STUDY COMMITTEE MEMO

Memo No. 1

TO: MEMBERS OF THE SPECIAL COMMITTEE ON STATE-TRIBAL RELATIONS

FROM: Steve McCarthy, Senior Staff Attorney, and Benjamin Kranner, Staff Analyst

RE: Topics of Committee Discussion

DATE: August 10, 2022

This memo provides a list of potential topics of discussion for the August 18, 2022 meeting of the Special Committee on State-Tribal Relations. Specifically, the list includes three bill drafts selected by Chair Jeffrey Mursau for review and consideration by the committee.¹ Very briefly, the bill drafts address membership of the Higher Educational Aids Board (HEAB), adding tribal representation on certain boards and councils in state government, and state licenses that authorize an individual to teach an American Indian language.

Where important for context, the memo provides background information and identifies issues that the committee may wish to take into consideration. However, the discussion of the bill drafts and issues that the bill drafts may raise is not exhaustive; rather, this memo is intended to prompt discussion to determine where there is committee consensus and if the committee would like to request modifications or additional information on any or all of the bill drafts.

LRB-6467/P1, RELATING TO THE MEMBERSHIP OF THE HIGHER EDUCATIONAL AIDS BOARD

Background

LRB-6467/P1 is similar to 2021 Assembly Bill 428/Senate Bill 421, which was recommended by the special committee last session. Assembly Bill 428 was amended during the 2021-22 legislative session, and passed the Assembly as amended. The Senate, however, took no action on the bill. As described more in the next section, LRB-6467/P1 is identical to the amended version of Assembly Bill 428 as passed by the Assembly.

HEAB is a part-time independent policy-making board that, among other responsibilities, administers a number of state student aid programs. Under current law, the board consists of 11 voting members that represent certain interests, including public institutions of higher education, private, nonprofit institutions of higher education, and the general public. The board, however, does not include voting members that represent the interests of the state's tribal colleges. During the committee's discussion of the bill, HEAB staff noted their support for the bill, and stated that tribal colleges are not currently represented on the board because they did not exist when the board was originally created by statute.

¹ Copies of the bill drafts are included as an attachment to this memo.

Bill Draft

Whereas 2021 Assembly Bill 428/Senate Bill 421 proposed adding three members to HEAB to represent the state's tribal colleges, Assembly Amendment 1 to Assembly Bill 428 proposed adding "alternating appointees consisting of one member of the governing body of the Lac Courte Oreilles Ojibwa College for a term, followed by one member of the governing body of the College of Menominee Nation for the next term, and continuing this alternation of terms thereafter."

As mentioned above, LRB-6467/P1 is identical to the amended version of Assembly Bill 428 as passed by the Assembly this past legislative session.

Considerations

- Should the committee renew its recommendation to add representation of tribal colleges on HEAB?
- If the answer to the above question is yes, should the committee support the version of the bill that was amended by the Legislature?
- Or, as an alternative to pursuing tribal college HEAB membership as a standalone bill, should the provisions of LRB-6467/P1 be incorporated into the next bill up for discussion, LRB-6468/P1?

LRB-6468/P1, RELATING TO ADDING A TRIBAL REPRESENTATIVE TO CERTAIN BOARDS AND COUNCILS IN STATE GOVERNMENT

Background

At the special committee's last meeting last session on January 25, 2021, Chair Mursau notified members that a preliminary bill draft, LRB-1615/P2, specifying tribal representation on dozens of state boards and councils was received the morning of the meeting. Chair Mursau indicated that his office was still reviewing the draft, and that it was not yet ready for committee discussion. LRB-6468/P1 is identical to that bill draft.

Bill Draft

The bill adds a tribal representative to 53 different boards and councils adding in state government.²

Considerations

- Should any of the boards or councils included in LRB-6468/P1 be deleted or otherwise modified?
- Are there boards or councils not included in LRB-6468/P1 that should be added to the bill draft?
- Should the provisions of LRB-6467/P1, relating to the membership of HEAB, be incorporated into LRB-6468/P1?
- Instead of one bill that addresses 53 different boards and councils, should LRB-6468/P1 be converted into multiple bills that address only the boards and councils that fall under a specific state agency or small group of state agencies?
- How should the committee address the drafter's question included on page 3 of the bill draft regarding use of the terms "member" and "representative"?

² Attached to this memo is a memorandum produced by the Legislative Reference Bureau for Representative Mursau that identifies the state agency to which each board, committee, and council identified in the bill draft is attached.

LRB-6469/P1, RELATING TO A LIFETIME LICENSE THAT AUTHORIZES AN INDIVIDUAL TO TEACH AN AMERICAN INDIAN LANGUAGE IN AN AMERICAN INDIAN LANGUAGE PROGRAM AND MODIFYING RULES PROMULGATED BY THE DEPARTMENT OF PUBLIC INSTRUCTION

Background

LRB-6469/P1 is identical to LRB-0025/1, which was recommended for introduction by the special committee last session. However, the Joint Legislative Council declined to vote to introduce LRB-0025/1.

Under current law, an individual who holds any provisional teaching license is eligible for a lifetime license upon successfully completing six semesters of teaching experience. One such provisional teaching license is for a teacher participating in American Indian language programs. Current law also requires the Department of Public Instruction (DPI) to establish standards certifying the abilities of these teachers. Those standards require, among other things, that the applicant for the license must be certified as competent in the American Indian language by the applicable tribal council, tribal language division, or local American Indian parent advisory committee.

