1 **AN ACT to create** 20.115 (4) (t) and 93.60 of the statutes; **relating to:** a
2 transition to grazing pilot program and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill creates a “transition to grazing pilot program” in the Department of Agriculture, Trade and Consumer Protection to provide support and grants to farmers who are implementing livestock forage-based managed grazing systems and farmers and agribusinesses in the grazing-fed livestock business. Under the bill the department may award up to \$40,000 to each grantee, and may disperse up to 75 percent of the grant in the first year following the department’s decision to grant the award and may disperse up to 12.5 percent of the award in each of the second and third years following the department’s decision to grant the award.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 2. 20.115 (4) (t) of the statutes is created to read:

20.115 (4) (t) *Transition to grazing pilot program.* From the environmental fund, the amounts in the schedule for the transition to grazing pilot program under s. 93.60.

SECTION 3. 93.60 of the statutes is created to read:

93.60 Transition to grazing pilot program. (1) DEFINITIONS. In this section:

(a) “Managed grazing” means a grazing system alternative to continuous grazing, in which pastured fields are subdivided into smaller paddocks, livestock density is controlled, and animals are rotated through paddocks at a frequency that maintains perennial forage-based vegetative cover, ensures regular access to fresh higher quality forage, and reduces soil compaction and erosion.

(b) “Marginal area” means land that is excluded from cultivation due to economic infeasibility or physical restriction for growing conventional crops, and includes riparian areas, low areas prone to flooding, and steep lands not conducive to conventional cultivation.

(2) TRANSITION TO GRAZING PILOT PROGRAM. From the appropriation under s.

SENATE BILL 113

1 20.115 (4) (t), the department shall create and administer a transition to grazing
2 pilot program that awards grants to farmers for managed grazing technical
3 assistance and implementation support.

4 **(3) GRAZING GRANTS.** (a) Subject to par. (b), the transition to grazing pilot
5 program shall award grants to farmers for any of the following purposes:

6 1. Assist a farmer with establishing perennial forages for rotational grazing of
7 livestock raised in a forage-based managed grazing system.

8 2. Provide assistance to a farmer in establishing harvestable continuous cover
9 in marginal areas that can produce supplemental feed for livestock that is raised in
10 a forage-based managed grazing system.

11 3. Provide a farmer with incentive payments during the first 3 years of the
12 farmer's transition to forage-based managed grazing systems.

13 4. Assist a farmer with paying for forage-based managed grazing system
14 infrastructure needs, including fencing, watering, and other livestock management
15 infrastructure.

16 5. Technical assistance and support from a certified grazing specialist in
17 developing grazing plans, including determining field layout, infrastructure setup,
18 seed selection, and establishment of rotational grazing patterns.

19 (b) Grants awarded under par. (a) shall only be awarded to a farmer
20 implementing a new forage-based managed grazing system or a new managed
21 grazing practice that improves the conservation and financial performance of
22 existing grazing systems; grants may not be awarded to a farmer for the support of
23 the farmer's existing grazing practices.

SENATE BILL 113**SECTION 3**

1 (c) The department may not award more than \$40,000 in grants under par. (a)
2 to any one grantee.

3 (d) In the year following the department's decision to grant an award under
4 par. (a) the department may provide up to 75 percent of the award to the grantee,
5 and in each of the 2nd and 3rd years following the department's decision to grant an
6 award under par. (a), the department may provide up to 12.5 percent of the award to
7 the grantee.

8 **(4) SUPPORT FOR FARMERS.** (a) The transition to grazing pilot program shall
9 provide the following for farmers and persons in agribusiness:

10 1. Assistance in navigating and analyzing the economics of forage-based
11 managed grazing and providing forage-fed livestock research, market development
12 initiatives, and other market opportunities.

13 2. Best practices for meeting consumer demand for forage-fed livestock
14 products.

15 3. Assistance in fostering innovation in and expanding farm and agribusiness
16 strategies in forage-based managed grazing systems and forage-fed livestock
17 practices.

18 (b) The department shall support the state's forage-fed livestock supply chain,
19 including regional processors, aggregators, distributors, and markets.

20 **SECTION 4. Nonstatutory provisions.**

21 (1) The authorized FTE positions for the department of agriculture, trade and
22 consumer protection are increased by 0.5 SEG position, to be funded from the

SENATE BILL 113

SECTION 4

1 appropriation under s. 20.115 (4) (t), for a position supporting the performance of
2 the transition to grazing pilot program functions required under s. 93.60 (4).

3 **SECTION 5. Effective date.**

4 (1) This act takes effect on the day after publication, or on the 2nd day after
5 publication of the 2025 biennial budget act, whichever is later.
