2023 Assembly Bill 298

Assembly Amendment 1

2023 ASSEMBLY BILL 298

2023 Assembly Bill 298 prohibits a municipality from closing more than one-half of its polling places within 30 days before an election. Additionally, the bill requires the head of the governing body and the municipal clerk to approve the closing of any polling place within 30 days before an election and to post and publish notification of the closing to the public.

Additionally, under the bill, if after an election and more than 30 days before the next election, a municipality wishes to discontinue a polling place location, the municipality's governing body may approve the discontinuation only after a public hearing at which the public has an opportunity to present testimony on the proposed discontinuation.

ASSEMBLY AMENDMENT 1

Assembly Amendment 1 requires the decision to close a polling place, in a first class city, to be agreed upon by the municipal clerk and by a majority of the governing body. The amendment also clarifies that an election official may adjourn operations in a polling place to another location if necessary to preserve the public health or safety.
