capacity to hold at least one gallon of water per pound of fish held and are equipped with an aeration or oxygenation system that maintains the dissolved oxygen at 5 parts per million or higher.

5. No person may conduct a catch-hold-release tournament with an off-site weigh-in unless the fish holding equipment and fish handling procedures at the weigh in site are approved by the department and the approval is specified on the permit.

6. The department shall include permit conditions that specify fish handling requirements during weigh-in for catch-hold-release tournaments.

7. The department may include the following permit conditions related to tournament operation for permitted catch-hold-release tournaments at the point of permit issuance when it determines that environmental conditions are not conducive to survival of fish intended for release and the release may constitute unreasonable waste of natural resources or when it determines that the transport and release of fish is detrimental to the fish population under the provisions of s. [23.095 c1gd](#), Stats.

a. The department may restrict the area that may be fished by fishing tournament participants to reduce the time that fish are held in live wells, the distance fish are transported to a weigh-in site or both.

b. The department may require redistribution of released fish.

8. The department shall restrict the area that may be fished by participants in catch-hold-release bass and walleye tournaments on Green Bay to reduce the potential for biological harm to the bass population and to reduce the potential for unreasonable waste of walleye. Participants in catch-hold-release bass and walleye fishing tournaments with a weigh-in site north of the mouth of the Pensauckee River cN44v49[18.876Y, W-87v53[56.04Yd may not fish north of a line extending from Gills Rock cN45v17[38.9724Y, W-87v1[23.0376Yd to the Wisconsin state line and south of a line running from Brown County line cN44v40[39.6510Y, W-87v59[15.5004Yd to the Kewaunee County line cN44v40[36.8898Y, W-87v44[11.8026Yd. Participants in catch-hold-release bass fishing tournaments with a weigh-in site north of the mouth of Pensauckee River cN44v49[18.876Y, W-87v53[56.04Yd may not fish beyond 5 miles of the Green Bay shoreline on which the weigh-in site is located. Participants in catch-hold-release bass fishing tournaments with a weigh-in site north of the mouth of Pensauckee River located on the eastern shore of Green Bay may fish beyond 5 miles of the eastern shore only to access Green Bay waters within 1.5 miles surrounding Chambers Island. Participants in catch-hold-release bass and walleye fishing tournaments with a weigh-in site south of the mouth of the Pensauckee River cN44v49[18.876Y, W-87v53[56.04Yd may not fish south of the DePere Dam cN44v26[50.9928Y, W-88v4[3.7050Yd and north of a line running from the mouth of the Pensauckee River cN44v49[18.876Y, W-87v53[56.04Yd to Chadoirs Dock cN44v44[50.28Y, W-87v41[56.4Yd. Notwithstanding these

fishing area restrictions, the department may allow one bass and one walleye tournament per year on Green Bay to fish all waters of Green Bay south of a line extending from Gills Rock cN45v17[38.9724Y, W-87v1[23.0376Yd to the Wisconsin state line provided that the tournament will promote national public awareness of fishing on Green Bay and is planned to have more than 60 boats. Tournaments promoting national public awareness include, but are not limited to, events that are part of a national tour and statewide or regional championships that qualify participants for a national event.

Note: Anglers are not restricted from fishing in Michigan waters, however, to minimize potential for biological harm and unreasonable waste of natural resources, the department encourages tournament organizers to restrict fishing in Michigan waters to south of a line extending due east from Rochereau Point cN45v18[13.92Y, W-87v26[2.436Yd to the Wisconsin state line.

