***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Transportation erects and maintains specific information signs to direct motorists to services located near certain highways. Currently, to be included on a specific information sign for the "FOOD" category, a business must operate at least five days a week and be open, at a minimum, from 10 a.m. to 7 p.m. This bill replaces this requirement with the requirement that a business have continuous operation to serve at least two meals per day, at least six days a week.

For further information, see the NOTES provided by the Law Revision Committee of the Joint Legislative Council.
