(2p) DONATIONS OF LAND. (a) The department shall determine the value of land donated to the department that is within the project boundaries of a state park, a state forest or a state recreation area. If the donation involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land before the transfer. If the donation is a dedication transferring a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the donation involves a sale of land to the department at less than the fair market value, the valuation of the donation shall be based on the difference between the purchase price and the fair market value.

(b) Except as provided in par. (c), an amount of money equal to the value of the donation under par. (a) shall be released from the appropriation under s. 20.866 (2) (ta) or (tz) or both to be used for land acquisition activities for the same project for which any donation was made on or after August 9, 1989. (c) If the moneys allocated under par. (b) for release from the appropriation under s. 20.866 (2) (ta) to match a donation under par. (b) will exceed the annual bonding authority for the subprogram under s. 23.0917 (3) for a given fiscal year, as adjusted under s. 23.0917 (5), the department shall release from the moneys appropriated under s. 20.866 (2) (ta) the remaining amount available under that annual bonding authority, as adjusted under s. 23.0917 (5), for the given fiscal year and shall release in each following fiscal year from the moneys appropriated under s. 20.866 (2) (ta) an amount equal to that annual bonding authority, as adjusted under s. 23.0917 (5), or equal to the amount still needed to match the donation, whichever is less, until the entire amount necessary to match the donation is released.

(d) This subsection does not apply to an easement or land donated to the department under s. 23.092 or 23.094.

(2q) WARREN KNOWLES-GAYLORD NELSON STEWARDSHIP PROGRAM; LOWER WISCONSIN STATE RIVERWAY; ICE AGE TRAIL. Except as provided in s. 23.0915 (2), the department in each fiscal year may not expend from the appropriation under s. 20.866 (2) (tz):

cies may provide by agreement for the manner of sharing expenses and responsibilities under this paragraph.

(b) If the department and the board of regents of the University of Wisconsin System enter into an agreement to create a faculty position at the University of Wisconsin-Madison for a forest landscape ecologist, the department and the University of Wisconsin-Madison shall develop an annual work plan for the ecologist. In developing the annual work plan, the department shall consult with the council on forestry.

(4) RESCUES, EMERGENCIES AND DISASTERS. The department may on its own motion and shall, when so directed by the governor, assist other state, county, and local governmental agencies or do all things reasonably necessary in the rescue of persons lost in the forests of the state, or who may be otherwise in danger of loss of life, in the recovery of the bodies of drowned persons, and in cases of emergency or disaster, by assigning equipment and employees of the department to such rescue, recovery, emergency, and disaster relief missions.

(10) CONSERVATION EASEMENTS AND RIGHTS IN PROPERTY. Confirming all the powers hereinabove granted to the department and in furtherance thereof, the department may acquire any and all easements in the furtherance of public rights, including the right of access and use of lands and waters for hunting and fishing and the enjoyment of scenic beauty, together with the right to acquire all negative easements, restrictive covenants, covenants running with the land, and all rights for use of property of any nature whatsoever, however denominated, which may be lawfully acquired for the benefit of the public. The department also may grant leases and easements to properties and other lands under its management and control under such covenants as will preserve and protect such properties and lands for the purposes for which they were acquired.

When the project is completed, the department shall pay to the county not more than one-half the actual cost of such project. The department may inform itself and require any necessary evidence from the county to substantiate the cost before payment is made.

(e) The department in making its deliberations shall give careful consideration to whether or not the proposal is an integral part of an official comprehensive land and water use plan for the area as well as the relationship of the project to similar projects on other public lands. If requests for state aids exceed the funds allotted to the department for this program, those requests which form an integral part of a comprehensive plan shall be given first priority.

(f) Recreation facilities developed under the assistance of this section shall not be converted to uses which are inconsistent with the purposes of this section without the approval of the department. The department shall not issue such approval unless there is evidence that such other uses are essential to and in accordance with an official comprehensive plan for the area. The department shall require that the proceeds from the disposal of facilities developed under this section shall be used to further the objectives of this section.

These aids shall be used to undertake wildlife management activities provided in the comprehensive county forest land use plan and included in the annual work plan and budget.

(c) Wildlife management operations shall be limited to approved projects designed to benefit wildlife and the natural environment.

(d) Application shall be made as part of the comprehensive county forest land use plan prepared under s. 28.11. (c) *Overall requirements.* 1. The department may obligate not more than \$5,000,000 under the subprogram for the Baraboo Hills.

2. The amount of moneys, other than federal moneys, that may be used by local governmental units or nonprofit conservation organizations to make land acquisitions that are certified as qualifying matching land acquisitions under par. (e) may not exceed \$2,500,000.

3. Land that is either certified as a qualifying matching land acquisition under par. (e) or (h) 2. or acquired with moneys made available for expenditure under par. (g) or (h) 2. may not be department land or land that is otherwise owned or under the jurisdiction of the state on October 29, 1999.

The acquiring entity shall supply the appraisal upon which the appraised fair market value is based.

(g) *Matching land acquisitions; available moneys.* For each land acquisition that is certified as a qualifying matching land acquisition under par. (e), the department shall make available for expenditure moneys in an amount that equals the value of the land acquisition, as calculated under par. (f). This paragraph does not apply to a land acquisition that is acquired with moneys committed by the federal government, local governmental unit or nonprofit conservation organization under par. (h).

(h) *Matching land acquisitions; future commitments.* 1. In addition to the moneys made available for expenditure under par. (g), the department shall set aside moneys in amounts that equal amounts that the federal government, local governmental units or nonprofit conservation organizations commit for the acquisition of land in the Baraboo Hills for conservation purposes. The department shall expend any assigned amount that has not been expended before January 1, 2006, for acquisitions, by the department, of land for conservation purposes and for grants that meet the requirements under par. (j).

(L) *Highway construction required.* No moneys may be obligated for the subprogram for the Baraboo Hills before the department of transportation certifies to the department of natural resources that highway construction that will result in at least 4 traffic lanes has begun on the portion of USH 12 between the city of Middleton and the village of Sauk City.

23.27 Natural areas; definitions; importance; inventory; acquisition; sales. (1) **DEFINITIONS.** As used in this section and ss. 23.28 and 23.29:

(a) “Council” means the natural areas preservation council.

(b) “Dedicated state natural areas” means land accepted and recorded for dedication under the Wisconsin natural areas heritage program as provided under s. 23.29 (16).

(c) “Dedication” means the transfer of land or a permanent interest in land to the state of Wisconsin to be held in trust for the people of Wisconsin by the department in a manner which ensures the protection and stewardship of the area and natural values associated with the area. “Dedication” also means the binding unilateral declaration by the state that land under the ownership of the state is to be held in trust for the people of Wisconsin by the department in a manner which ensures the protection and stewardship of the area and natural values associated with the area.

(d) “Designated state natural area” means a natural area designated as a state natural area under s. 23.28 (1).

(e) “Natural area” means an area of land or water which has educational or scientific value or is important as a reservoir of the state’s genetic or biologic diversity and includes any buffer area necessary to protect the area’s natural values. Frequently, “natural areas” are important as a reserve for native biotic communities. Frequently, “natural areas” provide habitat for endangered, threatened or critical species or for species of special concern to scientists. In some cases, “natural areas” include areas with highly significant geological or archaeological features. Generally, “natural areas” are areas which largely escaped unnatural environmental disturbance or which exhibit little evidence of recent environmental disturbance so that recovery of natural conditions has occurred.