9. To reduce the potential for unreasonable waste of natural resources, the department shall:

a. Require a reduced daily bag limit of 3 walleye for catch-hold-release tournaments on all waters with a daily bag limit of 3 walleye or greater from the second Saturday in June to the first Sunday in September, unless the department determines that the temperature of the primary waterbody to be fished is expected to be less than 70 degrees Fahrenheit.

b. Require a reduced daily bag limit of 3 bass for catch-hold-release tournaments on all waters with a daily bag limit of 3 bass or greater from the first Saturday in July to the second Sunday in August unless the department determines that the temperature of the primary waterbody to be fished is expected to be less than 75 degrees Fahrenheit for smallmouth bass or less than 80 degrees Fahrenheit for largemouth bass. Notwithstanding these bag limit requirements, the department may allow one catch-hold-release bass tournament per year per waterbody with a 5 fish bag limit from the first Saturday in July to the second Sunday in August provided the tournament will promote national public awareness of fishing and is planned to have 60 or more boats and the primary waterbody fished will be 2000 or more acres. Tournaments promoting national public awareness include, but are not limited to, events that are part of a national tour and statewide or regional championships that qualify participants for a national event.

10. Subject to the requirements in this section, the department may issue a permit for a catch-hold-release bass tournament when the season is open for harvesting bass that allows each participant in the tournament to take a daily bag limit of up to five bass of a minimum of 14 inches in length. All live bass shall be returned to the water from which they were taken as specified in the permit and no later than the day of the conclusion of the tournament.

[cgmd](#) In addition to the provisions in par. [cgd](#), all of the following provisions apply to participants in catch-hold-release muskellunge tournaments:

1. Participants shall use boats equipped with a functioning live well or other container large enough to hold muskellunge and equipped with a pump for aerating and exchanging freshwater that is operated continuously once a fish is placed in the live well or other container.

2. Participants shall immediately transport muskellunge placed in a live well or other container to the designated weigh-in site. All transported fish must meet legal length limits for the water body being fished.

3. Either multiple weigh-in sites shall be designated by the tournament organizer or the areas open to fishing limited so that muskellunge will not be transported for more than 30 minutes.

4. Tournament officials or judges shall immediately register muskellunge brought to the weigh-in site. No pens, tanks, or other means of confinement may be used to hold the fish at the weigh-in site.

5. Registration of muskellunge is restricted to a measurement

of length. In-water measurement of the fish is recommended whenever possible.

6. Muskellunge may be retained at the weigh-in site only until capable of swimming upright under its own power and shall be released from the weigh-in site.

7. Participants may not leave the weigh-in site until the fish they transported to the weigh-in site has been successfully released. If the fish cannot be released alive, final disposition of the fish is the responsibility of that participant and shall not violate s. 23.095 c1gd, Stats.

8. A participant shall count muskellunge transported to a weigh-in site towards the participant[s] daily bag limit and that person may not fish for muskellunge during the remainder of that day.

Note: Section 23.095 c1gd, Stats., states that no person may damage or attempt to damage any natural resource within the state. XDamageY means to commit a physical act that unreasonably destroys, molests, defaces, removes, or wastes.

chd All permits for fishing tournaments shall do the following:

1. Identify areas where competitive fishing is prohibited for the following reasons:

a. To protect critical habitat, including areas designated by local ordinance for aquatic vegetation preservation or areas where habitat enhancement activity is underway.

b. To protect public rights, interests or safety, including designated swimming areas, mooring areas, access areas, navigational channels, staging areas, beaches or other special use areas.

2. Prohibit the use of tagged fish, except when approved by the department for any of the following reasons:

a. To enhance collection of data for management purposes as part of a scientific study.

b. The tagged fish are legally obtained from a licensed private fish hatchery and are planted under a stocking or introduction permit issued by the department under s. 29.736, Stats., and s. NR 19.05.

c. Specific authorization is granted by the department to capture, tag and immediately release fish from the wild using lawful methods for purposes of a fishing contest.

cid Pursuant to s. NR 20.05 c7d, any fish taken into possession by an individual and not released immediately shall be included as part of the individual[s] daily bag limit.

cjd The time limitations upon the length of a fishing tournament under this section do not include fishing activities by tournament participants carried out prior to the time when the tournament begins.

