The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 157.06 (2) (ze) of the statutes is created to read:

1. The vaccine is authorized for emergency use by the federal food and drug administration under 21 USC 360bbb-3.

SECTION 2. 157.06 (15) (a) (intro.) of the statutes is amended to read:

157.06 (15) (a) (intro.) Except as provided in pars. (c) and (d), no hospital or transplant hospital may, solely on the basis of an individual's vaccination status or disability, do any of the following:

SECTION 3. 157.06 (15) (a) 4m. of the statutes is created to read:

157.06 (15) (a) 4m. Remove the individual from an organ transplant waiting list.

157.06 (15) (a) 5. Place the individual on an organ transplant waiting list at a lower priority position than the position at which the individual would have been placed if not for the individual's vaccination status or if the individual did not have a disability, unless the individual is placed at a lower priority position because the individual's disability relates directly to the medical need of the individual to receive the organ transplant and the individual's relative placement on the waiting list is reflective of the individual's medical need for the organ transplant.

157.06 (15) (b) No person may refuse an individual insurance coverage for any procedure associated with being evaluated for or receiving an anatomical gift, including posttransplantation and posttransfusion care, solely on the basis of the individual's vaccination status or physical or mental disability.