Bill Draft

The bill draft provides an option for a federally recognized American Indian tribe or band to decide whether each applicant for a lifetime license to teach the American Indian language associated with the tribe or band in an American Indian language program is qualified to receive the lifetime license. To exercise this option, an American Indian tribe or band must notify DPI in writing. If an American Indian tribe or band exercises this option, DPI may not issue a lifetime license to teach the associated American Indian language to an individual unless the American Indian tribe or band approves the individual's application.

Under the bill, if an American Indian tribe or band opts to review individual applicants for a lifetime license, the tribal government must determine whether an applicant is highly skilled in the applicable American Indian language. If the tribal government determines the applicant is highly skilled, the American Indian tribe or band approves the application and DPI may issue a lifetime license to the applicant. If the tribal government determines the applicant is not highly skilled in the applicable American Indian language, the American Indian tribe or band may deny the application and instead require that the applicant be recertified as competent in the language as a condition of DPI renewing the individual's provisional license. Additionally, the tribal government determines the term of the applicant's renewed provisional license. Under the bill draft and current law, there is no limit on the number of times that a provisional teaching license may be renewed.

Consideration

- Should the committee renew its recommendation of LRB-6469/P1?

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

1 **AN ACT** *to amend* 118.19 (18) (bg) 1.; and *to create* 118.19 (18) (bp) of the
2 statutes; **relating to:** a lifetime license that authorizes an individual to teach
3 an American Indian language in an American Indian language program and
4 modifying rules promulgated by the Department of Public Instruction.

Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Special Committee on State-Tribal Relations.

Under current law, an individual who holds any provisional teaching license is eligible for a lifetime license upon successfully completing six semesters of teaching experience. This bill provides an option for a federally recognized American Indian tribe or band to decide whether each applicant for a lifetime license to teach the American Indian language associated with the tribe or band in an American Indian language program is qualified to receive the lifetime license. To exercise this option, an American Indian tribe or band must notify the Department of Public Instruction in writing. If an

American Indian tribe or band exercises this option, DPI may not issue a lifetime license to teach the associated American Indian language to an individual unless the American Indian tribe or band approves the individual's application.

Under the bill, if an American Indian tribe or band opts to review individual applicant's for a lifetime license, the tribal government must determine whether an applicant is highly skilled in the applicable American Indian language. If the tribal government determines the applicant is highly skilled, the American Indian tribe or band approves the application and DPI may issue a lifetime license to the applicant. If the tribal government determines the applicant is not highly skilled in the applicable American Indian language, the American Indian tribe or band may deny the application and instead require that the applicant be recertified as competent in the language as a condition of DPI renewing the individual's provisional license. Additionally, the tribal government determines the term of the applicant's renewed provisional license. Under the bill and current law, there is no limit on the number of times that a provisional teaching license may be renewed.

1 **SECTION 1.** 118.19 (18) (bg) 1. of the statutes is amended to read:

2 118.19 (18) (bg) 1. The Except as provided in par. (bp), the department may
3 issue a lifetime license under this subdivision to an individual who obtained a
4 provisional license under par. (a) or (bc) if the individual has successfully completed
5 6 semesters of teaching, administrating, or pupil services experience, as defined by
6 the department by rule.

7 **SECTION 2.** 118.19 (18) (bp) of the statutes is created to read:

8 118.19 (18) (bp) Beginning on the effective date of this paragraph [LRB
9 inserts date], the department may not issue to an individual a lifetime license that
10 authorizes the individual to teach an American Indian language in an American
11 Indian language program if the federally recognized American Indian tribe or band
12 in this state that is associated with the American Indian language submits to the
13 department written notice that states that the tribe or band wishes to evaluate each
14 individual who applies for a lifetime license to teach the American Indian language
15 in an American Indian language program. If a federally recognized American Indian
16 tribe or band in this state submits a written notice to the department under this
17 paragraph, the department may issue a lifetime license to the individual to teach an
18 American Indian language in an American Indian language program only if the tribe

1 or band notifies the department that it has determined that the individual is
2 qualified for a lifetime license to teach the American Indian language in an American
3 Indian language program.

4 **SECTION 3.** PI 34.055 (3) of the administrative code is created to read:

5 PI 34.055 (3) LIFETIME LICENSE; OPTIONAL APPROVAL PROCESS. (a) If a tribal
6 government associated with a language under sub. (1) submits a notice to the
7 department under s. 118.19 (18) (bp), Stats., the department shall notify the tribal
8 government whenever an individual applies for a lifetime license in the language
9 under sub. (1) that is associated with the tribal government. The department shall
10 provide the associated tribal government a copy of the individual's application.

11 (b) If a tribal government receives notice under par. (a), the tribal government
12 shall review the individual's application, determine whether the individual is highly
13 skilled in the American Indian language, and do one of the following:

14 1. If the associated tribal government determines that the individual is highly
15 skilled in the American Indian language, approve the individual's application for a
16 lifetime license.

17 2. If the associated tribal government determines that the individual is not
18 highly skilled in the American Indian language, deny the lifetime license application
19 and require the individual to be recertified as competent in the American Indian
20 language as a condition of renewing the individual's provisional license in that
21 American Indian language. If recertification is required under this subdivision,
22 notwithstanding s. PI 34.040 (3), the tribal government shall determine the term of
23 the individual's renewed provisional license, except that the term may not exceed 5