ckd Except for tournaments on the Great Lakes and tournaments exempt from a permit under s. NR 20.40 c3md ccd, the fishing portion of any tournament may not run for more than 10 consecutive hours each day or more than 4 consecutive days.

cLd The fishing portion of tournaments on the Great Lakes is not limited in duration.

cmd Upon permit approval, tournament organizers shall notify the county and city, village, or town within which the access site, weigh-in site, or headquarters for the tournament is located of the date, time, location and size of tournament.

c11d AQUATIC INVASIVE SPECIES. cad All tournament participants shall comply with s. 30.07, Stats., and all department rules pertaining to control of aquatic invasive species.

cbd Fishing tournament organizers shall inform all tournament participants of procedures recommended by the department to clean and decontaminate boats and equipment of aquatic plants and invasive species prior to the tournament.

ccd The department may include permit conditions necessary to prevent the spread of aquatic invasive species.

c12d REPORTING. Each organizer shall report the results of the organizer[s] tournament and other information which the department deems necessary on forms available from the depart-

ment no later than 30 days following the last day of the tournament.

Note: Reporting forms will be issued with permits.

NR 20.41 Experimental waters. c1d DESIGNATED.

The following waters are designated as experimental waters: Nebish, Spruce, Mystery, Escanaba and Palette lakes situated in sections 34 and 35, township 42 north, range 7 east, and sections 1, 2, 3, 10, 11 and 12, township 41 north, range 7 east, Vilas county.

c2d PERMIT REQUIRED. cad No person may fish in experimental waters unless a permit has been issued to the person by the department.

Note: Permits may be obtained at the checking station indicated by posted signs in the immediate area of these experimental waters.

cbd Permits issued under this section are valid only for the date issued.

c3d REPORTING. cad Permits issued under this section shall be returned to the checking station upon termination of fishing activities by the angler.

cbd All fish taken pursuant to this section shall be exhibited to the department or its agents at the checking station for examination, identification and marking.

c4d AUTHORIZED METHODS. No person may fish in Escanaba, Nebish, or Palette lakes while possessing fishing line with attached lead-containing jig-heads, sinkers, and weights that weigh less than 1 ounce or that measure less than 1 inch in any dimension.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 13-019: cr. c4d Register December 2013 No. 696, eff. 4-1-14.

NR 20.60 Monthly sport trolling fishing reports.

c1d A monthly sport trolling fishing report form required by s. 29.514 c2d, Stats., shall be completed by the sport trolling licensee guiding persons in sport trolling in accordance with all of the following requirements:

cad The licensee shall use the electronic reporting system designated by the department to report sport trolling guided fishing trips and other information by electronic means, except as provided in par. ccd.

cbd For each fishing trip, the licensee shall accurately record the licensee[s] name, license number, date, documented boat name or 8-digit state registration number, locations fished, number of anglers, hours fished, the total number of fish harvested, and other information required by the department on the report form in the electronic reporting system in the English language within 1{2 hour after completing each trip[s] fishing activities after returning to the dock or shore. The number of fish of each species harvested and fin clip information, if required by the department, may be recorded in the electronic reporting system af-

ter returning to the dock or shore but shall be recorded in the electronic reporting system by 11:59 p.m. the day of the fishing trip. The electronic report form shall be immediately exhibited to a department representative upon request.

ccd 1. If the electronic reporting system is not in operation, the licensee shall complete and sign, in writing in the English language, a paper report on a form available from the department website containing the required information in par. cbd within 1{2 hour after completion of the fishing trip[s activities and reaching the dock or shore, with all information required in par. cbd recorded by 11:59 p.m. the day of the fishing trip. The licensee shall retain any paper reports completed under this subdivision in accordance with subd. 3. On the day of a fishing trip, the paper report form shall be immediately exhibited to a department representative upon request.

