Referred to Committee on Education.

1 **AN ACT** *to amend* 20.255 (2) (dt) (title); *to repeal and recreate* 115.367 of the
2 statutes; **relating to:** aid for comprehensive school mental health services and
3 making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Public Instruction awards grants to school districts and independent charter schools for the purpose of collaborating with community mental health agencies to provide mental health services to pupils. This bill replaces the current grant program with new categorical aid for comprehensive school mental health services to school districts and independent charter schools.

Under the bill, beginning in the 2025–26 school year, DPI must annually reimburse a school board or the operator of an independent charter school for costs incurred for mental health services during in-school or out-of-school time, up to the greater of \$100,000 or \$100 per pupil who was enrolled in the school district or independent charter school in the previous school year. If the amount appropriated for this purpose is insufficient, DPI must prorate the reimbursements.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
