Dear Mary,

It is my understanding that you will soon attend a meeting regarding the use of our state trails. I would like to express an opinion although I will not be able to attend the meeting.

Over the last few years, during the gun deer season, the number of A.T.V.'s has increased dramatically or the owners of these vehicles has gotten more rude. I have scouted the woods and thought that I had found the perfect deer stand only to be astounded by 4 wheelers going back & forth all day, rifles in their cases, yelling at each other.

I understand some folks need these vehicles to get to their stand; in fact at my age I will soon need one myself but, shouldn't courtesy and good sportsmanship enter into this picture?

I feel one trip to the stand and one trip out should be all that's needed.

Thank you for your consideration

Respectfully yours
