Explanation of agency authority:

The board shall promulgate rules for its own guidance and for the guidance of the profession and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the profession.

Specifically, the board may also establish rules to prevent unauthorized persons from practicing professional nursing. It shall approve all rules for the administration of ch. 441, Wis. Stats.

Related statute or rule: §§ 441.05, 441.06, 441.08 and 441.10, Stats.

Plain language analysis:

This proposed rule updates the licensure process.

Section 1 repeals and recreates ch. N 2. The first subsection is licensure by examination. The qualifications for professional nurse licensure are graduation from a high school or equivalent, does not have an arrest or conviction record related to the practice of nursing, graduation from a school of nursing and passes the NCLEX exam. The qualifications for practical nurse licensure are 2 years of high school, does not have an arrest or conviction record related to the practice of nursing, graduated from a school of nursing and passes the NCLEX exam. The application procedure is submitting an application, paying the fee, submitting proof of graduation, passing

the NCLEX, and submitting all relevant information relating to criminal charges, convictions of crimes or any acts which would constitute unprofessional conduct. If the nurse is a graduate from a U.S. territory or outside the United States, the education credentials need to be evaluated by the Commission on Graduates of Foreign Nursing Schools.

The second subsection is licensure by endorsement. An applicant holding a current license from a compact state shall submit a completed application, pay the fee, declare Wisconsin as the primary state, and submit all relevant information relating to criminal charges, convictions of crimes, any acts which would constitute unprofessional conduct or discipline taken by another state. An applicant holding a current license from another U.S. state, territory or Canada shall submit evidence of initial licensure including graduation from an approved nursing school and passage of the NCLEX or evidence of educational qualifications and licensure examination. In addition, an applicant shall submit a completed application, pay the fee, verification from the state of initial licensure and current licensure, documentation of employment history, and submitting all relevant information relating to criminal charges, convictions of crimes, any acts which would constitute unprofessional conduct or discipline taken by another state. An applicant who does not have current nursing education or been employed in a position that requires a nursing license may apply for a limited license to complete a nurse refresher course.

The third subsection is temporary permits. A nurse who has graduated from an approved or comparable school may apply for a temporary permit upon submission of a completed application, payment of fee and verification of graduation from a nursing school. A graduate nurse may use the title of G.N. for graduate nurse or G.P.N. for graduate practical nurse. The holder of a temporary permit may only work under direct supervision unless the person holds a nursing license in another state. The temporary permit is valid for a period of three months or the receipt of results indicating failing the NCLEX. A temporary permit may be renewed once and may be renewed subsequently on the basis of hardship. A temporary permit may be denied or revoked for providing false information on the application, misrepresentation of title without a valid permit or for unprofessional conduct.

Section 2 repeals and recreates chapter N 3. The examining councils serve the Board in an advisory capacity. The section states the appointment process and composition of the two nursing examining councils.
