SUBJECT: SAGE Schools With Fewer Than 50% Free and Reduced Price Lunch-Eligible Pupils
and Additional Schools Eligible For SAGE Under Existing Criteria

This memorandum provides information about current SAGE schools at which fewer than 50% of pupils are eligible for a free or reduced price lunch (FRL), as well as schools that do not currently participate in the SAGE program but would qualify if additional schools were able to enter the program under existing criteria.

Under the current round of SAGE contracts, school districts were permitted to enter into SAGE contracts on behalf of one or more schools in the district if each school had an enrollment of at least 30% low income pupils (in general, defined as pupils eligible for FRL) in the previous school year. Attachment 1 lists SAGE schools with a total FRL participation of less than 50%, including each school's total enrollment, number of low-income SAGE pupils, and the amount of SAGE funding in 2013-14. The list includes 134 SAGE schools in 101 school districts.

Attachment 2 lists all non-SAGE schools that would qualify to participate in the program under existing criteria, including independent "2r" charter schools. The list shows all schools with a total FRL participation of at least 30% that offer at least one grade between kindergarten and grade 3. A total of 477 schools in 172 districts or independent "2r" charter schools meet these criteria based on data from 2013-14.

I hope this information is helpful. Please contact me if you have questions.
