3           (2) (ag) 25., 86.195 (2) (ag) 26., 86.195 (2) (ag) 29., 86.195 (2) (ag) 31., 86.195 (2)  
4           (ag) 33., 86.195 (2) (ag) 34. and 86.195 (2) (ag) 36. of the statutes; **relating to:**  
5           highways on which specific information signs are authorized (suggested as  
6           remedial legislation by the Department of Transportation).

---

***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Transportation may authorize the erection of specific information signs, i.e., signs to direct motorists to services along a highway, only on highways enumerated by the legislature. Currently, nearly 40 highways or portions of highways are enumerated for this purpose. This bill makes several changes to existing enumerations to correct obsolete or otherwise incorrect references.

For further information, see the NOTES provided by the Law Revision Committee of the Joint Legislative Council.

LAW REVISION COMMITTEE PREFATORY NOTE: This bill is a remedial legislation proposal, requested by the Department of Transportation and introduced by the Law Revision Committee under s. 13.83 (1) (c) 4. and 5., stats. After careful consideration of the various provisions of the bill, the Law Revision Committee has determined that this

bill makes minor substantive changes in the statutes, and that these changes are desirable as a matter of public policy.
