## AMENDMENT MEMO

---

**Memo published:** February 14, 2024

**Contact:** Rachel E. Letzing, Deputy Director

**2023 Assembly Bill 1030**

**Assembly Amendment 1**

### 2023 ASSEMBLY BILL 1030

Under 2023 Assembly Bill 1030, if the Department of Natural Resources (DNR) establishes a northern forest zone as a deer management area, DNR is prohibited from doing all of the following to regulate deer hunting:

- Establishing an open season for hunting deer in the northern forest zone during which only the hunting of antlerless deer is authorized.
- Issuing authorizations to kill antlerless deer in the northern forest zone.
- Issuing a person more than one authorization to kill an antlered deer in the northern forest zone during either an open season for hunting deer with a muzzle-loading firearm or an open season for hunting deer with a firearm. If a person is issued an authorization to kill an antlered deer in the northern forest zone during an open season for hunting deer with a muzzle-loading firearm but does not use the authorization, the person may use the authorization during an open season for hunting deer with a firearm in the northern forest zone, and vice versa.
- Issuing a person more than one authorization to kill an antlered deer in the northern forest zone during either an open season for hunting deer with a bow or an open season for hunting deer with a crossbow. If a person is issued an authorization to kill an antlered deer in the northern forest zone during an open season for hunting deer with a bow but does not use the authorization, the person may use the authorization during an open season for hunting deer with a crossbow in the northern forest zone, and vice versa.

### ASSEMBLY AMENDMENT 1

Assembly Amendment 1 creates an exception to the bill's prohibition on DNR issuing authorizations to kill antlerless deer in the northern forest zone.

Under this exception, if DNR authorizes a season for hunting deer in the northern forest zone that is open only to hunters under the age of 16, any deer hunting authorization DNR issues for that season must authorize the killing of one deer, which may be antlered or antlerless.

### BILL HISTORY

Representative Green offered Assembly Amendment 1 on February 9, 2024. On February 13, 2024, the Assembly Committee on Sporting Heritage recommended adoption of the amendment on a vote of Ayes, 9; Noes, 3, and passage of the bill, as amended, on a vote of Ayes, 7; Noes, 5.
