

Special Committee on
Improving Educational Opportunities
in High School

**Business/Education Partnerships
In Northeast Wisconsin**

November 19, 2012

**James M. Golembeski, Executive Director
Bay Area Workforce Development Board
jgolembeski@bayareawdb.org**

The primary aim of education
is *not* to enable students to do well *in school*,
But to enable them to do well in their lives
outside of school.

Almost everyone wants schools to be *better*,
But almost no one wants them to be *different.*

Jan Dooley, Superintendent
Wausaukee School District

Four Initiatives

1. **NEW Manufacturing Alliance**
2. **Computer Integrated Manufacturing Mobile Lab**
3. **Northwoods Regional Learning Lab**
4. **Second Chance Partners for Education Program**

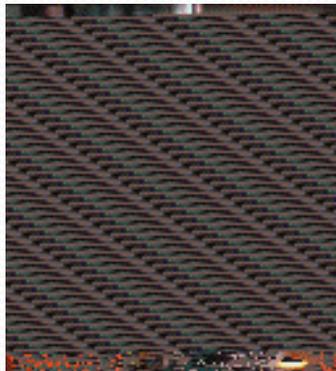

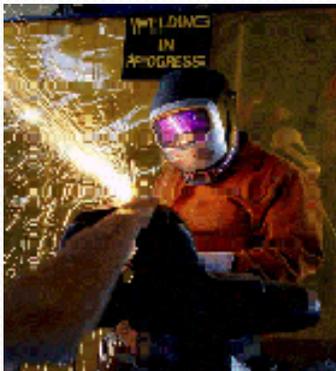

NEW
Manufacturing
Alliance

Make it in NorthEast Wisconsin

1.

www.newmfgalliance.org

created January 2007

NORTH COAST

MARINE MANUFACTURING ALLIANCE

www.northcoastmma.org

Computer Integrated Mobile Training Lab

2.

A partnership among:
Northeast Wisconsin Technical College
Lakeshore Technical College
Bay Area Workforce Development Board

How It Works

First two CNC courses transcribed (4 credits)

10 high schools per semester at 12 students each

Visit each high school for 3.5 hours (4 periods) each week (am or pm)

NWTC Lab Aide delivers, sets-up and assists the high school instructor

High school instructors are trained at NWTC

\$5000 operating fee/semester for each high school – sponsorship opportunities

Schedule via NWTC web page

BUT...

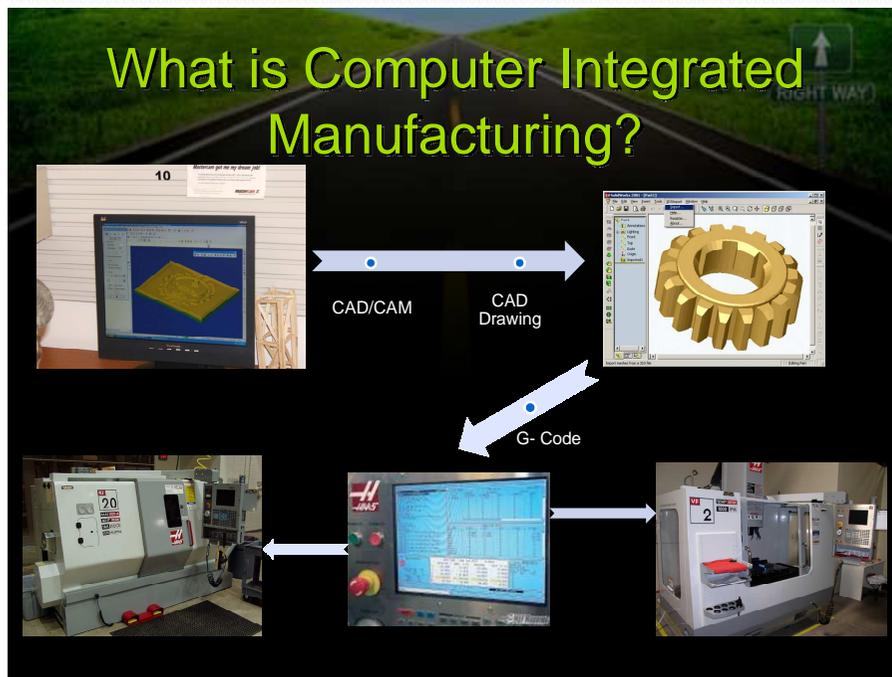

Bay Area WDB cannot purchase capital equipment with WIA funds

SO...

