Analysis by the Legislative Reference Bureau

Under current law, if a Wisconsin Retirement System annuitant, or a disability annuitant who has attained his or her normal retirement date, is appointed to a position with a WRS-participating employer or provides employee services to a WRS-participating employer in which he or she is expected to work at least two-thirds of what is considered full-time employment by the Department of Employee Trust Funds, the annuity must be suspended and no annuity payment is payable until after the participant again terminates covered employment.

This bill removes the requirement that an annuitant who returns to work for a participating employer have his or her annuity suspended and become a participating employee and instead allows an annuitant who returns to work to either 1) elect to suspend his or her annuity and become a participating employee; or 2) elect to continue receiving his or her annuity and not become a participating employee.

Under current law, a WRS participant who has applied to receive a retirement

annuity must wait at least 75 days between terminating covered employment with a WRS employer and returning to covered employment again as a participating employee. The bill reduces that period to 30 days.

Because this bill relates to public employee retirement or pensions, it may be referred to the Joint Survey Committee on Retirement Systems for a report to be printed as an appendix to the bill.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
