### *Analysis by the Legislative Reference Bureau*

This bill changes the calculation of the per pupil amount the Department of Public Instruction pays to participating private schools in the Racine Parental Choice Program and the statewide parental choice program, known as the Wisconsin Parental Choice Program (collectively, parental choice programs).

Under the bill, for each pupil attending a private school under a parental choice program, DPI must pay the private school participating in the parental choice program the lesser of a) the per pupil amount under current law; b) the amount the private school charges a pupil who is not attending the private school under a parental choice program for tuition and educational fees; or c) the per pupil amount of state aid for the pupil's resident school district, as calculated on October 15 of that school year.

Under current law, for each pupil attending a private school under a parental choice program, DPI pays the participating private school an amount set by law, which includes an annual adjustment based on any increase in the statewide categorical aid per pupil amount and any per pupil increase in the school district

revenue limit calculation. In the 2019-20 school year, the per pupil payment amount for a pupil in grades kindergarten to eight is \$8,046 and the per pupil payment amount for a pupil in grades nine to twelve is \$8,692. Current law provides an alternative calculation for a pupil attending a private school participating in a parental choice program that enrolls pupils in grades kindergarten to eight and grades nine to twelve.

Under current law and the bill, the amount DPI pays to a private school participating in a parental choice program for a pupil who began participating in a parental choice program in the 2015-16 school year or thereafter is deducted from the amount of state aid paid to the pupil's resident school district.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

21 3. Each installment may consist of a single check for all pupils attending the  
22 private school under this section. The state superintendent shall include the entire  
23 amount under sub. (4m) in the November installment, but the payment shall be  
24 made in a separate check from the payment under this subsection.

25 **SECTION 7.** 118.60 (4) (c) 2. of the statutes is created to read:

**SENATE BILL 659**

1           118.60 (4) (c) 2. If a private school is entitled to a per pupil payment that is less  
2           than the per pupil amount calculated under par. (bg) 3. a. and b. or 4. a. to d.,  
3           whichever is applicable, the state superintendent shall calculate the November,  
4           February, and May payments as follows:

5           a. Determine the total amount the private school is entitled to receive under  
6           par. (bg) 3. or 4.

7           b. Subtract the amount paid to the private school in September under subd. 1.  
8           from the amount determined under subd. 2. a.

9           c. Divide the difference under subd. 2. b. by 3.