The CNC mobile lab also serves as a career development center,
(Note the Job Center of Wisconsin logo on the lab!)
for career days, job fairs, and exhibitions.

AND...

In January and February 2012
The mobile lab visited
the state prisons in
Oshkosh and Taycheedah
giving 120 inmates information
and a demonstration on
CNC Tech careers.

Coming soon:

Electro-Mechanical Mobile Lab

A partnership among:

Lakeshore Technical College

Bay Area Workforce Development Board

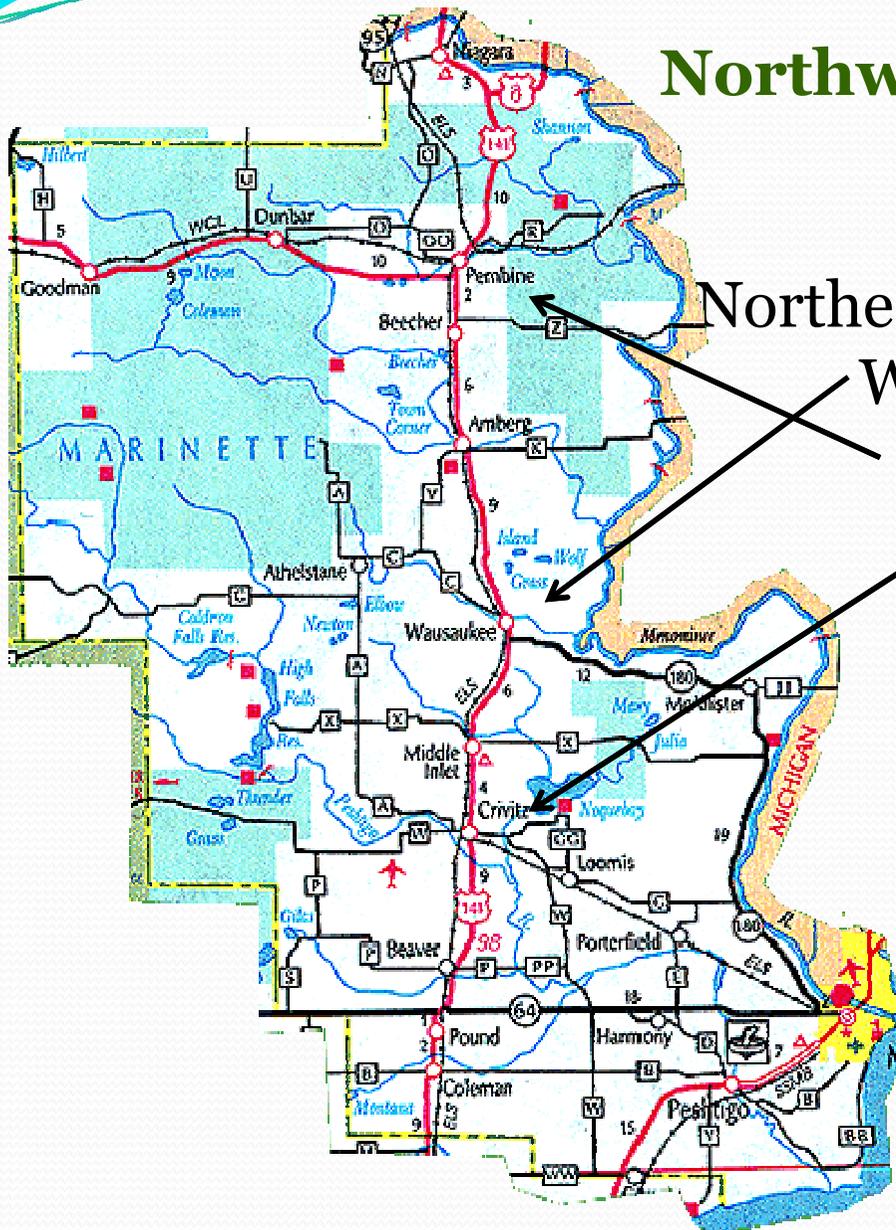

Wisconsin Department of Corrections

Rockwell Automation

Curt G. Joa

Northwoods Regional Learning Lab

A partnership among:
Northeast Wisconsin Technical College
Wausauke School District
Pembine School District
Crivitz School District

3.

NWTC Collaborative Partnership

Joint initiative with NWTC, Pembine, Crivitz,
and Wausaukee

Extensive skill training for students in
Welding, Automotive, and Practical Nursing

Both high school and college credit

Post-secondary tuition paid by school districts,
rather than parents, through Youth Options

Live Video Streaming and Online/Blended
learning format

NWTC Automotive Program

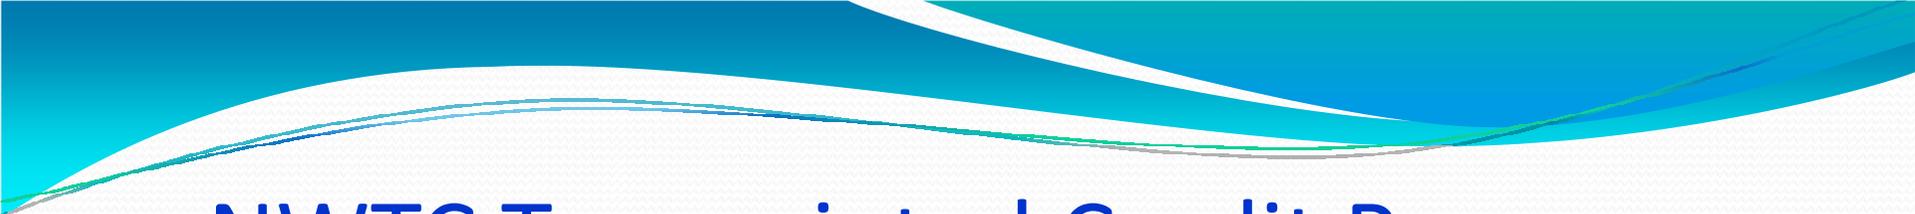

NWTC Welding Program

NWTC Licensed Practical Nursing Program

NWTC Transcribed Credit Program

NWTC college courses taught by high school teachers following the NWTC curriculum (Wausaukee-Pembin)

Mathematics – College Math, Math for Business, Trades Math

Social Sciences – Introduction to Psychology, Developmental Psychology

