# Wisconsin Legislative Council

## **ACT MEMO**

Prepared by: Melissa Schmidt, Principal Attorney

March 22, 2024

**2023 Wisconsin Act 135**[2023 Senate Bill 787]

### TID Number 10 in the City of Evansville

#### **BACKGROUND**

State law provides that when considering the creation of a new tax incremental district (TID), a municipality must comply with the "12-percent limit." Very generally, the 12-percent limit specifies that the equalized value of a new TID plus the value increment of the municipality's existing TIDs may not exceed 12 percent of the total equalized value in the municipality.

#### 2023 WISCONSIN ACT 135

2023 Wisconsin Act 135 provides all of the following with respect to TID Number 10 in the City of Evansville:

- For purposes of calculating the 12-percent limit, TID Number 4 must count as exactly four percent of the city's equalized value.
- The TID is not eligible for extension for purposes of funding workforce housing as otherwise permitted under current law.
- The TID is subject to certain provisions of current law, as affected by 2023 Wisconsin Act 12, that relate to the consideration of a municipality's TIDs in calculation of its levy limits.<sup>1</sup>

Effective date: March 23, 2024

<sup>&</sup>lt;sup>1</sup> With respect to the impact of TIDs on levy limits, <u>2023 Wisconsin Act 12</u> modifies what is included in the valuation factor for determining a local levy limit. In addition, beginning generally with TIDs created in <u>2025</u>, the act sunsets the one-time levy limit increase allowed under prior law upon the termination of a TID, and replaces it with a relatively smaller, one-time increase upon TID termination.
