1 **AN ACT to amend 66.0501 (4) (a); and to create 61.327 of the statutes; relating**
2 **to: village officers serving as village employees.**

Analysis by the Legislative Reference Bureau

Generally, under current law and under a number of state supreme court decisions, the doctrine of compatibility holds that one person cannot hold two offices if one office is superior to another in some respect and the superior office makes decisions about the other office such that the duties exercised under each might conflict to the public detriment. Also under current law, members of a town, village, or county board or city council are generally ineligible for any office or position that the board or council has the authority to fill. A specific statutory provision authorizes a town board member to receive an hourly wage, not exceeding \$15,000 each year, as a town employee.

This bill authorizes a member of a village board to receive an hourly wage, not exceeding \$15,000 each year, as a village employee.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 61.327 of the statutes is created to read:
4 **61.327 Village trustees serving as employees.** Notwithstanding s. 66.0501