English – English Composition, Oral/Interpersonal Communications

Science – Anatomy/Structure/Function, Medical Terminology

Education + Business = Changed Lives

The [Second Chance Partners for Education Program](#) is a one-of-a-kind alternative education model which provides non-traditional learners the opportunity to earn their high school diploma in an industrial setting.

It combines a sound academic foundation with hands-on industry experiences.

Education + Business = Changed Lives

Second Chance Program

Disengaged and credit-deficient students identified by high schools

Students selected by Second Chance Partners

Curriculum approved by the school districts and aligned
with academic and industry standards

Full time state certified teachers

Education Centers located inside participating businesses

Program runs for 21 consecutive months

Students graduate with their home high school class

Credits earned are articulated with WTCS

Education + Business = Changed Lives

Green Bay Second Chance Program

17 students enrolled for Fall 2012, hosted at Lindquist Machine Corporation
Classes two hours daily in the company conference room
Work until 3:30 at area businesses, earning as they learn

**Business Partners: Lindquist Machine Corporation, Romo Durable Graphics,
RR Donnelley, Wisconsin Plastics Inc., EDL Packaging Engineers, KI**

Appleton program begins September 2012
Expanding into Marinette in 2013?

SECOND CHANCE
Partners for Education

Education + Business = Changed Lives