(f) “Natural values” includes any important values and characteristics listed under sub. (2) (a) to (i) which enable an area to be considered a natural area.

(g) “Research natural area” means all or part of a state natural area identified by the department, with the advice of the council, as a natural area especially suitable or important for scientific research.

(h) “State natural area”, unless otherwise limited, means any designated state natural area or dedicated state natural area.

(i) “Stewardship” means the continuing obligation to provide the necessary maintenance, management, protection, husbandry and support for a natural area and natural values associated with that area.

(2) **IMPORTANCE.** The department, with the advice of the council, shall maintain a system to evaluate the importance of natural areas. The system shall include standards for determining low, high and critical levels of importance for natural areas. This system shall consider the following natural values:

(a) The value of the area as a preserve or reservoir which exhibits an outstanding or high quality example of a native plant or animal community.

(b) The value of the area as a preserve or reservoir for any endangered, threatened or critical species or for a species of special concern to scientists.

(c) The value of the area as a preserve or reservoir of genetic or biological diversity.

(d) The degree to which the area was subject to unnatural environmental disturbance and the degree of recovery.

(e) The value of the area for educational or scientific research purposes and as a reference site for comparison with areas subjected to environmental disturbance.

(f) The value of the area for educational or scientific research purposes because of important or unusual characteristics.

(g) The significance or uniqueness of the area in the locality, region and state.

(h) The existence of highly significant geological or archaeological features.

(i) The value of the area for public educational purposes, including the value of the area in promoting public awareness, appreciation, understanding and respect for the state’s natural heritage.

(3) **NATURAL HERITAGE INVENTORY PROGRAM.** (a) *Duties.* The department shall conduct a natural heritage inventory program. The department shall cooperate with the department of administration under s. 16.967 in conducting this program. This program shall establish a system for determining the existence and location of natural areas, the degree of endangerment of natural areas, an evaluation of the importance of natural areas, information related to the associated natural values of natural areas, and other information and data related to natural areas. This program shall establish a system for determining the existence and location of native plant and animal communities and endangered, threatened, and critical species, the degree of endangerment of these communities and species, the existence and location of habitat areas associated with these communities and species, and other information and data related to these communities and species. This program shall establish and coordinate standards for the collection, storage, and management of information and data related to the natural heritage inventory.

(b) *Access to information; fees.* The department shall make information and data from the natural heritage inventory program available to any individual or public or private agency for research, educational, environmental, land management or similar authorized purposes. The department may establish a fee to be collected to recover the actual cost of collecting, storing, managing, compiling and providing this information and data. The department may reduce or waive the fee established under this paragraph if the department determines that a waiver or reduction of the fee is in the public interest. The natural heritage inventory and related information and data are not subject to s. 19.35 and the department may refuse to release information or data for any purpose which is not authorized.

(4) **NATURAL AREAS LAND ACQUISITION; CONTINUING COMMITMENT.** It is the intent of the legislature to continue natural areas land acquisition activities from moneys available from the appropriations under ss. 20.370 (7) (fa) and 20.866 (2) (ta), (ts) and (tz). This commitment is separate from and in addition to the commitment to acquire natural areas under the Wisconsin natural areas heritage program. Except as provided in s. 23.0915 (2), the department may not expend from the appropriation under s. 20.866 (2) (tz) more than \$1,500,000 in each fiscal year for natural areas land acquisition activities under this subsection and for grants for this purpose under s. 23.096.

(5) **NATURAL AREAS LAND ACQUISITION; COMMITMENT UNDER THE WISCONSIN NATURAL AREAS HERITAGE PROGRAM.** It is the intent of the legislature to initiate additional natural areas land

This commitment is separate from and in addition to the continuing commitment under sub. (4). Moneys available from the appropriations under ss. 20.370 (1) (fu) and 20.866 (2) (ta), (tt), and (tz) under the Wisconsin natural areas heritage program may not be used to acquire land through condemnation. The department may not acquire land under this subsection unless the land is suitable for dedication under the Wisconsin natural areas heritage program and upon purchase or as soon after purchase as practicable the department shall take all necessary action to dedicate the land under the Wisconsin natural areas heritage program. Except as provided in s. 23.0915 (2), the department may not expend from the appropriation under s. 20.866 (2) (tz) more than \$500,000 in each fiscal year for natural areas land acquisition activities under this subsection and for grants for this purpose under s. 23.096.

(6) SALE; CREDIT. Moneys received by the state from the sale of any area on state-owned land under the department's management or control which is withdrawn from the state natural areas system shall be credited to the appropriation under s. 20.370 (1) (fu). 23.28 State natural areas; designated state natural areas. **(1) DESIGNATION.** The department, with the advice of the council, may designate any natural area with a high or critical level of importance on state-owned land under the department's management or control as a state natural area. The department, with the advice of the council, may designate any natural area with a high or critical level of importance on land other than state-owned land but under the department's management or control as a state natural area. The department, with the advice of the council, may designate a natural area with a high or critical level of importance on land under the management or control of another state agency, a federal, county, city, village, town or other public agency or a nonprofit organization as a state natural area if that area is protected by a voluntary, written stewardship agreement between the owner or manager and the department.

(2) STEWARDSHIP. The department is responsible for the stewardship of designated state natural areas unless a written stewardship agreement specifies otherwise.

(3) PROTECTION OF NATURAL VALUES; RESEARCH NATURAL AREAS. The department shall not permit any use of a designated state natural area which is inconsistent with or injurious to its natural values. The department may establish use zones, may control uses within a zone and may limit the number of persons using a zone in a designated state natural area. 23.29 Wisconsin natural areas heritage program. (1)

INTENT. It is the intent of the legislature to encourage private contributions and land dedications under the Wisconsin natural areas heritage program. It is the intent of the legislature to match private contributions and the value of land dedications with state funds in addition to funds normally appropriated for natural areas land acquisition activities.

(2) CONTRIBUTIONS; STATE MATCH. The department may accept contributions and gifts for the Wisconsin natural areas heritage program. The department shall convert donations of land which it determines, with the advice of the council, are not appropriate for the Wisconsin natural areas heritage program into cash. The department shall convert other noncash contributions into cash. These moneys shall be deposited in the conservation fund and credited to the appropriation under s. 20.370 (1) (fu). These moneys shall be matched by an equal amount released from the appropriation under s. 20.866 (2) (ta), (tt), or (tz) or from any combination of these appropriations to be used for natural areas land acquisition activities under s. 23.27 (5). The department shall determine how the moneys being released are to be allocated from these appropriations.

(3) LAND DEDICATIONS; VALUATION; STATE MATCH. The department shall determine the value of land accepted for dedication under the Wisconsin natural areas heritage program. If the land dedication involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land prior to the transfer. If the land dedication involves the transfer of a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the land dedication involves a sale of land to the department at less than the fair market value, the valuation of the dedication shall be based on the difference between the purchase price and the fair market value. An amount equal to the value of land accepted for dedication under the Wisconsin natural areas heritage program shall be released from the appropriation under s. 20.866 (2) (ta), (tt) or (tz) or from any combination of these appropriations to be used for natural areas land acquisition activities under s. 23.27 (5). This subsection does not apply to dedications of land under the ownership of the state. The department shall determine how the moneys being released are to be allocated from these appropriations.