2. When the electronic reporting system is again functional, the licensee shall resume entering fishing trip reports into the electronic reporting system as described in pars. cad and cbd and submitting the reports electronically to the department. The licensee shall retroactively enter the information from any paper reports into the electronic reporting system within 48 hours of completion of the fishing trip unless the department has granted an extension.

3. The licensee shall retain all paper copies of the trip report as part of the licensee[s records for a period of 5 years from the date on which the record or report was created, and shall make records available upon the request of a department representative within 24 hours of the request.

Note: Access to the electronic reporting system and copies of the paper report form are available on the department[s website at <https://dnr.wisconsin.gov/topic/Fishing/lakemichigan/CharterForm.html>.

c2d A licensee shall submit each fishing trip entered into the electronic reporting system under sub. c1d cbd during the preceding calendar month to the department on or before the 10th day of each month.

c3d If the licensee has not conducted any fishing trips under the authority of his or her sport trolling license in any given month after purchasing the license, the licensee shall submit a report indicating that no fishing trips were conducted that month through the electronic reporting system no later than the 10th day of the following month.

History: Cr. Register, May, 1999, No. 521, eff. 6-1-99; CR 22-057: renum. c1d to c1d cintro.d and am., cr. c1d cad to ccd, am. c2d, cr. c3d Register April 2023 No. 808, eff. 5-1-23; CR 23-058: am. c1d cbd Register June 2024 No. 822, eff. 7-1-24.

NR 20.65 Report of licensed guides. c1d DEFINITIONS. In this section:

cad XAssistY or XassistingY means providing support or aid to a person with the activities associated with the act of fishing, including transporting anglers between the shore and an open water or on-ice fishing location.

cbd XDirectY or XdirectingY means to manage, supervise, or oversee an angler[s or anglers[fishing activities and fishing trip conditions to aid the angler or anglers in attempting to catch fish.

ccd XElectronic guide reporting systemY means a system established or authorized by the department for reporting guided fishing trips and other required information to the department by electronic means.

cdd 1. XFishing guideY means any person required to be licensed under the provisions of s. 29.512 c1d, Stats., that is actively engaged in guiding, directing, or assisting a person or persons for compensation or reward in fishing, as defined in s. NR 20.03 c12d, in waters defined in pars. cfd, chd, and cid.

2. XFishing guideY does not include a person that rents boats, fishing shelters, fishing gear, or related equipment to an angler for the angler[s independent use, provided that the person does not offer any additional services to guide, direct or assist the angler in attempting to catch fish.

Note: XPerson,Y has the meaning specified in s. 990.01 c26d, Stats.

ced XFishing tripY means the time period during which an

individual fishes or a group of anglers fishes together, commencing upon leaving the dock or shore and ending upon return to the dock or shore after the conclusion of fishing.

cfd XGreen BayY means those waters specified in s. NR 20.03 c15d, c16d, and c21d.

cgd XGuide,Y when used as a verb, or XguidingY means to advise, influence or superintend the conduct or instruction of an angler or anglers, including providing expertise to an angler or anglers on how to conduct fishing activities to improve the angler or anglers[ability to catch fish.

chd XLake MichiganY means those waters specified in s. NR 20.03 c17d and c18d.

cid XLake SuperiorY means Wisconsin waters of Lake Superior and Chequamegon Bay, as well as all tributaries up to the first lake or barrier impassable to fish.

c2d GENERAL PROVISIONS. cagd No person may fail to file a report as required under this subsection and sub. c3d. No person may file an inaccurate report of the information required under this subsection.

card Each fishing guide operating in the Wisconsin waters of Lake Superior, Lake Michigan, or Green Bay designated under par. cbd shall report to the department in the manner described in sub. c3d for each fishing trip, except as provided in pars. cdd and ced.

cbd The department shall annually specify the waters of Lake Superior, Lake Michigan, and Green Bay and the time frame and the fish species for which reporting is required, which shall become effective on January 1 each year. The department shall notify fishing guides of this information no later than December 1 of the preceding year.

ccd The report required under par. card for each guided fishing trip shall include all of the following accurate information:

1. Name and department customer identification number of the fishing guide filing the report.
2. Name and department customer identification number of other fishing guides who were involved in guiding, directing, or assisting with the fishing trip.
3. Date.
4. Location.
5. Total number of anglers.
6. Total number of hours fished during the fishing trip.
7. Description of fish caught during the fishing trip, including species, number caught, number kept, tag numbers, if any, and other related information.

