■ Filipino

■ Hispanic

■ Hmong

■ Jewish

■ Mexican

Race/Ethnicity Choices in DJC Juvenile Justice Information System (JJIS)

- Youth self-report both their race and ethnic background to staff
- Race choices are consistent with standards which come from the National Crime Information Center (NCIC) – FBI
- JJIS is part of a shared system with DAI. Ethnicity choices were a shared DAI/DJC decision in 1994. 70% of the ethnicity choices are consistent with NCIC choices
- When the DOC finishes its implementation of WICS, Ethnicity choices in all Divisions will be consistent with NCIC-FBI choices for ease in sharing and compiling information across the Department and with other agencies