(4) LAND DEDICATIONS; ELIGIBLE LAND. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land is a natural area with a high or critical level of importance as determined by the department with the advice of the council.

(5) LAND DEDICATIONS; TRANSFER OF INTEREST. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless all interest in the land or a partial interest in the land is transferred to the state to be held in trust for the people by the department. This subsection does not apply to land under the ownership of the state.

(6) LAND DEDICATIONS; STATE LAND. Land under the ownership of the state and under the control or management of the department may be accepted for dedication under the Wisconsin natural areas heritage program. Land under the ownership of the state but under the management or control of another agency may be accepted for dedication under the Wisconsin natural areas heritage program if the appropriate agency transfers sufficient permanent and irrevocable authority over the management and control of that land to the department.

(7) LAND DEDICATIONS; PERMANENT AND IRREVOCABLE. Except as permitted under this subsection, the department may not accept land for dedication under the Wisconsin natural areas

heritage program unless the land dedication is permanent and irrevocable. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the dedication or any provision in the articles of dedication include any reversionary right or any provision which extinguishes the dedication at a certain time or upon the development of certain conditions, except that the department may authorize a revision or extinction if the land is withdrawn from the Wisconsin natural areas heritage program as provided under subs. (19) and (20). The department may not accept land for dedication under the Wisconsin natural areas heritage program if the articles of dedication allow for amendment or revision except as provided under subs. (17) and (18).

(8) LAND DEDICATIONS; PUBLIC TRUST. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land dedication provides that the interest in land which is transferred to or held by the state is to be held in trust for the people by the department.

(9) LAND DEDICATIONS; STEWARDSHIP. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless adequate provisions for the stewardship are provided. If the land dedication involves the transfer of title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the department has stewardship responsibility. If the land dedication involves the transfer of a partial interest in the land to the state, stewardship responsibility shall be assigned to the person retaining an interest in the land and his or her successors or to the department. Even if stewardship responsibility is assigned to a person retaining an interest in the land and his or her successors, the department has ultimate responsibility to ensure that stewardship is provided and, if it is not, the department shall assume stewardship responsibility and shall recover the costs involved from the party originally responsible. If the land dedication involves state-owned land under the management or control of the department, the department has stewardship responsibility. The department may enter into contracts or agreements with other agencies or persons to act as its agent and to ensure that stewardship is provided for a dedicated state natural area or to assume stewardship responsibility for a dedicated state natural area. In no case may the department abrogate its ultimate stewardship responsibility or its obligation as a trustee of the land.

(10) PROTECTION OF NATURAL VALUES; RESEARCH NATURAL AREAS. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless adequate authorization is given to the department to protect natural values and to restrict any use of the natural area which is inconsistent with or injurious to its natural values. If authorized by the articles of dedication, the department may establish use zones, may control uses within a zone and may limit the number of persons using a zone in a dedicated state natural area. If authorized in the articles of dedication, the department, with the advice of the council, may classify certain dedicated state natural areas as research natural areas and may establish special use regulations for these areas.

(11) LAND DEDICATIONS; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; ACCESS. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for access are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the Wisconsin natural areas heritage program unless adequate provisions for access are provided. Adequate provisions for access are required to include provisions which guarantee access to the land by the department

and its agents at reasonable times to inspect the land and to determine if the articles of dedication are being violated. Adequate provisions for access are required to include provisions which guarantee to the department and its agents access and rights to the land necessary to exercise stewardship responsibilities. Adequate provisions for access may not be required to include any provision permitting public access to the land although the department shall encourage public access provisions wherever possible and consistent with preservation of natural values associated with the land. If public access is permitted, the department shall consider this as a factor when making its valuation under sub. (3). Even if public access is permitted, the department may limit access at its discretion to protect natural values associated with the land or to facilitate stewardship or administration.

(12) LAND DEDICATION; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; NOTICE PRIOR TO SALE OR TRANSFER. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for notice are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the Wisconsin natural areas heritage program unless adequate provisions for notice are provided. At a minimum, adequate provisions for notice shall require 30 days' notice to the department before any sale, transfer or conveyance of the land or an interest in the land. The department may not regulate or prohibit the sale, transfer or conveyance of a dedicated state natural area or an interest in a dedicated state natural area but the department may ensure that the grantee, lessee or other party is informed of the dedication and understands that restrictions, conditions, obligations, covenants and other provisions in the dedication and articles of dedication run with the land and are binding on subsequent grantees, lessees and similar parties. No sale, transfer or conveyance of a dedicated state natural area may violate the dedication or the articles of dedication. The register of deeds shall notify the department if a dedicated state natural area is transferred by will or as part of an estate.

(13) ARTICLES OF DEDICATION; REQUIREMENT; APPROVAL. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless articles of dedication in the proper form and with the required contents are prepared and approved. The department and the person making the land dedication are required to approve articles of dedication if the land dedication involves the transfer of all or a partial interest in the land. The department and the appropriate state agency are required to approve articles of dedication if the land dedication involves land under the ownership of the state but under the control or management of a state agency other than the department. The department is required to approve articles of dedication if the land dedication involves only land under the ownership and control of the state and under the management or control of the department. The department shall seek the advice of the council in making approvals under this subsection.

(14) ARTICLES OF DEDICATION; FORM. Articles of dedication are not in proper form unless they are prepared as a conservation easement under s. 700.40 or in another form acceptable to the department. Articles of dedication are not in proper form unless they run with the land and are binding on all subsequent purchasers or any other successor to an interest in the land. Articles of dedication are not in proper form unless the articles qualify as an instrument which is valid and meets the requirements for recording under s. 706.04.

(15) ARTICLES OF DEDICATION; CONTENTS. The department may not approve articles of dedication unless they contain:

(23) ENFORCEMENT. The department and its agents, the department of justice, and peace officers, as defined under s. 939.22 (22), but not including commission wardens, as defined under s. 939.22 (5), have jurisdiction on dedicated state natural areas in the geographic jurisdiction to enforce articles of dedication and restrictions authorized under sub. (21).

(24) INJUNCTIVE RELIEF; RECOVERY OF COSTS; PUNITIVE DAMAGES. The department, or the department of justice on its own initiative or at the request of the department, may initiate an action seeking injunctive relief against any person violating the articles of dedication of a dedicated state natural area or restrictions authorized under sub. 23.293 State ice age trail area dedication. (1) DEFINITIONS. In this section:

(a) “Dedicated ice age trail area” means land accepted and recorded for dedication under the ice age trail program under this section.

(b) “Dedication” means all of the following:

1. The transfer of land or a permanent interest in land to this state to be held in trust for the people of this state by the department in a manner which ensures the stewardship of the area.

2. The binding unilateral declaration by the state that land under the ownership of the state is to be held in trust for the people of this state by the department in a manner which ensures the stewardship of the area.

(c) “State ice age trail area” means the trail designated under s. 23.17 (2).

(d) “Stewardship” means the continuing obligation to provide the necessary maintenance, management, protection, husbandry and support.

(2) MAP. The department shall develop a map which designates the state ice age trail areas.

(3) STEWARDSHIP. The department is responsible for the stewardship of state ice age trail area lands.

