Analysis by the Department of Revenue

Statute interpreted: ss. 71.63 (3m), 71.738 (2), and 73.029, Stats.

Statutory authority: ss. 73.029 and 227.11 (2) (a), Stats.

Explanation of agency authority: Section 73.029, Stats., provides that the department may require electronic funds transfer only by promulgating rules. Section 227.11 (2) (a), Stats., provides that each agency may promulgate rules interpreting the provisions of any statute enforced or administered by it, if the agency considers it necessary to effectuate the purpose of the statute.

Related statute or rule: ss. 71.63 (3m), 71.738 (2), and 73.029, Stats.

Plain language analysis: This rule order does the following:

- Creates a provision specifying that income and franchise tax withholding payments of pass-through entities are required to be made by electronic funds transfer (EFT).
- Changes a provision to specify that EFT payments made by automated clearing house (ACH) debit transfer may be initiated up until 4:00 p.m. on the due date of the payment.
- Creates a provision specifying that the department may require pass-through entities to file returns for nonresident withholding taxes by electronic means. An exception is provided for situations where the Secretary of Revenue determines that the requirement to file by electronic means causes an undue hardship.
- Creates a provision specifying that the department may require Form WT-7, *Employers Annual Reconciliation of Wisconsin Income Tax Withheld from Wages*, to be filed by electronic means. An exception is provided for situations where the Secretary of Revenue determines that the requirement to file by electronic means causes an undue hardship.
- Updates notes to list current street and mailing addresses.

Summary of, and comparison with, existing or proposed federal regulation: There is no existing or proposed federal regulation that is intended to address the activities to be regulated by the rule.

Comparison with rules in adjacent states:

Illinois – No similar rule exists.

Iowa – No similar rule exists.

Michigan – No similar rule exists with regard to filing an annual withholding tax reconciliation (the equivalent of Wisconsin Form WT-7) or a return for nonresident withholding taxes by electronic means. EFT payment of pass-through entity withholding is required if total pass-through entity withholding plus employee withholding averages at least \$40,000 per month.

Minnesota – No similar rule exists with regard to filing an annual withholding tax reconciliation (the equivalent of Wisconsin Form WT-7) or a return for nonresident withholding taxes by electronic means. If a pass-through entity is required to pay any Minnesota tax by EFT, it is required to pay all Minnesota taxes by EFT. The threshold for withholding tax is \$20,000 per year.

Summary of factual data and analytical methodologies: 2005 Wisconsin Act 25 created s. 71.775, Stats., which requires pass-through entities to file and pay withholding tax on the income allocable to their nonresident members. The department has determined that in order to administer this tax in a cost effective manner, it is necessary to require pass-through entities to file and pay the tax by electronic means. The department has also determined that, in the interest of cost effectiveness, a requirement to file Form WT-7, *Employers Annual Reconciliation of Wisconsin Income Tax Withheld from Wages*, should also be put in place. In light of this, a rule has been promulgated which allows the department to prescribe the method by which Form WT-7 is to be filed and by which pass-through entities are to file and pay withholding tax on the income allocable to their nonresident members.

Analysis and supporting documents used to determine effect on small business: The department provides methods to pay taxes using EFT and file returns electronically that occur at no or minimal cost to the payer or filer. In addition, an exception to the requirement to pay or file electronically for situations where an undue hardship is caused is provided in the rule. Based on this, the department has concluded that this rule order does not have a significant effect on small business.

Anticipated costs incurred by private sector: This rule order does not have a significant fiscal effect on the private sector.

Effect on small business: This rule order does not have a significant effect on small business.
