PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

1 **AN ACT to create** 120.18 (1) (cm) of the statutes; **relating to:** requiring school
2 districts to report information related to American Indian children attending
3 school in the school district.

Analysis by the Legislative Reference Bureau

This bill requires each school district to include in its annual school district report the numbers, ages, and tribal affiliation of American Indian children attending school in the school district. For purposes of this requirement, "American Indian" means an individual who is 1) a member of a tribe, band, or other organized group of Indians or a descendant in the first or second degree of any such member, 2) considered by the federal government, on May 22, 1980, to be an Indian for any purpose, 3) an Eskimo, Aleut, or other Alaska native, or 4) determined to be an Indian under rules promulgated by the state superintendent of public instruction.

Under current law, each school district must submit an annual school district report to the Department of Public Instruction. The school district must include its annual school district report various information related to the school district, including the number of children taught in the schools of the school district, the number of hours of direct pupil instruction provided in each school of the school district, and the names of all teachers employed by the school district during the school year.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