(4) CONTRIBUTIONS AND GIFTS; STATE MATCH. The department may accept contributions and gifts for the ice age trail program. The department may convert gifts of land which it determines are not appropriate for the ice age trail program into cash. The department may convert other noncash contributions and gifts into cash. These moneys shall be deposited in the general fund and credited to the appropriation under s. 20.370 (7) (gg). An amount equal to the value of all contributions and gifts shall be released from the appropriation under s. 20.866 (2) (ta), (tw) or (tz) or from any combination of these appropriations to be used for land acquisition and development activities under s. 23.17. The department shall determine how the moneys being released are to be allocated from these appropriations.

(5) LAND DEDICATIONS; VALUATION; STATE MATCH. The department shall determine the value of land accepted for dedication under the ice age trail program. If the land dedication involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation of the land shall be based on the fair market value of the land before the transfer. If the land dedication involves the transfer of a partial interest in land to the state, the valuation of the land shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the land dedication involves a sale of land to the department at less than the fair market value, the valuation of the land shall be based on the difference between the purchase price and the fair market value. An amount equal to the valuation of the land accepted for dedication under the ice age trail program shall be released from the appropriation under s. 20.866 (2) (ta), (tw) or (tz) or from any combination of these appropriations to be used for ice age trail acquisition activities under s. 23.17. The department shall determine how the moneys being released are to be allocated from these appropriations. This subsection does not apply to dedications of land under the ownership of the state.

(6) LAND DEDICATIONS; ELIGIBILITY AND ACCEPTANCE. The department shall accept land except as provided by sub. (7), (8), (9), (10) or (12), within the state ice age trail area for dedication

unless the long-term stewardship of the dedicated land cannot reasonably be assured.

(7) LAND DEDICATIONS; TRANSFER OF INTEREST. The department may not accept land for dedication under the ice age trail program unless all interest in the land or a partial interest in the land is transferred to the state to be held in trust for the people of this state by the department. This subsection does not apply to land under the ownership of the state.

(8) LAND DEDICATIONS; STATE LAND. Land under the ownership of the state and under the control or management of the department may be accepted for dedication under the ice age trail program. Land under the ownership of the state but under the management or control of another agency may be accepted for dedication under the ice age trail program if the appropriate agency transfers sufficient permanent and irrevocable authority over the management and control of that land to the department.

(9) LAND DEDICATIONS; PERMANENT AND IRREVOCABLE. Except as permitted under this subsection, the department may not accept land for dedication under the ice age trail program unless the land dedication is permanent and irrevocable. The department may not accept land for dedication under the ice age trail program if the dedication or any provision in the articles of dedication include any reversionary right or any provision which extinguishes the dedication at a certain time or upon the development of certain conditions, except that the department may authorize a reversion or extinction if the land is withdrawn from the ice age trail program as provided under subs. (16) and (17). The department may not accept land for dedication under the ice age trail program if the articles of dedication allow for amendment or revision except as provided under subs. (14) and (15).

(10) LAND DEDICATIONS; PUBLIC TRUST. The department may not accept land for dedication under the ice age trail program unless the land dedication provides that the interest in land which is transferred to or held by the state is to be held in trust for the people of this state by the department.

(11) LAND DEDICATIONS; STEWARDSHIP. The department may enter into contracts or agreements with other agencies or persons to act as its agent and to ensure that stewardship is provided for a dedicated ice age trail area or to assume stewardship responsibility for a dedicated ice age trail area. In no case may the department abrogate its ultimate stewardship responsibility or its obligation as a trustee of the land.

(12) LAND DEDICATION; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; NOTICE PRIOR TO SALE OR TRANSFER. The department may not accept land for dedication under the ice age trail program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for notice are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the ice age trail program unless adequate provisions for notice are provided. At a minimum, adequate provisions for notice shall require 30 days’ notice to the department before any sale, transfer or conveyance of the land or an interest in the land. The department may not regulate or prohibit the sale, transfer or conveyance of a dedicated ice age trail area or an interest in a dedicated ice age trail area but the department may ensure that the grantee, lessee or other party is informed of the dedication and understands that restrictions, conditions, obligations, covenants and other provisions in the dedication and articles of dedication run with the land and are binding on subsequent grantees, lessees and similar parties. No sale, transfer or conveyance of a dedicated ice age trail area may violate the dedication or the articles of dedication. The register of deeds shall notify the department if a dedicated ice age trail area is transferred by will or as part of an estate.

23.293 CONSERVATION**Updated 23-24 Wis. Stats. 42**

(13) ARTICLES OF DEDICATION; FORM. Articles of dedication are not in proper form unless they are prepared as a conservation easement under s. 700.40 or in another form acceptable to the department. Articles of dedication are not in proper form unless they run with the land and are binding on all subsequent purchasers or any other successor to an interest in the land. Articles of dedication are not in proper form unless the articles qualify as an instrument which is valid and meets the requirements for recording under s. 706.04.

(14) ARTICLES OF DEDICATION; AMENDMENT; JUSTIFICATION. The articles of dedication may not be amended or revised unless the amendment or revision serves a valid public purpose, no prudent alternative exists and the amendment or revision would not significantly injure or damage the ice age trail.

(15) ARTICLES OF DEDICATION; AMENDMENT; PROCEDURE. The articles of dedication may not be amended or revised until and unless:

(a) *Agreement.* The department and any other party with a property interest in the dedicated ice age trail area agree to the proposed amendment or revision.

(b) *Findings.* The department issues written findings justifying the proposed amendment or revision under sub. (14).

(e) *Approval by governor.* The governor approves the proposed amendment or revision.

(f) *Recording.* The amendment or revision is recorded in the office of the register of deeds.

(16) WITHDRAWAL; JUSTIFICATION. The department may not withdraw a state ice age trail area from the state ice age trail areas system unless:

(a) *Extinction of value.* The value which enabled the area to be considered a dedicated ice age trail area no longer exists or was destroyed or damaged to such an extent that the area has no importance or has a low level of importance as determined by the department.

(b) *Superseding public purpose.* The withdrawal serves a superseding and imperative public purpose and no prudent alternative exists.

(17) WITHDRAWAL; PROCEDURE. The department may not withdraw a dedicated ice age trail area from the state ice age trail areas system until and unless:

(4p).

(4p) CHEMICAL TESTS. (a) *Requirement.* 1. ‘Samples; submission to tests.’ A person shall provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law and if he or she is requested to provide the sample by a law enforcement officer. A person shall submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law and if he or she is requested to submit to the test by a law enforcement officer.

2. ‘Information.’ A law enforcement officer requesting a person to provide a sample or to submit to a chemical test under subd. 1. shall inform the person of all of the following at the time of the request and prior to obtaining the sample or administering the test:

c. That in addition to the designated chemical test under par. (b) 2., he or she may have an additional chemical test under par. (c) 1.

3. ‘Unconscious person.’ A person who is unconscious or otherwise not capable of withdrawing consent is presumed not to have withdrawn consent under this paragraph, and if a law enforcement officer has probable cause to believe that the person violated the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law, one or more chemical tests may be administered to the person without a request under subd. 1. and without providing information under subd. 2.

2. ‘Designated chemical test.’ A test facility shall designate one chemical test of breath, blood or urine which it is prepared to administer first for the purpose of authorized analysis.

3. ‘Additional chemical test.’ A test facility shall specify one chemical test of breath, blood or urine, other than the test designated under subd. 2., which it is prepared to administer for the purpose of authorized analysis as an additional chemical test.

