Dear Ms Piliouras,

I am concerned about the the plan of the Special Committee to allow ATVs to use the State Bike Trails. In no uncertain terms, I AM AGAINST such use.

Motorized vehicles do not belong on trails designed for bikers and walkers. I am a biker and I have met families with small children on bikes on in "trail alongs" .

ATVs would endanger the safety of us all. ATVS need a place, but NOT the State Bike Trails.

Thanks you for your consideration of my opinion.
