Analysis by the Legislative Reference Bureau

This bill prohibits a person from abandoning a boat on the waters of this state or upon adjacent riparian land. “Abandon” is defined to mean 1) leaving a boat unattended, without demonstrated intent to return to or moor or maintain the boat, for a period of more than seven consecutive days, or 2) leaving a boat that is partially submerged, in a state of disrepair, or otherwise neglected such that the boat presents a hazard to navigation, public safety, or environmental health and the owner has failed to take reasonable actions to remove or maintain the boat.

Under the bill, if a law enforcement officer determines that a boat has been abandoned, the officer must notify the owner, who must remove the boat within 30 days. If the boat remains abandoned after that period, the owner is subject to imprisonment for up to nine months and a fine of up to \$10,000, or both. In addition, the Department of Natural Resources shall require the person to obtain a certificate of satisfactory completion of a safety course before operating a boat.