4. ‘Validity; procedure.’ A chemical test of blood or urine conducted for the purpose of authorized analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of the laboratory of hygiene, department of health services and department of transportation under s. 343.305 (6) apply to a chemical test of blood or urine conducted for the purpose of authorized analysis under this subsection. Blood may be withdrawn from a person arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law only by a physician, registered nurse, medical technologist, physician assistant, phlebotomist, or other medical professional who is authorized to draw blood, or person acting under the direction of a physician and the person who withdraws the blood, the employer of that person and any hospital where blood is withdrawn have immunity from civil or criminal liability as provided under s. 895.53.

5. ‘Report.’ A test facility which administers a chemical test of breath, blood or urine for the purpose of authorized analysis under this subsection shall prepare a written report which shall include the findings of the chemical test, the identification of the law enforcement officer or the person who requested a chemical test and the identification of the person who provided the sample or submitted to the chemical test. The test facility shall transmit a copy of the report to the law enforcement officer and the person who provided the sample or submitted to the chemical test.

(c) *Additional and optional chemical tests.* 1. ‘Additional chemical test.’ If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law or is the operator of an all-terrain vehicle or utility terrain vehicle involved in an accident resulting in great bodily harm to or the death of someone and if the person is requested to provide a sample or to submit to a test under par. (a) 1., the person may request the test facility to administer the additional chemical test specified under par. (b) 3. or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis.

If a test facility is unable to perform a chemical test of breath, the person may request the test facility to administer the designated chemical test under par. (b) 2. or the additional chemical test under par. (b) 3.

3. 'Compliance with request.' A test facility shall comply with a request under this paragraph to administer any chemical test it is able to perform.

4. 'Inability to obtain chemical test.' The failure or inability of a person to obtain a chemical test at his or her own expense does not preclude the admission of evidence of the results of a chemical test required and administered under pars. (a) and (b).

(a), (b) or (c) are admissible in any civil or criminal action or proceeding arising out of the acts committed by a person alleged to have violated the intoxicated operation of an all-terrain vehicle or utility terrain vehicle law on the issue of whether the person was under the influence of an intoxicant or the issue of whether the person had alcohol concentrations at or above specified levels or a detectable amount of a restricted controlled substance in his or her blood. Results of these chemical tests shall be given the effect required under s. 885.235. This subsection does not limit the right of a law enforcement officer to obtain evidence by any other lawful means.

(e) *Signs*. 1. The department, in cooperation with the department of transportation, shall establish uniform all-terrain vehicle route and trail signs and standards and uniform signs and standards for the operation of utility terrain vehicles on all-terrain vehicle routes and trails. The standards may not require that any additional signs be placed on all-terrain vehicle routes concerning the operation of all-terrain vehicles or utility terrain vehicles with snow removal devices attached.

2. Except as provided in subd. 3, if a town, village, city, or county designates specific highways under its jurisdiction as all-terrain vehicle routes under par. (b) 2., the town, village, city, or county shall do one of the following:

a. Erect a sign at each point on a highway where the all-terrain vehicle route begins and at each point where the all-terrain vehicle route intersects an all-terrain vehicle trail or a highway that is not designated as an all-terrain vehicle route. The town, village, city, or county is not required to erect a sign under this subdivision at a point that is not more than one-half mile from a sign marking the same all-terrain vehicle route on the same highway.

b. Erect a sign on each highway under its jurisdiction that crosses its territorial boundary in a position to be viewed by motorists as they enter the town, village, city, or county. The signs shall alert motorists that all highways within the town, village, city, or county have been designated as all-terrain vehicle routes, except where otherwise indicated. County forest roads open to vehicular traffic are highways that can be designated as routes under sub. (8) (b). 77 Atty. Gen. 52.

Even if the primary purpose of designating short county highway segments as ATV routes is to allow a private organization to enhance its system of trails that benefit club members and their invitees, such designations will not violate the public purpose doctrine if no county resources are expended and no county expenditures occur as a result of those designations. An agent appointed under subd. 1. may retain 50 cents of the issuing fee to compensate the agent for the agent's services in issuing the temporary trail use receipt.

3. The department shall establish, by rule, procedures for issuing nonresident trail passes and temporary trail use receipts, and the department may promulgate rules regulating the activities of persons who are appointed to be agents under this paragraph.

(a) No person who is engaged in the rental or leasing of limited use off-highway motorcycles to the public may do any of the following:

1. Rent or lease a limited use off-highway motorcycle for operation by a person who will be operating the limited use off-highway motorcycle for the first time unless the person engaged in the rental or leasing gives the person instruction on how to operate the limited use off-highway motorcycle.

2. Rent or lease a limited use off-highway motorcycle to a person under 12 years of age.

3. Rent or lease a limited use off-highway motorcycle without first ascertaining that any person under the age of 18 who will be on the vehicle has protective headgear of the type required under s. 347.485 (1) (a).

use off-highway motorcycles to the public shall have clean, usable protective headgear available for rent in sufficient quantity to provide headgear to all persons under the age of 18 who will be on the limited use off-highway motorcycles that the person rents or leases.

(c) The department may promulgate rules to establish minimum standards for the instruction given under par. (a) 1.

(8) USE OF PROTECTIVE HEADGEAR. (a) *Off highway.* No person may operate an off-highway motorcycle on an off-highway motorcycle corridor, or be a passenger on an off-highway motorcycle that is being operated on an off-highway motorcycle corridor, without wearing protective headgear of the type required under s. 347.485 (1) (a), with the chin strap properly fastened, unless one of the following applies:

4. Operate the off-highway motorcycle on public property that is posted as closed to off-highway motorcycle operation or on which the operation of an off-highway motorcycle is prohibited by law.

5. Operate the off-highway motorcycle on Indian lands without the consent of the tribal governing body or Indian owner. Failure to post Indian lands does not imply consent for off-highway motorcycle use.

6. Operate the off-highway motorcycle at a speed exceeding 10 miles per hour, if the off-highway motorcycle is within 100 feet of a fishing shanty.

7. Operate the off-highway motorcycle at a speed exceeding 10 miles per hour, if the off-highway motorcycle is within 150 feet of a dwelling. motor vehicle, an all-terrain vehicle, a utility terrain vehicle, an off-highway motorcycle, or a snowmobile.

9. Operate the off-highway motorcycle to drive or pursue any animal except as part of normal farming operations involving livestock.

10. Operate the off-highway motorcycle in a manner which violates rules promulgated by the department. This subdivision does not authorize the department to promulgate or enforce a rule that imposes a speed restriction that is more stringent than a speed restriction specified under this paragraph.

(b) The speed restrictions under par. (a) 6. and 8. do not apply to a race or derby sponsored by a local governmental unit, by an off-highway motorcycle association, or by a similar organization that is approved by a local governmental unit if the sponsor of the race or derby marks the race or derby route or track to warn spectators from entering the route or track.

(c) 1. The distance restriction under par. (a) 8. does not apply to persons who are assisting in directing a race or derby sponsored by a local governmental unit, by an off-highway motorcycle association, or by a similar organization that is approved by a local governmental unit.

2. The distance restriction under par. (a) 8. does not apply if the person who is not operating the motor vehicle, all-terrain vehicle, utility terrain vehicle, off-highway motorcycle, or snowmobile gives his or her consent to have the person operating the off-highway motorcycle at a closer distance.

