Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council Study Committee on Emergency Detention and Civil Commitment of Minors.

The bill specifies that if a minor is approved for emergency detention, the county that approves the detention is responsible for transportation to the emergency detention facility. This includes responsibility for placing the minor in custody and the cost of transportation. The bill provides that a county may contract with a law enforcement agency, ambulance service, or 3rd-party vendor for the transportation. A county may utilize law enforcement to provide the transportation only if that is the least restrictive and most appropriate method, or is the only reasonable available alternative. This restriction only applies, however, if the Department of Health Services (DHS)

ASSEMBLY BILL 116

SECTION 1

receives any necessary federal approval for Medical Assistance funding. A law enforcement agency may likewise contract for the transportation.

The bill specifies that the county responsible for transportation of a minor to an emergency detention facility may submit a request for reimbursement to DHS. DHS may establish standards for allowable costs that must be reimbursed for transportation provided for a minor after the bill takes effect. For a minor who is enrolled in the Medical Assistance program, DHS may provide the reimbursement under that program if allowed by the U.S. Department of Health and Human Services.

The bill includes a placeholder to add sum sufficient funding in DHS's schedule under the biennial state budget to provide reimbursement for the cost of transporting a minor to an emergency detention facility.
