August 25, 2025 - Introduced by Senator NASS, cosponsored by Representatives PENTERMAN, O'CONNOR, GUNDRUM, DITTRICH, KNODL and GOODWIN. Referred to Committee on Utilities, Technology and Tourism.

1 **AN ACT to repeal** 196.503; **to amend** 196.203 (1g) (b) and 196.50 (2) (j) 1. b. of
2 the statutes; **relating to:** requirement for certain telecommunications
3 providers to provide basic voice service.

Analysis by the Legislative Reference Bureau

This bill eliminates a provision enacted in 2011 Wisconsin Act 22 that has since been made ineffective. The provision required incumbent local exchange carriers (ILECs), to make basic voice service, defined as two-way voice communication service within a local calling area, available to all residential customers within the ILEC's local exchange area. An ILEC is a telecommunications provider that resulted from the breakup of the Bell System pursuant to a federal antitrust action. The provision also required PSC to grant a waiver from this requirement when requested if in the public interest or if effective competition existed in the local exchange area. Current law sunsets these requirements after April 30, 2013.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