(10) OPERATION ON HIGHWAYS; LIMITED USE MOTORCYCLES.

(a) *Generally.* No person may operate a limited use off-highway motorcycle on the roadway portion of any highway unless one of the following applies:

1. Operation on the roadway is necessary to cross the roadway. The crossing of a roadway is authorized only if the crossing is done in the most direct manner practicable, if the crossing is made at a place where no obstruction prevents a quick and safe crossing, and if the operator stops the limited use off-highway motorcycle prior to entering the crossing and yields the right-of-way to any other vehicles, pedestrians, electric scooters, or electric personal assistive mobility devices that are using the roadway.

2. Operation on the roadway is necessary to cross a bridge, culvert, or railroad right-of-way. The crossing of a bridge, culvert, or railroad right-of-way is not authorized if the roadway is officially closed to off-highway motorcycle traffic. The crossing is authorized only if the crossing is done in the most direct manner practicable, if the crossing is made at a place where no obstruction prevents a quick and safe crossing, and if the operator stops the limited use off-highway motorcycle prior to entering the crossing and yields the right-of-way to any other vehicles, pedestrians, electric scooters, or electric personal assistive mobility devices that are using the roadway.

2m. Operation is on the roadway or shoulder for the purpose of crossing a bridge that is 1,000 feet in length or less if the operation is in compliance with a county ordinance adopted under sub. (21) (am) that applies to that bridge and a city, village, or town ordinance adopted under sub. (21) (am) that applies to that bridge.

3. Operation is on a roadway which is not maintained, or is only minimally maintained, on a seasonal basis for motor vehicle traffic. Such operation is authorized only during the seasons when no maintenance occurs and only if the roadway is not officially closed to off-highway motorcycle traffic.

4. Operation is on a roadway that is an off-highway motorcycle route. Such operation is authorized only for the extreme right side of the roadway except that left turns may be made from any part of the roadway which is safe given prevailing conditions.

6. The limited use off-highway motorcycle is registered for private use under sub. (3) and is being used exclusively as an implement of husbandry or for agricultural purposes. Such operation is authorized only for the extreme right side of the roadway except that left turns may be made from any part of the roadway which is safe given prevailing conditions.

7. The roadway part of the highway is blocked off for a special off-highway motorcycle event as authorized under par. (b).

(b) *Off-highway motorcycle events.* A local governmental unit may block off highways under its jurisdiction for the purpose of allowing special off-highway motorcycle events. No state trunk highway or connecting highway, or part thereof, may be blocked off by any local governmental unit for any off-highway motorcycle event. A local governmental unit shall notify the local police department and the county sheriff's office at least one week in advance of the time and place of any off-highway motorcycle event that may result in any street, or part thereof, of the local governmental unit being blocked off.

(c) *Freeways.* No person may operate a limited use off-highway motorcycle on any part of any freeway which is a part of the federal system of interstate and defense highways under any circumstances. No person may operate a limited use off-highway motorcycle on any part of any other freeway unless the department of transportation authorizes the use of limited use off-highway motorcycles on that freeway.

(11) OPERATION ADJACENT TO ROADWAY. (a) *Location of operation.* 1. 2. A person may operate an off-highway motorcycle adjacent to a roadway of a U.S. numbered highway, a state highway, or a county highway that is designated an off-highway motorcycle route or an off-highway motorcycle trail provided that the operation occurs at a distance of 10 or more feet from the roadway or such greater distance as is reasonably necessary in order to avoid an obstruction. Travel on the median of a divided highway is prohibited except to cross.

(b) *Direction of operation.* 1. Except as provided in subd. 2., a person may operate an off-highway motorcycle on an off-highway motorcycle route or off-highway motorcycle trail adjacent to a roadway only in the same direction as motor vehicle traffic in the nearest lane.

2. A person may operate the off-highway motorcycle in either direction if any of the following applies:

a. The off-highway motorcycle is being operated during hours of daylight.

b. The off-highway motorcycle is being operated during hours of darkness and the off-highway motorcycle route or off-highway motorcycle trail is located at least 40 feet from the roadway or is separated from the roadway by a head lamp barrier.

(c) *Other limitation.* A person operating an off-highway motorcycle on an off-highway motorcycle route or off-highway motorcycle trail adjacent to a roadway shall comply with the speed limits of the adjacent roadway and with rules promulgated by the department and approved by the department of transportation.

(12) INTOXICATED OPERATION. (a) *Operation.* 1. No person may operate an off-highway motorcycle while under the influence of an intoxicant to a degree which renders him or her incapable of safe operation of the off-highway motorcycle.

2. No person may engage in the operation of an off-highway motorcycle while the person has an alcohol concentration of 0.08 or more.

2m. No person may engage in the operation of an off-highway motorcycle while the person has a detectable amount of a restricted controlled substance in his or her blood.

3. If a person has not attained the age of 21, the person may not engage in the operation of an off-highway motorcycle while he or she has an alcohol concentration of more than 0.0 but not more than 0.08.

4. A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence. If the person is charged with violating any combination of subd. 1., 2., or 2m., the offenses shall be joined. If the person is found guilty of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under sub. (23) (c) 2. and 3. Subdivisions 1., 2., and 2m. each require proof of a fact for conviction which the others do not require.

5. In an action under subd. 2m. that is based on the defendant allegedly having a detectable amount of methamphetamine, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol in his or her blood, the defendant has a defense if he or she proves by a preponderance of the evidence that at the time of the incident or occurrence he or she had a valid prescription for methamphetamine or one of its metabolic precursors, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol.

(b) *Operation causing injury.* 1. No person while under the influence of an intoxicant to a degree which renders him or her incapable of safe operation of an off-highway motorcycle may cause injury to another person by the operation of an off-highway motorcycle.

2. No person who has an alcohol concentration of 0.08 or more may cause injury to another person by the operation of an off-highway motorcycle.

2m. No person who has a detectable amount of a restricted controlled substance in his or her blood may cause injury to another person by the operation of an off-highway motorcycle.

3. A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence. If the person is found guilty of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under sub. (23) (c) 2. and 3. Subdivisions 1., 2., and 2m. each require proof of a fact for conviction which the others do not require.

4. In an action under this paragraph, the defendant has a defense if he or she proves by a preponderance of the evidence that the injury would have occurred even if he or she had been exercising due care and even if he or she had not been under the influence of an intoxicant to a degree which rendered him or her incapable of safe operation, did not have an alcohol concentration of 0.08 or more, or did not have a detectable amount of a restricted controlled substance in his or her blood.

5. In an action under subd. 2m. that is based on the defendant allegedly having a detectable amount of methamphetamine, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol in his or her blood, the defendant has a defense if he or she proves by a preponderance of the evidence that at the time of the incident or

occurrence he or she had a valid prescription for methamphetamine or one of its metabolic precursors, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol.

(c) *Implied consent.* Any person who engages in the operation of an off-highway motorcycle upon the public highways of this state, or in those areas enumerated in par. (d), is considered to have given consent to provide one or more samples of his or her breath, blood, or urine for the purpose of authorized analysis as required under pars. (f) and (g). Any person who engages in the operation of an off-highway motorcycle within this state is considered to have given consent to submit to one or more chemical tests of his or her breath, blood, or urine for the purpose of authorized analysis as required under pars. (f) and (g).

