Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Special Committee on State-Tribal Relations.

Under current law, an individual who holds any provisional teaching license is eligible for a lifetime license upon successfully completing six semesters of teaching experience. This bill provides an option for a federally recognized American Indian tribe or band to decide whether each applicant for a lifetime license to teach the American Indian language associated with the tribe or band in an American Indian language program is qualified to receive the lifetime license. To exercise this option, an American Indian tribe or band must notify the Department of Public Instruction in writing. If an

American Indian tribe or band exercises this option, DPI may not issue a lifetime license to teach the associated American Indian language to an individual unless the American Indian tribe or band approves the individual's application.

Under the bill, if an American Indian tribe or band opts to review individual applicant's for a lifetime license, the tribal government must determine whether an applicant is highly skilled in the applicable American Indian language. If the tribal government determines the applicant is highly skilled, the American Indian tribe or band approves the application and DPI may issue a lifetime license to the applicant. If the tribal government determines the applicant is not highly skilled in the applicable American Indian language, the American Indian tribe or band may deny the application and instead require that the applicant be recertified as competent in the language as a condition of DPI renewing the individual's provisional license. Additionally, the tribal government determines the term of the applicant's renewed provisional license. Under the bill and current law, there is no limit on the number of times that a provisional teaching license may be renewed.
