

## 2025 ASSEMBLY JOINT RESOLUTION 37

May 2, 2025 - Introduced by Representatives ARMSTRONG, DITTRICH, BROWN, MADISON, O'CONNOR and SINICKI, cosponsored by Senators JAMES, KEYESKI, RATCLIFF and SPREITZER. Referred to Committee on Rules.

1     **Relating to:** declaring May 2025 as Ehlers-Danlos Syndromes and Hypermobility  
2         Spectrum Disorders Awareness Month.

3         Whereas, Ehlers-Danlos syndromes (EDS) are a group of 13 inherited  
4         connective tissue disorders that together affect 1 in 5,000 people. Each type of EDS  
5         has its own set of symptoms, but some features are seen across all types of EDS,  
6         including overly flexible joints, hyperextensible skin, and fragile body tissues; and

7         Whereas, hypermobility spectrum disorders (HSD) are inherited connective  
8         tissue disorders similar to EDS that cause overly flexible and unstable joints,  
9         injury, and pain; and

10        Whereas, persons with EDS and HSD often have fatigue, headaches,  
11        gastrointestinal problems, abnormal blood pressure and heart rate, and other  
12        symptoms that interfere with function and quality of life; and

13        Whereas, there is no cure for any type of EDS or HSD. The conditions are  
14        managed by addressing a person's symptoms. EDS and HSD can cause a variety of

symptoms in many different areas of the body, so people with these conditions may require multiple providers in different specialties to manage their care; and

Whereas, access to professionals who are knowledgeable about EDS and HSD is limited in Wisconsin. Lack of awareness about EDS and HSD in Wisconsin and across the world stands in the way of the diagnosis, management, and research of these conditions; and

Whereas, awareness of EDS and HSD by both medical professionals and the general public can help improve the lives of people living with EDS and HSD in Wisconsin; now, therefore, be it

***Resolved by the assembly, the senate concurring, That*** Wisconsin hereby declares May 2025 as Ehlers-Danlos Syndromes and Hypermobility Spectrum Disorders Awareness Month and encourages its citizens to observe the same.

**(END)**