8. Other information required on the report form that the department determines is relevant to the sound management of the species taken.

ccd If multiple fishing guides guide, direct, or assist with a fishing trip, in whole or in part, each fishing guide shall file a report per this subsection for that fishing trip, except that only one report may contain the information described in par. ccd 5. to 7., and all other reports filed for that fishing trip shall identify the name and department customer identification number of the fishing guide that completed the information in par. ccd 5. to 7. The fishing guides associated with the fishing trip may determine which fishing guide[s report will contain the information in par. ccd 5. to 7., but all fishing guides remain responsible for ensuring that the information in the fishing trip report is provided and filed in accordance with this subsection and sub. c3d.

ced Notwithstanding the requirements in pars. card and cdd, as an alternative form of reporting, a person who employs one or more fishing guides and who obtains a guide license under s. 29.512 c1d, Stats., may elect to complete the fishing trip reports required under this subsection in place of any licensed fishing guide or group of fishing guides under its employ, in accordance with all of the following conditions:

1. The employer and any employed fishing guides for whom

the employer will file reports shall jointly apply, on application forms furnished by the department, for annual authorization to file the fishing reports under this subsection. Authorization shall remain in effect until the end of the license year. The application forms shall include all of the following information:

a. The name, business address, and department customer identification number of the employer that will report on behalf of the employed fishing guides.

b. The names and department customer identification numbers of all fishing guides for whom the employer will submit reports during the license year.

c. Fishing guide certification that each fishing guide shall provide true and accurate information required under this subsection to the employer for all fishing trips during the license year while under the employ of that employer, that the fishing guide shall provide this information within 24 hours after completion of the fishing trip, and that the fishing guide remains responsible for ensuring that the employer has received the fishing trip report information to fulfill the requirements in this subsection and sub. c3d.

d. Acknowledgement of the employer and each fishing guide listed under subd. 1. b. for which fishing trip reports will be filed that the employer shall submit all fishing trip reports for the calendar year with information provided by the fishing guide and in accordance with this section.

e. Any other information requested by the department.

2. The employer and each employed fishing guide for whom the employer will file reports shall each be responsible for the form, content, and submission of all fishing trip reports filed pursuant to this paragraph.

c3d REPORTING METHODS. cad Each fishing guide required

to report under sub. c2d shall submit a report of each fishing trip to the department by means of the electronic guide reporting system within 24 hours after completion of the fishing trip, except as provided in par. ccd. The fishing guide shall submit the report in the English language on electronic forms provided for this purpose by the department.

cbd Reports submitted by the fishing guide using the electronic guide reporting system are considered approved upon submittal.

ccd 1. If the electronic guide reporting system is not in operation, or if the fishing guide is unable to connect to the electronic guide reporting system, the fishing guide shall complete and sign, in writing in the English language, a paper report on a form furnished by the department containing the required information in sub. c2d ccd within 24 hours of completion of the fishing trip.

2. When the electronic reporting system is again functional, or the fishing guide[s] electronic communication device can again connect to the electronic guide reporting system, the fishing guide shall resume entering trip reports required under sub. c2d into the electronic guide reporting system and submitting the reports electronically to the department. The fishing guide shall retroactively enter the information from any paper reports into the electronic reporting system within 48 hours of completion of the fishing trip unless the department has granted an extension.

3. The fishing guide shall retain all paper copies of the trip report as part of the fishing guide[s] records for a period of 5 years from the date on which the record or report was created, and shall make records available upon the request of a department representative.
