The Ride Smart© Wisconsin Trail Patrol Ambassador Program is a formal, trademarked organization administered by the NOHVIS Group Inc. in cooperation with the Wisconsin Department of Natural Resources Bureau of Law Enforcement and the Wisconsin ATV Association. It is a recognized program with qualifications for becoming a Trail Patrol Ambassador, a list of duties, endorsed training, a specified list of equipment, clear goals and objectives, and a code of ethics. We support and encourage the Ride Smart© Wisconsin Trail Patrol Ambassador Program on the funded ATV trail system in our counties.

It has come to our attention that the LOL ATV Alliance has been training ATV "trail patrol" individuals outside of the Wisconsin ATV Trail Patrol Ambassador Program. This correspondence is to serve as formal notice that any persons acting as a "trail patrol" outside of those trained by and participating in the Wisconsin Trail Patrol Ambassador Program, administered by the NOHVIS Group Inc., will be asked to refrain from conducting these activities on State funded or County sponsored trails in the Lincoln, and Oneida County ATV trail system.
