Subject: ATVs on State Trails

Sen. Breske -

I am writing to support the current policy of allowing ATV on state trails only during snowmobile season and oppose year-round use.

Our trails currently serve a broad range users spanning many ages and activities.

ATVs, dirt bikes, and other off-road motor vehicles will limit this broad use, inhibiting other users with noise and speed. Such use will also degrade the natural environment of the trails and the lands surrounding them.

Thank you.