(d) *Applicability of law.* The intoxicated operation of an off-highway motorcycle law applies to all of the following:

1. The operation of an off-highway motorcycle on any off-highway motorcycle corridor or any off-highway motorcycle route.

2. 3. The operation of a limited use off-highway motorcycle on a highway as authorized under sub. (10).

4. The operation of an off-highway motorcycle adjacent to a highway as authorized under sub. (11).

(e) *Preliminary breath screening.* 1. A person shall provide a sample of his or her breath for a preliminary breath screening test if a law enforcement officer has probable cause to believe that the person is violating or has violated the intoxicated operation of an off-highway motorcycle law and if, prior to an arrest, the law enforcement officer requested the person to provide this sample.

2. A law enforcement officer may use the results of a preliminary breath screening test for the purpose of deciding whether or not to arrest a person for a violation of the intoxicated operation of an off-highway motorcycle law or for the purpose of deciding whether or not to request a chemical test under par. (f). Following the preliminary breath screening test, chemical tests may be required of the person under par. (f).

3. The result of a preliminary breath screening test is not admissible in any action or proceeding except to show probable cause for an arrest, if the arrest is challenged, or to show that a chemical test was properly required of a person under par. (f).

4. There is no penalty for a violation of subd. 1. Subsection (23) (a) and the general penalty provision under s. 939.61 do not apply to the violation.

(f) *Chemical tests; requirement.* 1. A person shall provide one or more samples of his or her breath, blood, or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an off-highway motorcycle law and if he or she is requested to provide the sample by a law enforcement officer. A person shall submit to one or more chemical tests of his or her breath, blood, or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an off-highway motorcycle law and if he or she is requested to submit to the test by a law enforcement officer.

2. A law enforcement officer requesting a person to provide a sample or to submit to a chemical test under subd. 1. shall inform the person of all of the following at the time of the request and prior to obtaining the sample or administering the test:

a. That he or she is deemed to have consented to tests under par. (c).

b. That a refusal to provide a sample or to submit to a chemical test constitutes a violation under par. (h) and is subject to the same penalties and procedures as a violation of par. (a) 1.

c. That in addition to the designated chemical test under par. (g) 2., he or she may have an additional chemical test under par. (g) 4.

3. A person who is unconscious or otherwise not capable of withdrawing consent is presumed not to have withdrawn consent under this paragraph, and if a law enforcement officer has probable cause to believe that the person violated the intoxicated operation of an off-highway motorcycle law, one or more chemical tests may be administered to the person without a request under subd. 1. and without providing information under subd. 2.

(g) *Chemical tests; procedures.* 1. Upon the request of a law enforcement officer, a test facility shall administer a chemical test of breath, blood, or urine for the purpose of authorized analysis. A test facility shall be prepared to administer 2 out of 3 of these tests for the purpose of authorized analysis. The department may enter into agreements for the cooperative use of test facilities.

2. A test facility shall designate one chemical test of breath, blood, or urine which it is prepared to administer first as the primary test for the purpose of authorized analysis.

3. A test facility shall designate another chemical test of breath, blood, or urine, other than the test designated under subd. 2., which it is prepared to administer as an additional chemical test for the purpose of authorized analysis.

4. If a person is arrested for a violation of the intoxicated operation of an off-highway motorcycle law or is the operator of an off-highway motorcycle involved in an accident resulting in great bodily harm to or the death of someone and if the person is requested to provide a sample or to submit to a test under par. (f) 1., the person may request the test facility to administer the additional chemical test specified under subd. 3. or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood, or urine for the purpose of authorized analysis.

5. If a person is arrested for a violation of the intoxicated operation of an off-highway motorcycle law and if the person is not requested to provide a sample or to submit to a test under par. (f) 1., the person may request the test facility to administer a chemical test of his or her breath or may request, at his or her own expense, a reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood, or urine for the purpose of authorized analysis. If a test facility is unable to perform a chemical test of breath, the person may request the test facility to administer the chemical test designated under subd. 2. or the additional chemical test designated under subd. 3.

6. A test facility shall comply with a request under this paragraph to administer any chemical test it is able to perform.

(h) *Chemical tests; refusal.* No person may refuse a lawful request to provide one or more samples of his or her breath, blood, or urine or to submit to one or more chemical tests under par. (f). A person shall not be considered to have refused to provide a sample or to submit to a chemical test if it is shown by a preponderance of the evidence that the refusal was due to a physical inability to provide the sample or to submit to the test due to a physical disability or disease unrelated to the use of an intoxicant. Issues in any action concerning violation of par. (f) or this paragraph are limited to the following:

1. Whether the law enforcement officer had probable cause to believe the person was violating or had violated the intoxicated operation of an off-highway motorcycle law.

2. Whether the person was lawfully placed under arrest for violating the intoxicated operation of an off-highway motorcycle law.

3. Whether the law enforcement officer requested the person to provide a sample or to submit to a chemical test and provided the information required under par. (f) 2. or whether the request and information was unnecessary under par. (f) 3.

4. Whether the person refused to provide a sample or to submit to a chemical test.

(i) *Chemical tests; effect of test results.* The results of a chemical test required or administered under par. (f) or (g) are admissible in any civil or criminal action or proceeding arising out of the acts committed by a person alleged to have violated the intoxicated operation of an off-highway motorcycle law on the issue of whether the person was under the influence of an intoxicant or the issue of whether the person had alcohol concentrations at or above specified levels or a detectable amount of a restricted controlled substance in his or her blood. Results of these chemical tests shall be given the effect required under s. 885.235. Paragraphs (f) to (h) do not limit the right of a law enforcement officer to obtain evidence by any other lawful means.

(j) *Report of arrest to department.* If a law enforcement officer arrests a person for a violation of the intoxicated operation of an off-highway motorcycle law or the refusal law, the law enforcement officer shall notify the department of the arrest as soon as practicable.

(k) *Release of persons arrested.* 1. A person arrested for a violation of the intoxicated operation of the off-highway motorcycle law may not be released until 12 hours have elapsed from the time of his or her arrest or unless a chemical test administered under par. (a) 1. or 2. shows that the person has an alcohol concentration of 0.05 or less, except as provided in subd. 2.

2. A person arrested for a violation of the intoxicated operation of the off-highway motorcycle law may be released to his or her attorney, spouse, relative, or other responsible adult at any time after arrest.

(d) Paragraphs (a) to (c) do not apply to the operation of a limited use off-highway motorcycle on private property if the owner of the property has given consent for the operation and does not hold the property out to the public for use of off-highway motorcycles.

(e) Paragraphs (b) 3. and (c) do not apply to the operation of a limited use off-highway motorcycle that is operated in racing on a public raceway facility or as part of a special public off-highway motorcycle event as authorized under sub. (10) (b).

(18) ACCIDENTS. (a) If an operator of an off-highway motorcycle is involved in an accident that occurs off a highway and that results in the death of any person or in the injury of any person on public land that requires treatment by a physician, the operator of each off-highway motorcycle involved in the accident shall give notice of the accident to a conservation warden or local law enforcement officer as soon as possible. Each operator shall also file a written report of the accident with the department on the form provided by it within 10 days after the accident.

