Analysis by the Legislative Reference Bureau

This bill requires the state superintendent of public instruction to incorporate the Holocaust and other genocides into the model academic standards for social studies and to develop model curricula and instructional materials on the same subject. Under the bill, in developing the model curricula and instructional materials, the state superintendent must consult with an organization in this state that provides Holocaust education programs to public and private schools and offers educational tools and training to teachers and with a state agency in another state that has developed model curricula on the Holocaust and other genocides. Finally, the bill requires a school board, independent charter school, and private school participating in a parental choice program to include instruction on the Holocaust and other genocides in its respective curriculum at least once in grades 5 to 8 and once in grades 9 to 12.
