4 plates to support protecting pollinators and making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, members of certain designated special groups may obtain from the Department of Transportation special registration plates for certain vehicles that are owned or leased by special group members. A fee, in addition to the regular registration fee for the particular kind of vehicle, is charged for the issuance or reissuance of most special plates.

This bill establishes a special group for persons to express support for protecting pollinators. The bill requires that plates issued to members of the special group have a design that covers the entire plate and includes the words "Protect Pollinators."

The bill provides that, in addition to the required fees, special group members are required to make a voluntary payment of \$25 to be issued the special plates. Under the bill, DOT retains \$23,700, or the actual initial costs of production, whichever is less, from the voluntary payment moneys for the initial costs of production of the special plates. The remainder of the voluntary payment amounts

are deposited in the conservation fund to be used by the Department of Natural Resources for the purposes of the endangered resources program. In addition, the bill appropriates \$23,700 from the general fund to DOT for the initial costs of production of the special group plates.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