2. No person may possess any uniform off-highway motorcycle route sign or standard or any uniform off-highway motorcycle trail sign or standard of the type established by the department for the warning, instruction, or information of the public unless he or she obtained the uniform sign or standard in a lawful manner. 6. Purchase of liability insurance.

(c) *Priorities.* In providing funding for the types of projects listed in par. (b), the department shall give higher overall priority to projects for facilities and trails that are open only for use by off-highway motorcycles. In determining which off-highway motorcycle projects will be provided funding, the department shall consider all of the following:

1. The distance of a proposed off-highway project from a comparable existing project.
2. The amount of interest demonstrated by a community in developing or maintaining an off-highway motorcycle project.
3. The amount of support demonstrated by a local governmental unit in which the project will be located.
4. The number of existing trails, routes, and facilities that are open to off-highway motorcycles or that are in the process of being developed.

Summary judgment is not permitted in forfeiture actions for violations of ch. 30. The relevant procedural statutes cannot be reconciled with the summary judgment procedure. Although the parties agreed to the filing of a written answer in lieu of an appearance, such an agreement cannot provide the basis to impose upon the statutory scheme a summary judgment procedure that does not otherwise exist. *State v. Ryan*, 2012 WI 16, 338 Wis. 2d 695, 809 N.W.2d 37, 09-3075.

(1) If the defendant appears in response to a citation or a summons, or is arrested and brought before a court with jurisdiction to try the case, the defendant shall be informed that he or she is entitled to a jury trial and then asked whether he or she wishes to plead. If the defendant wishes to plead, he or she may plead guilty, not guilty or no contest.

(2) If the defendant pleads guilty or no contest, the court may accept the plea, find the defendant guilty and proceed under s. 23.78.

History: 1975 c. 365.

23.71 Not guilty plea; immediate trial. If the defendant pleads not guilty and states that he or she waives the right to jury trial and wishes an immediate trial, the case may be tried forthwith if the state consents.

History: 1975 c. 365.

23.72 Not guilty plea. If the defendant pleads not guilty the court shall set a date for trial or advise the defendant that he or she will be notified of the date set for trial. The defendant shall be released upon payment of a deposit as set forth in s. 23.66, or the court may release the defendant on his or her own recognizance. If a defendant fails to appear at the date set under this section, the court may issue a warrant under ch. 968 and, if the defendant has posted a deposit for appearance at that date, the court may order the deposit forfeited.

23.73 Discovery. Neither party is entitled to pretrial discovery except that if the defendant moves within 10 days after the alleged violation and shows cause therefor, the court may order that the defendant be allowed to inspect and test under such conditions as the court prescribes, any devices used by the plaintiff to determine whether a violation has been committed and may inspect the reports of experts relating to those devices.

History: 1975 c. 365.

23.74 Mode of trial. (1) The defendant shall be informed of the right to a jury trial in circuit court on payment of fees required by s. 23.77 (1).

(2) If both parties, in a court of record, request a trial by the court or if neither demands a trial by jury, the right to a trial by jury is waived.

History: 1975 c. 365; 1977 c. 305; 1977 c. 449 s. 497.

23.75 Proceedings in court. (1) If the defendant appears in court at the time directed in the citation or summons, the case shall be tried as provided by law.

(2) If the defendant fails to appear in court at the time fixed in the complaint and summons, judgment may be rendered against the defendant according to the demand of the complaint, or the court may issue a warrant for the defendant's arrest.

(3) If the defendant fails to appear in court at the time fixed in the citation or by subsequent postponement, the following procedure shall apply:

(a) 1. If the defendant has not made a deposit, the court may consider the nonappearance to be a plea of no contest and enter judgment accordingly or the court may issue a summons or an arrest warrant.

2. If the court considers the nonappearance to be a plea of no contest and enters judgment accordingly, the court shall promptly mail a copy or notice of the judgment to the defendant. The judgment shall allow the defendant not less than 20 working days from the date the judgment copy or notice is mailed to pay the forfeiture, plus costs, fees, and surcharges imposed under ch. 814.

(b) If the defendant has made a deposit, the citation may serve as the initial pleading and the defendant shall be deemed to have tendered a plea of no contest and submitted to a forfeiture, plus costs, fees, and surcharges imposed under ch. 814, not exceeding the amount of the deposit. The court may either accept the plea of no contest and enter judgment accordingly, or reject the plea and issue a summons. If the defendant fails to appear in response to the summons, the court shall issue an arrest warrant. If the court accepts the plea of no contest, the defendant may move within 90 days after the date set for appearance to withdraw the plea of no contest, open the judgment, and enter a plea of not guilty if the defendant shows to the satisfaction of the court that failure to appear was due to mistake, inadvertence, surprise, or excusable neglect. If a party is relieved from the plea of no contest, the court or judge may order a written complaint to be filed and set the matter for trial. After trial, the costs, fees, and surcharges imposed under ch. 814 shall be taxed as provided by law. If on reopening the defendant is found not guilty, the court shall delete the record of conviction and shall order the defendant's deposit returned.

(c) If the defendant has made a deposit and stipulation of no contest, the citation may serve as the initial pleading and the defendant shall be deemed to have tendered a plea of no contest and submitted to a forfeiture, plus costs, fees, and surcharges imposed under ch. 814, not exceeding the amount of the deposit. The court may either accept the plea of no contest and enter judgment accordingly, or reject the plea and issue a summons. If the defendant fails to appear in response to the summons, the court shall issue an arrest warrant. After signing a stipulation of no contest,

the defendant may, at any time prior to or at the time of the court appearance date, move the court for relief from the effect of the stipulation. The court may act on the motion, with or without notice, for cause shown by affidavit and upon just terms, and relieve the defendant from the stipulation and the effects thereof. If the defendant is relieved from the stipulation of no contest, the court may order a citation or complaint to be filed and set the matter for trial. After trial, the costs, fees, and surcharges imposed under ch. 814 shall be taxed as provided by law.

(4) If a citation or summons is issued to a defendant and he or she is unable to appear in court on the day specified, the defendant may enter a plea of not guilty by mailing to the judge at the address indicated on the citation or summons a letter stating such plea. The letter must show the defendant's return address. Such letter may include a request for trial during normal daytime business hours. Upon receipt of the letter, the judge shall reply by letter to the defendant's address setting forth a time and place for trial, such time to be during normal business hours if so requested. The date of the trial shall be at least 10 days from the mailing by the judge. Nothing in this subsection forbids the setting of the trial at any time convenient to all parties concerned.

(5) Costs shall not be taxed against the plaintiff.

The number of jurors shall be determined under s. 756.06 (2) (b). If no party demands a trial by jury, the right to trial by jury is permanently waived.

If the defendant failed to pay the forfeiture, the court shall determine if the defendant is unable to pay the amount specified in the judgment for good cause or because of the defendant's indigence. If the court determines that the failure of the defendant to comply with the judgment is for good cause or because of the defendant's indigence, the court may order that the amount of the judgment be modified, suspended or permanently stayed. If the defendant fails to appear before the court for a hearing under this subsection or if the court determines at the hearing that the failure of a defendant to pay the judgment is not for good cause or not because of the defendant's indigence, the court shall order one of the following:

(a) That the defendant be imprisoned for a time not to exceed 5 days or until the amount is paid, whichever is less.

(b) That the amount of the judgment be modified, suspended or permanently stayed.
